## GROHE GRANDERA

### A COMPLETE COLLECTION FOR EFFORTLESS STYLE

Creating an atmosphere of effortless authenticity in the bathroom is easy with GROHE Grandera, and whatever the size or scope of the project there is an ideal solution to suit.

From basin and bidet mixers to showers and spectacular floor-mounted bath mixers, every element for a luxurious bathroom is covered. Whether you prefer a deck- or wall-mounted model, a concealed or exposed bath or shower mixer, each product features the same Grandera design language and carefully crafted detail. The range even encompasses XL sizes, and on all Grandera products the increased height and depth of the spout, as well as the long lever, are designed for maximum user comfort and convenience. Grandera is also available in two color options – cool Chrome, and the warmer, romantic Chrome-Gold combination – offering even more flexibility of design.

The attention to detail continues right down to the accessories, with elegantly sculpted ceramic soap dispensers, dishes and holders all part of the collection. Let GROHE Grandera add that final note of finesse to your scheme, in every last aspect.

# GROHE LINEARE

## SENSUAL MINIMALISM

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

## **A CYLINDRICAL STATEMENT**

Inviting design. The formal beauty of the cylinder and the softness of circular elements are perfectly expressed in the Concetto range. Take pleasure in the harmony and perfect ergonomics of precisely drawn lines, angles and curves. Concetto is a unique expression of pure style. A brilliant feature is the strikingly angled operating lever, subtly inviting you to reach out and touch. The space between pure aesthetics and optimum functionality is bridged brilliantly by the finish of the GROHE StarLight surfaces.

## INSPIRED BY NATURE

The bathroom should be a place where you can feel nature with all your senses. A place that reflects your sensuality and blends with your own nature. The GROHE Eurostyle turns this intuition into reality. The organic design and natural aesthetic are both pleasing to the eye and a joy to use. The result is a relaxed atmosphere where you can enjoy peace and instinctively feel at home, in a totally natural way. How inspiring.

One great advantage is the extra flexibility that comes with our system, allowing you to install the box now and decide on the final design and look later on.

## SHOWER PLEASURE TO THE POWER OF THREE

### CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

GROHTHERM SMARTCONTROL

**METAL PLATE, ERGONOMIC GRIP**

In keeping with its sleek design, the GROHE SmartControl Concealed uses premium materials. Its ergonomic buttons have a knurled grip for ease of use.

# SLIM IS THE NEW BEAUTIFUL

**43 MM TOTAL OUTREACH**

No matter what the installation depth of the rough-in is, the total height of the trim never exceeds 43 mm. The GROHE SmartControl Concealed combines space-saving convenience in the shower and slim good looks.

**THINNER WALL PLATES**

With a height of only 10 mm, its super slim design makes the GROHE SmartControl Concealed wall plate both elegant and space saving.

**HIDDEN SEALING SYSTEM**

The GROHE SmartControl Concealed has an integrated sealing system, completely eliminating water behind the wall.

**SYMBOLS CAN BE CHANGED**

The control knobs come with a range of different symbols, representing the different shower options. These symbols are clear and recognisable and their functionality distinct. They can be individually configured and also easily exchanged if required.

# GROHE THERMOSTATS

## PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

## COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet, suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

### USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50%. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

## GROHE COOLTOUCH

### SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grotherm SmartControl, 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100% GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

# GROHTHERM SMARTCONTROL

## TURN UP THE VOLUME – OR DOWN IF YOU PREFER

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow. GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button starts or stops the desired shower.

And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

# SHOWER PLEASURE TO THE POWER OF THREE

## CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

## SWITCHING SPRAYS? YOU CAN DO IT WITH YOUR EYES SHUT

Our thermostats with conventional operation are anything but conventional themselves. We designed them to be as user-friendly and intuitive as possible. Turn on the hand shower by rotating the upper control button slightly to the left. To increase the water flow and obtain a more powerful spray, simply keep turning the button further to the left. And to switch over to the head shower head, turn the control button towards the right.

Continue turning to the right to turn up the volume. Also available as 1-function model to operate a single shower or 2-function model for shower and bath fill operation.

## **THINK OF A SHOWER. ISN'T IT SIMPLY WATER DROPLETS FALLING DOWN? IT'S HARDLY ROCKET SCIENCE.**

And yet what GROHE SmartControl does with water has to be felt to be believed. It elevates the simple shower to a whole new shower experience that seems to have been made for you alone.

The intelligence of GROHE SmartControl lets you rediscover the element of water: you can surround yourself with fat, lazy droplets like a summer rain or lend form to the water to massage and soothe away the day. Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

GROHE  
SMARTCONTROL  
**COMBI SHOWER  
SYSTEM****THE BEST OF BOTH WORLDS:**

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “exceeded” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

## GROHE SMARTCONTROL CONCEALED

### THE NOT-SO-HIDDEN BENEFITS:

Space – we'd all like to have more of it, especially in the shower area, where it is often in short supply. So when you have the luxury of planning your shower from scratch, then GROHE SmartControl Concealed is a wonderful option. With its concealed installation and exceedingly slim design, GROHE SmartControl Concealed offers more space under the shower and an uncluttered clean look.

Freedom of design too: GROHE SmartControl Concealed also offers a number of design variants. It also offers additional benefits of a practical kind: cleaning becomes faster and more convenient, thanks to the flat, streamlined design.

Of course GROHE SmartControl Concealed also offers the many features shared by GROHE SmartControl Exposed and the GROHE Combi shower system: from precise and intuitive volume and temperature control, to your choice of showers sprays at the touch of a button.

