HANDS ON FEATURES
Accommodating your every wish and desire, GROHE water systems and kitchen faucets include user-centric features and ingenious details that make all the difference. More choice, more comfort and more flexibility, which is why our products are such a pleasure to use.
Dear customers,

The kitchen is the heart of the home. It’s where the family gathers, friends connect and experiences are shared. At GROHE we use our unique craftsmanship to create smart technology to effortlessly deliver water to your kitchen to cook, clean, drink and enjoy. We are dedicated to creating elegant and intelligent products that combine design, quality, technology and sustainability. With our most complete kitchen portfolio ever, we are driven by our goal to be at the heart of your home.

A perfect example of our ethos is our GROHE watersystems. Our award-winning design reflects our heritage as skilled and innovative craftsmen. At the slightest touch of a button or gentle twist of the tap, GROHE Red and Blue systems provide you with the purest filtered water, either hot or cold. Delivering fresh water into your glass or cup eliminates the need for bottled water or kettles, creating a more sustainable way to enjoy water in your life.

We know that creating fantastic food requires technology which is reliable and functional: technology with unique features and intelligent design reflecting your personal taste. This understanding has allowed us to develop GROHE’s market-leading Premium Lifestyle Collections, with clever and beautiful features like our GROHE EasyTouch or GROHE FootControl products, helping to liberate your hands in the kitchen. Or our distinctive Essence Professional Color designs, all created to encourage your culinary creativity, another addition to our comprehensive kitchen portfolio.

A passion for taste is central to what you create in the kitchen, at GROHE we aim to complement this with our passion for delivering the very best craftsmanship and engineering expertise in every one of our products. We credit this approach for the success of our Performance Lines, which deliver multiple design combinations, versatile height and installation options to allow you to create kitchens that are safer, easier and more enjoyable to use.

This unique combination of expert craftsmanship and forward-thinking innovation means we can deliver the products you need to build kitchens that are practical, reliable and beautiful: the hallmark of GROHE.

Yours, Michael Rauterkus
Chief Executive Officer
Grohe AG
QUALITY
From the first design sketch to the final product to after-sales services: Our customers can rely on our Made in Germany sense of perfectionism.

“No.1 most trusted brand in the sanitary industry” – Wirtschaftswoche, 2017

TECHNOLOGY
We constantly drive innovation to enrich your everyday water experience, delivering smart solutions on the path of the digitization of water.

“Top 50 companies to change the world” – Fortune Magazine, 2017

DESIGN
Our highly awarded design DNA’s recipe for success is simple: Merging the contemporary and the timeless into products that feel like they were designed just for you.

Over 350 design awards won since 2003

SUSTAINABILITY
Water is our passion. We care about every drop and our CSR commitment goes even beyond one element alone: We strive to protect all of our planet’s resources for future generations.

CSR Award winner of the German Government, 2017

SmartControl Kitchen puts precise control at your fingertips. Instead of a lever you start and stop the water flow by pushing the button on the spray – great for those moments when you have your hands full as it can be operated just by your wrist or elbow. To control the flow just turn the valve, changing smoothly from an eco-flow to a powerful jet.

To adjust the water temperature, turn the valve at the body gently to the left or right. The pull-out spray head design gives you great flexibility, and with this feature available in three designs and 11 attractive finishes, the perfect model for your kitchen scheme is at your fingertips, too.
GROHE
FOOTCONTROL

For kitchens where time is of the essence and convenience is a must, why not go hands-free? GROHE’s new FootControl faucets can be turned On and Off with a gentle tap of your foot on the base unit, leaving your hands free and your faucet spotless at all times. Three of our most popular faucets come with this innovative FootControl technology, or you can retro-fit the feature to any GROHE pull-out kitchen faucet. To say goodbye to germs, mess and hassle, simply tap your feet!
GROHE EASYTOUCH

Kitchens are hands-on places, where multi-tasking is a must. Why not make life easier for yourself with a GROHE touch-activated faucet? We’ve developed a choice of two innovative solutions that let you control the flow of water without using your hands, making your kitchen more hygienic, convenient and instinctive to use. GROHE faucets can be activated with a simple touch of the wrist or elbow. Leave your hands free and keep your faucet sparkling clean. Change the way you control your kitchen with just a single touch.

