Mechanical Mixing Valves

Product description

Single-lever mixers, chrome plated brass. The sanitary tapware are equipped with water-saving aerator and type approved flexible connecting hoses.

Intended use

Basin mixer for hot and cold tap water.

Scope

BauFlow – article numbers: 23751000, 23801000, 23752000 and 23753000.

BauEdge – article numbers: 23802000, 23758000, 23759000, 23760000, 23761000 and 23757000.

BauLoop – article numbers: 23803000, 23762000, 23763000 and 23764000.

Start Classic – article numbers: 23782000, 23810000, 23783000 and 23784000.

Start Curve – article numbers: 23765000 and 23805000.

Start Edge – article numbers: 23774000, 23775000, 23776000, 23777000 and 23773000.

Start Flow – article numbers: 23769000, 23809000 and 23811000.

Start Loop – article numbers: 23778000, 23779000, 23780000 and 23781000.

Clova Classic - article numbers 24306xx0, 24307xx0 and 24308xx0

Approval

The products meet the requirements of Chapter 8, Section 4, of the “Planning and Building Act” (PBA) regarding the technical characteristics of construction works, 3. protection with regard to hygiene, health and the environment, depending on, that what is stated in this approval is followed. The products are approved according to the following section(s) of “Boverket's Building Regulations” (BBR):

Construction products with assessed properties	1:4
Tap water installations	6:62
Tap water flow	6:623, first sentence
Back flow	6:24
Design	6:625, paragraph 1 and 4

Marking

Marking must be affixed on the product or, if there are special reasons, on the packaging or the delivery note. Marking shall indicate the following information:

Holder:

Product name, and relevant article number:

Production site:

Control

The manufacturers' continuing internal control is combined with surveillance inspections conducted by an accredited Inspection Body.

Inspection Body: **Kiwa Certification AB**

Inspection agreement: **148/15 revision 5**

Factory production control shall be carried out in accordance with the current instructions for control.

During inspection at the construction site, the building proprietor must verify the identity of the product by means of the marking. Furthermore, the building proprietor must ensure that the correct products are delivered and that they are installed in accordance with the manufacturer's instructions in the accompanying documents. It must also be verified that the product is accompanied by a manufacturer's declaration that certifies that production has been carried out in accordance with the documents that formed the basis for this type approval.

The validity of the Swedish Type Approval also implies that the factory production control is carried out according to the current agreement and that the holder annually fulfils the requirement in "Boverket's regulations and general recommendations for type approval", BFS 2013:6, § 5 (TYP 7), on continuing internal control. The holder shall annually, at the latest on the 15th of December, report to Kiwa Certification AB at the e-mail address se.annualreporting@kiwa.com about continuing surveillance.
