UPDATE YOUR **SHOWER**

GROHE VITALIO JOY SHOWER SYSTEMS

GROHE VITALIO JOY 310 & 260

With GROHE Vitalio Joy shower systems it's never been easier to update your bathroom. Designed to be both quick and simple to install, the Vitalio Joy range is perfect for today's streamlined bathroom and comes with safety features that will keep the whole family secure. Ideal for an update that you can do yourself, the showers all have the GROHE FastFixation system with adjustable upper bracket, so you can fit your new shower to already existing holes – no noisy and disruptive drilling needed. For the whole family GROHE Vitalio Joy showers are built with GROHE CoolTouch technology, ensuring that the shower's surface is never too hot to touch, eliminating the risk of scalding. Added to its slim profile and more generous dimensions it's clear that GROHE Vitalio Joy is the perfect shower system to turn your bathroom into a revitalising, comfortable space for everyone to enjoy.

VITALIO JOY 310 SYSTEM

Don't wait a moment longer to upgrade your shower. With GROHE Vitalio Joy shower systems you can update your bathroom in no time, creating a more modern feel that's fit for the whole family, and an increased showering area for greater comfort.

A smooth, swift installation is assured thanks to the FastFixation system that uses existing drill holes to minimise disruption and work. Fitting a Vitalio Joy shower is also a safety upgrade, thanks to the GROHE Precision CoolTouch thermostat, which ensures that exterior surfaces are never too hot to touch, preventing the risk of scalding. Control is via the MetalGrip handles, designed with a wing shape on the rear for easy grip, even with wet or soapy hands.

The Vitalio Rain Mono 310 head shower puts the emphasis firmly on enjoyment. The generous dimensions give you more room to move around and guarantee great full-body coverage, with the soothing, gentle Rain Spray the perfect way to wash away the stress of the day. Or tailor your shower to your mood with three spray options to choose from on the Vitalio Joy 110 Massage hand shower, now with a cool, grey spray face. Switch between the relaxing Rain, water-saving SmartRain and the powerful, stress-busting Massage Spray. With GROHE Vitalio Joy 310 everything is so easy that you can just relax, and enjoy.

VITALIO JOY 260 SYSTEM

That sleek, safe, relaxing shower you've always wanted is within easy reach – GROHE's Vitalio Joy 260 shower systems are perfect for modern bathrooms, and can be installed in no time, and bring numerous benefits.

Upgrading to a Vitalio Joy shower system is simple thanks to the FastFixation system, using an adjustable upper bracket for stress-free, effortless installation using existing drill holes. The end result will transform your bathroom into a safer, more relaxing space that the whole family loves. The showers feature Precision CoolTouch thermostat technology, keeping the thermostat's body surfaces safe to touch, so no danger of scalding. And the ProGrip handles with textured surface ensure that the shower temperature and volume is easy to control and adjust, even with wet or soapy hands. The same design detail makes the shower glider equally user-friendly.

Practicality is more than matched by enjoyment in the Vitalio Joy 260. The large head shower offers a choice of three sprays – the soothing Rain, the refreshing SmartRain and a powerful Jet Spray, ideal for washing hair free of shampoo. The Vitalio Joy 110 Massage hand shower with a modern grey spray face also offers an indulgent choice of sprays. Switch between relaxing Rain, water-saving SmartRain and a powerful, pulsing Massage Spray. Room to move, a wealth of options to suit your mood, and the peace of mind that superior safety features bring – with Vitalio Joy 260 your ideal shower has never been more achievable.