The kitchen is the heart of your life at home – and let’s face it, sometimes life gets messy. With GROHE’s innovative EasyTouch faucets sticky fingers won’t slow you down and cross-contamination is a thing of the past. Hidden GROHE technology lets you start and stop the flow of water with a single tap of your arm, wrist or the back of your hand, anywhere on the spout. No more greasy fingerprints or struggling to turn a lever with your elbow.
Our range of spout options let you combine comfort and convenience with great design flexibility. Our spouts come in a variety of heights, from a compact low spout for small spaces to a high spout perfect for filling pots, as well as in a choice of U, C or L-shape to perfectly suit your style. Need even more flexibility? Our spouts that swivel or feature pull-down spray heads offer extra reach, power and performance for busy kitchens.
Get some power behind your daily tasks with GROHE’s range of professional and pull-out sprays. Enjoy an increased operating radius for maximum convenience, and on many models you can also switch between two spray functions for even greater flexibility. The GROHE EasyDock function with glideflex hose ensures the spray docks smoothly back into position, and on some professional spray models GROHE EasyDock M uses a magnet to guide the spray head back into place effortlessly, every time. When your work is done enjoy the easy-clean advantage of GROHE’s SpeedClean feature – available on all pull-out sprays with two spray functions – that lets you clean limescale from the head with a simple sweep of your finger.
**PULL-OUT DUAL SPRAY**
Increases operating radius of the faucet and offers easy switching between mousseur and the spray.

grohe.com
Durable and resilient, GROHE composite sinks use quartz, the hardest part of granite, to create a seamless sink that is resistant to scratches, dents, heat and stains, for a beautiful kitchen centerpiece tough enough for any job.

Put sleek, strong, stainless steel at the heart of your kitchen with a GROHE kitchen sink. Our above-standard grade stainless steel offers great performance, crisp angles and generous capacity in a timeless, hardwearing material.

Made-to-last surfaces ranging from precious matt to shiny like a diamond. The special recipe to success lies in our long-lasting surface quality. GROHE uses state-of-the-art technology to deliver exceptional quality finishes. The physical vapour deposition (PVD) process ensures that the surface composition is three-times harder, delivering glistening gold or sophisticated stainless-steel finishes. As well as being harder, the surface is also ten times more scratch resistant, so it can be cherished for a lifetime.
OUR HIGH-END PVD TECHNOLOGY BRINGS OUR NEW COLORS TO LIFE

When it comes to a good design strategy, the choice of colors plays a vital part. But not only the color, the quality of the finish is equally important. Especially in the world of bathroom and kitchen solutions and where surfaces ought to last for a long time, excellent, highly resistant finishes distinguish good products from great ones. GROHE’s aspiration to always produce only the best drove us to choose a special technology that assures, not simply the best, most brilliant colors, but a durable coating of the highest quality. Our aim: to offer our consumers long-lasting water enjoyment. Next to the resistance of the material, it was also about the look of the color itself: we wanted to make Brushed Hard Graphite as dark grey as possible and give our golden finishes the brilliance they deserve. That was the task for our technology team. In close collaboration with the GROHE design team, they achieved exceptional results working with a great new technology: PVD.

NEW COLORS

- 000 I StarLight Chrome
- DC0 I SuperSteel

Water is the source of life, fresh, free-flowing and essential. Our range of watersystems offers a tailored drinking experience of purity and convenience that will turn water into a source of health and enjoyment in your home.
GROHE BLUE

Enjoy the benefits of fresh filtered water wherever you are. In the comprehensive GROHE Blue range you’ll find models designed for every situation – get filtered, still or sparkling water on tap in your own kitchen or select a model ideal for office and professional use. Just need filtered water in your kitchen? Then our entry-level tap is the perfect choice. All versions of GROHE Blue come with the same sleek modern design values, intuitive operation and convenience built in.

