Notice

Any changes or modifications made to this device that are not expressly approved by Grohe AG may void the user's authority to operate the equipment.

The speaker is designed to be waterproof in compliance with IEC60529 IPX6. The charging base (excluding AC power plug) complies with IEC60529 IPX7.

This product complies with the radio interference requirements of the European Community.

Declaration of conformity

Hereby, Grohe AG declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. You can find the Declaration of Conformity on www.grohe.com.

Care of the environment

Disposal of your old product and battery

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

This symbol on a product means that the product is covered by European Directive 2012/19/EU.

Inform yourself about the local separate collection system for electrical and electronic products and rechargeable batteries. Follow local rules and never dispose of the product and rechargeable batteries with normal household waste. Correct disposal of old products and rechargeable batteries helps prevent negative consequences for the environment and human health.

Caution

 Removal of the built-in battery invalidates the warranty and may destroy the product.

Environmental information

All unnecessary packaging has been omitted. Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.

Trademark notice

The Bluetooth® word mark and logos are Bluetooth registered trademarks owned by Bluetooth SIG. Inc. and any use of such marks by Gibson Innovations Limited and Grohe AG is under license. Other trademarks and trade names are those of their respective owners.

About operating and storage temperatures

- Operate in a place where temperature is always between 0 and 40°C. (32 to 104°F)
- Store in a place where temperature is always between -20 and 45°C (-4 to 113°F).
- Battery life may be shortened in low temperature conditions.
