THERMOSTATS

PRECISE CONTROL FOR A RELEXADED SHOWER EXPERIENCE

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire.

GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50%. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

GROHE COOLTOUCH

SAFETY FIRST WITH 100% GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm SmartControl and Grohtherm 2000 feature GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

TURN UP THE VOLUME – OR DOWN IF YOU PREFER

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow. GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button

starts or stops the desired shower. And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

REAR SPRAY

Thorough yet gentle, the targeted rear spray promises precise personal cleaning. You can adjust the strength of the spray for more gentle cleaning.

PLASMA CLUSTER

Air-disinfecting technology that actively eliminates bacteria inside the bowl.

USER PROFILE MEMORY

You can save different user settings and recall them every time when you use the toilet.

TRIPLE VORTEX FLUSH

Three water outlets create a powerful vortex effect with each flush, covering and cleaning every corner of the bowl for ultimate hygiene.

GROHE MANUAL BIDET SEAT

COMFORTABLE CLEANING WITH PURE WATER – NO ELECTRICITY NEEDED

The GROHE manual bidet seat transforms a simple toilet into a comfortable, hygienic place where personal care and cleaning are second nature. Attached to a WC ceramic, the seat doesn't require electricity – instead, the spray is operated by a side lever powered only by water pressure, putting the control at your fingertips for an effective but gentle cleaning experience. No mess, no splashes and no stress. Made from hardwearing Duroplast, the seat itself creates an elegant visual addition to the bathroom.

LEFT | 39 648 SH0 | GROHE Bau Ceramic manual bidet seat

SOFT CLOSE SEAT Both seat and lid have a quiet soft close mechanism meaning no danger of trapped fingers or of damaging the material.

REAR SPRAY

Thorough yet gentle, the targeted rear spray promises precise personal cleaning. You can adjust the strength of the spray for more gentle cleaning.

LADY SHOWER

The refreshing lady shower uses a completely separate spray arm for complete hygiene. The softer, wider spray pattern is more gentle, ideal for intimate feminine areas, and the spray strength can be adjusted for complete comfort.

RETRACTABLE NOZZLES The two retractable spray arms are protected for extra hygiene.

CLEANING FUNCTION FOR SPRAY ARMS

Have confidence that the two spray arms remain germ-free, thanks to the cleaning function. Made from anti-bacterial material, the spray heads can be rinsed before and after every use controlled by the seat control lever.