01
GROHE BLUE HOME
The superior solution for your private home with pull-out mousseur and GROHE Ondus app control.

02
GROHE BLUE PROFESSIONAL
The excellence for offices & small/medium enterprises.

03
GROHE BLUE PURE FILTER FAUCETS
The perfect choice for the entry level. Just perfectly filtered water.
CHILLED AND SPARKLING

Do you like your chilled drinking water still or sparkling? Somewhere in between? With GROHE Blue the choice is all yours. First the water is filtered to remove impurities. Then it is chilled to create that mountain-fresh taste. And when you turn on the faucet a simple twist of the handle lets you choose whether still, medium sparkling or sparkling water flows into your glass.

Fresh water tailored to your exact taste, flowing straight from the faucet - it’s as easy as 1, 2, 3. While the right hand lever on a GROHE Blue faucet mixes hot and cold water as normal, a handle on the left serves the chilled and filtered water and controls how sparkling your drinking water is, from perfectly still to bursting with bubbles.

An LED indicator in the push button changes color to let you see your chosen carbonation level at a glance - still, medium sparkling or sparkling - as well as telling you when the filter capacity has fallen below 10 % and will soon need to be changed. The water temperature can also be set to your personal taste, individually regulated to between 5 °C and 10 °C.
Our new GROHE Blue Home taps now come with a pull-out mousseur head for ultimate functionality and flexibility. Select from three contemporary tap shapes with a pull-out head, each with a hygienic mouser and two separate waterways, delivering both filtered and unfiltered water effortlessly.
FIND OUT THE WAYS IN WHICH GROHE BLUE BRINGS BENEFITS TO YOUR HOME:

Imagine drinking water fresh from a mountain spring – life-affirming, thirst-quenching, and absolutely pure. Now imagine the same health-giving, untainted water flowing directly from your own kitchen faucet. The GROHE Blue water system makes this a reality in your own home. It transforms ordinary tap water and filters it, leaving a taste as fresh and pure as nature intended.

Whatever your idea of perfect water refreshment – filtered, chilled, sparkling or all three – GROHE Blue brings it to you straight from the faucet.

TASTE

GROHE’s filters remove impurities to give water a pure, fresh taste that even beats bottled water

HEALTH & WELLNESS

removing even small particles but leaving behind precious minerals, GROHE Blue makes it easy to embrace the health-giving properties of water

CONVENIENCE

no more carrying heavy bottled water home

SUSTAINABILITY

kinder to the environment, with less waste on packaging and processing compared to bottled water
STILL, MEDIUM OR SPARKLING:
THE CHOICE IS ALL YOURS

How sparkling do you like your water? It’s all a matter of taste. GROHE Blue Home has a simple and intuitive mechanism that lets you carbonate your drinking water at the touch of a button. Deliciously cool filtered water, just the way that you – and all your family – like it.

Still waters run deep. If you prefer your water cool and still, nothing could be simpler: just push the top button. The LED lights up blue and your glass fills with pure refreshment.

Sparkling – but not too much? More of a medium sparkling? Coming right up. Press both buttons in sequence – the LED lights up turquoise – to produce a finely pearled stream of water.

Sparkling water, alive with bubbles. If that’s your idea of thirst-quenching heaven, just press the lower button – the LED lights up green – for your perfect glass of water.
HEALTHIER LIVING FROM THE SOURCE

Water is the most precious and fascinating element on earth, the source of life itself, with proven benefits for our health, wellbeing and even appearance. The “Deutsche Gesellschaft für Ernährung” (German Nutrition Society) recommends that we drink at least two litres of water each day.

Many of us opt to buy bottled water, either because it tastes better than tap or because we believe it is healthier than tap water. However scientific analysis has proved that, due to strict regulations and controls on our drinking water supplies, tap water is at least as good as bottled.

