

A black and white advertisement for the Grohe Phantom Black faucet. The faucet is shown in a close-up, low-angle shot, set against a background of water splashing and bubbling. The faucet has a sleek, modern design with a curved spout and a single-lever handle. The Grohe logo is in the top right corner.

NEXT LEVEL COATING

GROHE PHANTOM BLACK

For anyone who is looking for an elegant darker finish. The most celebrated non-color of all is now available for your bathroom.

With Phantom Black, GROHE Professional offers a sophisticated darker color option which at the same time guarantees lasting durability.

Thanks to a lacquer-coating technique, all GROHE Phantom Black products have been enhanced to be more durable, as well as being more resistant against corrosion, fading and scratches than Matte Black variants treated with powder coating. In addition, Phantom Black is more repellent to visible fingerprints. So, they require less cleaning and are easy to take care of – perfect also for hospitality environments.

KEY BENEFITS AT A GLANCE

- lacquer-coating technology with the highest durability of all GROHE black variants more resistant against corrosion, fading and scratches
- suitable for hospitality* applications
- more resilient to fingerprints
- 5 years warranty**
- Professional Exclusive SKUs sold by GROHE to the traditional wholesale channel only
- close to RAL 9005 with very low gloss level
- extremely matte and smooth surface
- available across multiple product categories: faucets, accessories, showers and flush plates

* to ensure the durability please follow the cleaning instructions shown in this video: www.grohe-x.com/en/academy/howto/how-to---bathroom/how-to---cleaning

** may change depending on market. Please verify local warranty conditions that apply.