# SHOWER PLEASURE TO THE POWER OF THREE

### CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

Our adjustable side showers can be calibrated to place more pressure between your shoulder blades and slightly less on your lower back – your in-shower massage service.

## GROHE RAIN O² SPRAY

A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

## ACTIVERAIN SPRAY

Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

## SMARTRAIN SPRAY

All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

## JET SPRAY

A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

## PURE SPRAY

The name says it all. A soft stream of pure water delivered from the center of the shower head – reminiscent of a fresh, mountain spring.

## ENJOY VARIETY – REJUVENATION OR RELAXATION?

Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Rain, Pure, Jet, Massage or Champagne spray – you're

guaranteed that it will be an all-over exhilarating experience. GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

## MASSAGE SPRAY

A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

## BOKOMA SPRAY

Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

## TRIOMASSAGE SPRAY

The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

## WATERFALL SPRAY

An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

## DRIZZLE SPRAY

Revitalizing cool water mist acts like a fresh sea breeze.

## CHAMPAGNE SPRAY

Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

## GROHE RAINSHOWER SMARTACTIVE

### SPREAD HAPPINESS – DESIGNED TO MAKE YOU SMILE

Start or end your day with a great shower experience, one that leaves you refreshed, relaxed and smiling. The new premium Rainshower SmartActive hand shower offers three great spray patterns. It comes in a choice of sleek, minimalist shapes and sizes and a host of color options.

Whatever the style of your bathroom you can find the perfect Rainshower SmartActive hand shower to match, making it an ideal way to update and improve your existing shower set-up. Choose between two sizes – 130 mm and 150 mm – and two chic shapes, round and square. The hand shower is available in up to eleven contemporary color options, and with either a chrome-plated or white moulded spray face.

Switch effortlessly between the invigorating Rain spray, the stress-busting ActiveMassage spray, and the Jet spray, powerful enough to rinse out shampoo or clean the shower with ease. The GROHE SmartTip controller on the back of the shower head lets you switch between spray patterns with just one click. For both Rain and Jet Sprays, the clever GROHE DripStop feature ensures not a single drip will fall from the moment you turn the shower off – just one more detail designed to put a smile on your face.

## GROHE TRIGGER SPRAYS

### MADE IN GERMANY.

Manufactured in Lahr/Germany, Tempesta-F trigger sprays combine modern timeless aesthetics with highest functionality. They are available in GROHE StarLight chrome or white finish. The Inner WaterGuide protects the outer surface and SpeedClean nozzles on the removable spray face allow for easy cleaning. The extra-strong Silverflex hose with Twistfree functionality gives additional strength to the respective sets.

Our premium Sena trigger sprays feature a strong metal body in elegant minimalist design. The matching valve closes automatically, when the spray is put back into the holder.

To meet your requirements, trigger sprays can be purchased individually or as part of a shower set – with or without a valve.

## FIRST CLASS SEATS FOR EVERYONE

Softer on the skin, more soothing and more hygienic than wiping with paper – let the GROHE Shower toilets broaden your horizons about how good your daily cleansing routine can make you feel.

## WASHING IS THE NEW WIPING.

### FORGET EVERYTHING YOU KNOW ABOUT TOILETS.

As of now, the GROHE Sensia Arena does everything better. It cleans you with warm water. It reduces unpleasant odors. It has special hygienic coatings, and powerful flushing keeps the toilet clean. It can be controlled easily and conveniently via a remote control. And its elegant design blends seamlessly into any bathroom. Step into the new age of toilets with the GROHE Sensia Arena – and enjoy that first-class clean feeling every day.

## DESIGN THAT SUITS YOUR STYLE.

### THE GROHE SENSIA ARENA SUITS ANY BATHROOM PERFECTLY.

Thanks to our sensitive intuitive design language, our products always feel as though they were designed especially for you. The GROHE Sensia Arena has received 14 design awards to date, including a Red Dot Award, an iF Design Award and a Green Good Design Award.

The GROHE Sensia Arena is intuitive. Like all our products, it's designed to make your life more attractive and, above all, simpler. So it won't just be love at first sight – you'll understand it completely at first glance.

## ENJOY A WEALTH OF BENEFITS THAT WILL FIT YOU LIKE A GLOVE

Your bathroom and toilet should feel like the cleanest space in the house! We know that to feel totally clean you need to have confidence, that your shower toilet is pristine and hygienic too. That's why every design detail has been carefully considered to offer new levels of cleanliness at every stage. Special hygienic coatings and powerful flushing keep the toilet clean while the self-cleaning, anti-bacterial spray arms give you total peace of mind when using the spray function.

### FEEL PERFECTLY CLEAN

With a selection of fully adjustable sprays, anti-bacterial twin shower arms and unlimited warm water for comfortable cleaning we offer perfect skin care.

### ULTIMATE HYGIENE

Thanks to our innovative AquaCeramic coating, rimless toilet design, and powerful Triple Vortex flush, it is hard for dirt and impurities to settle. Our HyperClean glaze reduces the buildup of bacteria by up to 99,9 %. The self-cleaning, anti-bacterial spray arms are protected behind a 99,9 % antibacterial nozzle guard for maximum hygiene. The PlasmaCluster technology removes bacteria, even those hiding in the farthest corner of the bowl or ceramic surface.

### COMFORT ZONE

With features like odour absorption, air dryer and nightlight we offer the smartest comfort.