Another reason people spend a small fortune on bottled water is the preference for sparkling water. Now GROHE Blue delivers all the benefits of bottled water, straight from the faucet. It provides a great taste, plus the option of sparkling water too. This makes GROHE Blue the ultimate solution, not just for good health but for great taste as well.

CONVENIENCE ON TAP

Think for a moment about the energy and hassle it takes to keep a supply of bottled water on hand at home. You have to buy it from the supermarket, then lug it from the car to your house. Once there you have to find space to store it out of sight. And when you’ve finished it you have to return or recycle the plastic bottles, before starting the whole process again.

By installing a GROHE Blue system in your kitchen you can say goodbye to the hassle and inconvenience of bottled water with no compromises on taste or health. Just turn the faucet and enjoy an unrivalled refreshment experience. What could be easier than that?

WATER NEEDN’T COST THE EARTH

It takes an astonishing 7 litres of water to produce a single litre of bottled mineral water. Not to mention the energy used, CO₂ emissions created and the 1.5 million tons of plastic packaging used by the industry each year.

At GROHE we are always working to secure the future of water, our most precious natural resource. This is the driving force behind the development of such products as GROHE Blue, which help people manage their water and energy consumption with ease.
GROHE BLUE
BWT FILTER TECHNOLOGY

The most precious resource in the safest hands.
Tap water is now transformed into safe, pure refreshment, using the innovative GROHE Blue Ultra-Safe product range. GROHE Blue Ultra-Safe filters the water with technology supplied by BWT and then cools it down to the ideal temperature for you to enjoy. The GROHE Blue Ultra-Safe filter removes bacteria and purifies the water by taking out chlorine and other unwanted substances to ensure the safest and freshest drinking experience.

GROHE BLUE
ULTRASAFE FILTER DETAILS
Proposition:
Improvement of Water Quality

GROHE BLUE
PURE FILTER FAUCETS

PURE TASTE, PURE ENJOYMENT

Add great taste to your kitchen, effortlessly, with a GROHE Pure Blue Filter faucet. GROHE Blue Filter faucet technology turns tap water into great-tasting filtered drinking water, removing chlorine and other impurities that can impair taste. Separate internal waterways keep filtered and unfiltered water separate at all times. The GROHE filter fits easily under your sink, and the faucet still offers all the usual functionality of a standard kitchen faucet. Put pure, refreshing, filtered water at the heart of your kitchen with a GROHE Blue Pure faucet.
EACH GROHE BLUE PURE FILTER FAUCET CONTAINS:

GROHE BLUE ACCESSORIES

Make the most of having delicious chilled, filtered water on tap with our range of GROHE Blue Accessories. From replacement filters for all GROHE Blue faucets, to CO₂ cartridges for GROHE Blue chilled and sparkling, plus our own range of branded GROHE water glasses and carafe, you’ll find all you need to enjoy your seamless supply of cool, fresh drinking water in your home.
If you live in a soft-water area, the activated carbon filter is right for you. It improves the taste but leaves the carbonate levels in the water untouched.

For the best taste and health benefits, the magnesium+ filter is the ideal choice. It adds up to 35 mg magnesium to each liter of water, helping you get enough of this essential mineral while delivering the best tasting tea and coffee possible.

S, M & L-SIZE FILTER
The S, M & L-size filters use a 5-step filtration process to remove even the slightest trace of impurities from the water – while retaining all the important minerals that benefit your health. The filter also fulfills another essential function: By filtering out limescale it ensures that the cooler can perform perfectly over its long lifetime.

THE INDIVIDUAL CHOICE OF FILTRATION FOR PERFECT TASTE

For our GROHE Blue system we have worked with BWT, Europe’s leading filtered water professionals, to ensure that our system produces an unparalleled, refreshing drinking experience. Our high-performance filters apply a 5-step filtration process to remove even the smallest particles from tap water, while leaving behind all the important minerals that benefit your health and provide pure taste.

The reinvention of a legend brings design flair and innovative operation to your kitchen – the new GROHE Zedra. With an elegantly fluted zinc body, the Zedra offers intuitive, tactile operation and great features such as lead and nickel-free water flow. The pull-out spray is ideal for rinsing veg or the sink itself – you can select from three spray types according to the job in hand – while water consumption is reduced by up to 75% without compromising performance. When finished, it retracts easily into place thanks to the Magnetic Docking system. The range has a model to suit every need, from a SmartControl version to a pillar faucet with filter. Available in two finishes, this sleek, sophisticated faucet puts you in control.

The pared back, carefully considered lines of the new GROHE Atrio create a modern icon for the kitchen. With a slim brass body and sculptural cross handles, it will add architectural style to your scheme. Its high, swivel spout leaves lots of space for filling large pots and creates a more flexible working area, with smooth, precise volume and flow control guaranteed. Available in three durable and desirable finishes – Chrome, SuperSteel and Brushed Hard Graphite – this elegantly minimalist design is a future kitchen classic.
GROHE EUROCUBE

Make a statement with GROHE’s Cubist masterpiece. The Eurocube’s strong lines and solid, architectural shape is perfect for modern kitchens where design is at the forefront. From the lever’s cut-out detailing to the new professional-grade features, this is a faucet for those who are both style conscious and serious about their cooking.

GROHE EUROSMArt

Create a kitchen that the whole family can take pleasure in with the new GROHE Eurosmart. Effortless control, unrivalled performance and temperature-safe operation combine in a sleek contemporary design. The solid cylindrical body, the elegant curve of the spout – the new Eurosmart range looks great while offering huge versatility. In a variety of two heights, with a useful swivel spout and the option of our water-saving GROHE EcoJoy feature or the energy-saving cold-start cartridge GROHE SilkMove ES, Eurosmart is bound to fit in with your busy family kitchen.

Take your kitchen to the next level with the new Eurosmart pull-out kitchen faucet. Equipped with the basic features of Eurosmart and adding a functional pull-out dual spray, Eurosmart pull-out will help you do your daily kitchen tasks with just tip of your finger. The pull-out dual spray gives you a greater operating radius of the faucet while offering easy switching between two sprays. The EasyDock mechanism guarantees easy retraction and smooth docking for your spray head, every time. Eurosmart pull-out comes with a shiny chrome surface or a matt SuperSteel finish to fit your kitchen perfectly.

Water is used for cooking the world over. We need running water in the kitchen up to 90 times each day. We take it so much for granted that we often don’t think of water when we hear the word ‘kitchen’. We think of well-filled refrigerators, aromas wafting from the oven and of tables laid ready for dinner. But we forget what works hardest in the kitchen: the kitchen faucet. Something that is used this frequently must be durable – and since kitchens are increasingly becoming living spaces, it also has to look good. That’s why ergonomics, functionality, aesthetics and durable finishes are so important in GROHE kitchen faucets.
Classic design reinterpreted for today’s kitchen – Costa L takes the classic Costa design and adds solid metal handles and long-life parts for a look and function that’s designed to be durable.

Add up how much time you spend at your kitchen sink. Filling pots, preparing veg, washing up after a big meal. It’s a place you will stop at countless times each day, so why not choose a sink that exceeds your needs in terms of quality, design and features?

GROHE sinks have been designed to fit every type of kitchen scheme, with a range of innovative, modern designs perfect for your space. You can choose between a sleek, hardwearing stainless steel model or a super-durable composite available in two contemporary colors. You will find compact models with integrated drainers, large double sinks for when you need to spread out, and chic built-in sinks that fit flush to your worktop.

With features like the GROHE QuickFix system and reversible designs as standard, you can have your new GROHE sink installed in minutes with no fuss or hassle. We are also confident that you will love the special features on offer, like the automatic waste that means never plunging your hand into dirty water again. Thanks to GROHE Whisper technology you can even be sure that this will be your quietest sink ever – for composite sinks the material itself reduces the noise from water flow and for GROHE stainless steel sinks special integrated insulation achieves the same effect. With a sink from GROHE you’ll notice the difference, making every time you use your sink less of a chore.
Everything about the GROHE range of sinks has been designed for a perfect fit - with your faucet, with your kitchen, with your lifestyle. All of the sinks have been designed to be paired effortlessly with our kitchen taps and watersystems, both in terms of design and practicality, with comfortable proportions and no splashing.

Whatever the design of your kitchen you will find a GROHE sink that complements it beautifully. You can choose between a sleek, hardwearing stainless steel model or a super-durable composite available in two contemporary colors, both perfectly matched to new GROHE color options. The range includes topmount models, flush-mounted, under-mounted and flat-edge models, with numerous different designs, from timeless to crisply minimal. Whether you are kitting out a compact kitchen or looking for a centrepiece sink for your island unit, GROHE has a model that is just right, and at a price point that suits.
GROHE’s reputation for quality of course extends to every sink in our range. With steel thicknesses ranging from 0.6 mm on the entry price segment to 1 mm on the premium ranges, each stainless steel sink uses steel above industry standards, and our patented brushing process creates a super-smooth surface that is easy to clean. Our composite sinks produced in a special computer-controlled casting process use 80% quartz mixed with acrylic resin for a super hardwearing material offering supertative durability and function, with smooth pore-free surface that is resistant to heat, dents, scratches and stains, hygienic and easy to clean. For additional reassurance, each GROHE sink comes with a five year warranty, just like our faucets.
We can’t claim to make washing up a joy, but thanks to the smart, useful features of every GROHE sink, we certainly believe that we can make your sink somewhere you are happy to spend some time. With a GROHE sink, cleaning is easier, draining the bowl can be done remotely, and even the sound of the water running is minimised. Just select your ideal size and style – installation is effortless and the benefits speak for themselves.

**FEEL THE BENEFITS**

**INNOVATIVE FEATURES, FINISHES AND FUNCTIONS**

We can’t claim to make washing up a joy, but thanks to the smart, useful features of every GROHE sink, we certainly believe that we can make your sink somewhere you are happy to spend some time. With a GROHE sink, cleaning is easier, draining the bowl can be done remotely, and even the sound of the water running is minimised. Just select your ideal size and style – installation is effortless and the benefits speak for themselves.

**Overflow**
The overflow, available on all GROHE sinks, avoids any spillage of water in case the faucets are inadvertently left open. The perimetric solution available on some models improves the look, thanks to its squared-out and essential shape.

**Pre-punched faucet holes**
Many models come with pre-punched faucet holes, meaning no additional tools are required and some sinks are reversible and can be installed as either left- or right-handed option.

**Spacious bowls**
All GROHE kitchen sinks feature spacious bowls meaning you have lots of room to maneuver and enough space for washing large pots with ease. Thanks to our innovative manufacturing technique, all of our stainless steel sinks offer a generous depth of min. 16 cm while the innovative computerized casting technique allows our composite sinks a generous depth of even at least 20 cm.

**Waste fitting with remote control**
GROHE sinks are equipped with a 3.5” waste fitting and practical strainer plug that prevents solids and leftovers from flowing away with the waste water. The steel cap available on some models adds elegance to the bowl and hides any residue collected in the underlying basket.

**Water drainage**
Drainage from the bowl’s base and drainers is an important feature, always well cared for on GROHE sinks. In the squared-out, flat-bottomed sinks, good drainage is ensured by the elegant diamond-shaped creases that make the water flow away more easily.

**Siphon included**
For a quick and hassle-free installation each sink comes with an under-sink siphon complementing the scope of delivery and guaranteeing an ALL IN ONE solution.
GROHE STAINLESS STEEL SINKS

INNOVATIVE FEATURES

AND MOUNTING TYPES

Customize your kitchen space by choosing the perfect GROHE sink for you. The range includes 1 or 2 bowl options. Make it your very own central kitchen hub with our accessories – perfectly matching our sinks for your ultimate comfort.

We are also confident that you will love the special features on offer, from the noise-reducing GROHE Whisper insulation to the automatic waste that means never plunging your hand into dirty water again. With a sink from GROHE you’ll notice the difference, making every time you use your sink less of a chore.

GROHE StarLight

All GROHE sinks use stainless steel graded above the industry average, so you can be confident of their quality and durability. Our innovative brushing technique means that the sparkling steel surface is ultra smooth for easier cleaning.

GROHE QuickFix

Install your sink swiftly and easily thanks to the GROHE QuickFix system (kit supplied). With two pre-punched faucet holes most of our sinks are easily reversible, giving you the flexibility you need for any design scheme.

GROHE Whisper

Shhh! A special insulation on the underside of the sink means that noise from running water and handling pots and pans is reduced to a minimum.

MOUNTING TYPES

Topmount

Traditional built-in with a vertical 8 mm edge.

Flat-edge

An original edge with an inclined 3 mm high profile, matching an extreme elegance with the ease of installation.

Undermount

Sleek and contemporary, ideal for installation under the worktop.

Flush-mount

The product is sunk 1,5 mm deep recess making it perfectly flush with the worktop. Alternatively, it can be installed on the worktop.

GROHE COMPOSITE SINKS
INNOVATIVE FEATURES, FINISHES AND MOUNTING TYPES

Customize your kitchen space by choosing the ideal GROHE sink for you. Our K-series range of composite sinks covers every size, configuration and price point, so you’re sure to find your perfect fit. The range includes round and square models in two different colors – Granite Black and Granite Grey. Select from 1, 1.5 or 2 bowl models, with or without and integrated drainer, with dimensions suited to kitchens from the spacious to the compact. Plus choose between a neat top-mounted model or a sleek, minimalist under-mounted version which sits under the worktop.

FINISHES

QUARTZ COMPOSITE
Your sink can cope with the daily demands of even the busiest kitchen thanks to our innovative composite material. Using 80 % quartz – the hardest part of granite – mixed with acrylic resin, GROHE composite sinks are the toughest around. This hardened composite material is resistant to scratches, dents, stains, cracks and heat up to 280 °C. The smooth surface is easy to clean and 100 % food safe for total peace of mind.

Each GROHE composite sink is produced using a computerized polymerization casting process which guarantees a seamless finish and total uniformity of color throughout. What’s more, the composite won’t fade in UV light, meaning its certain to stay looking as good as the day you bought it.

Non fading in UV-light
Let the sunshine in! Our composite material won’t fade in UV light, keeping your sink looking pristine and the color-true.

Easy to clean
Your composite sinks is easy to keep clean so you will be able to enjoy its flawless finish for years to come.

Spacious bowls
All GROHE composite sinks feature seamless bowls with a generous depth of at least 20 cm maximizing space for washing large pots and filling vases with ease.

Heat resistant up to 280 °C
Never hesitate to put down a hot pot again – GROHE composite sinks are heat resistant up to 280 °C for great durability.

Stain resistant
Because your sink has to be practical as well as beautiful, GROHE composite sinks are stain resistant for long-lasting good looks.

100 % food safe
Enjoy total confidence in using your kitchen your way – GROHE composite sinks are 100 % food safe, making prep easy and hygienic.

MOUNTING TYPES

Topmount
A traditional built-in look with a vertical 8 mm edge. Installation is with clips (except for models 31653, 31654, 31655 and 31648 - silicone only).

Undermount
Installed under the worktop for a sleek, contemporary look.

Waste fitting for easy handling
Thanks to the automatic waste your hands will stay clean and dry. For even more convenience, upgrade your sink with the stylish push-excenter (see page 166/167).

Scratch-proof
Putting practicality first – made only from solid composite, these sinks are scratch-proof for a longer life.

GROHE QuickFix
Install your sink swiftly and easily thanks to the GROHE QuickFix system (kit supplied). With pre-punched faucet holes most of our sinks are easily reversible, giving you the flexibility you need for any design scheme.

GROHE Whisper
Shhh! GROHE sinks reduce noise from running water and handling pots to a minimum, thanks to the dense mix of quartz and acrylic in our composite sinks.
