MASTERPIECE OF **TECHNOLOGY**

GROHE RAPIDO SMARTBOX SYSTEM

THE UNIVERSAL SOLUTION FOR THE NEEDS OF TOMORROW

new

TWO-HANDLE THERMOSTATS
More space and more control with our new thermostats

SMARTCONTROL
Ultimate and intuitive control of every shower function, space-saving and slim design

new

SINGLE-LEVER MIXERS
Simple to operate, control up three functions with our new mixers

DISCOVER ENDLESS POSSIBILITIES

With its universal solutions, our GROHE Rapido SmartBox System is the answer for everything. Never before has a rough-in from GROHE offered so many different options and so much flexibility and freedom. And with the GROHE Rapido SmartBox System you can install the box now and decide on a trim in the future.

MOVING TO THE NEXT LEVEL WITH OUR **MASTERPIECE OF TECHNOLOGY**

Our GROHE Rapido SmartBox System: never before have we managed to compress so much technology into such a small space. No wonder our GROHE Rapido SmartBox System represents such a remarkable advancement for our customers. For installers, that means truly universal solutions, with one rough-in that fits all plates and that runs up to three shower functions and a range of ingenious features for ultimate efficiency of installation. For planners, that means more space and more flexibility than ever before, coupled with beautiful design. Our new GROHE Rapido SmartBox System: pure genius, reduced to the max.

SLIMMED DOWN DESIGN FOR MORE SPACE IN THE SHOWER

GROHE SMARTCONTROL

NEW TWO-HANDLE
THERMOSTATS

43 mm

43 mm

Creating a beautiful area for bathing and showering can often be a challenge, since the space available is frequently very limited. The GROHE Rapido SmartBox System offers the luxury of extra space thanks to our super slim trimsets. One great advantage is the extra flexibility that comes with our system, allowing you to install the box now and decide on the final design and look later on.

THAT'S THE BEAUTY OF CONCEALED TECHNOLOGY

MORE TO IT THAN MEETS THE EYE: THE ADVANTAGES OF CONCEALED TECHNOLOGY

Space – we'd all like to have more of it, especially in the shower area. With its hidden installation, GROHE Concealed technology offers more space under the shower, without compromising on functionality or comfort.

A wide selection of suitable trimsets and showers ensures that the style chosen for the bathroom extends seamlessly into the shower area. And seen from a practical angle, the slim, streamlined design makes cleaning faster and more convenient.

GROHE SmartControl Concealed promises perfect shower control and is remarkable for its exceedingly flat design and clean, uncluttered look.

Our two-handle thermostats too are compact and space-saving, blending precise performance with a sleek, minimalistic appearance.

Or take our single-lever mixers: a choice of models offering control of one, two or three functions and a range of stylish designs.

YOUR UNIVERSAL SOLUTION

GROHE RAPIDO SMARTBOX

- One rough-in runs up to three shower/bath filler functions with just one trim
- Efficient piping thanks to bottom inlets
- Wall plates adjustable by six degrees
- Only 75 mm minimum installation depth
- Optional service stops for retrofit applies to all thermostats and SmartControl mixers
- Always compliant with retrofit backflow protection unit for 2-function products
- Easy job-side mounting, no bench vice needed

GROHE SMARTCONTROL

- Control up to three shower functions for a better shower experience
- Intuitive operation and perfect control of water volume through SmartControl
- Concealed technology and elegant super slim design – 43 mm – for more space under the shower

TWO-HANDLE THERMOSTATS

- New trim range in round, square and cube style
- Concealed technology and elegant super slim design – 43 mm – for more space under the shower
- 1-function and 2-function models available with GROHE AquaDimmer

SINGLE-LEVER MIXERS

- New trims in coordinated design for all GROHE bath lines
- 1-, 2- and 3-function models
- Slim wall plates with GROHE QuickFix System and slim diverters

DESIGNED FOR ULTIMATE CONTROL: SMARTCONTROL

and always to hand

2. DISCOVER A **UNIQUE LEVEL OF RELAXATION:** THE GROHE PURERAIN SPRAY

GROHE PureRain spray for a soft, refreshing shower

3. **POWERFUL** AND REVITALISING: THE GROHE ACTIVERAIN SPRAY

NEW! GROHE ActiveRain
to wash out shampoo and
revitalise skin and scalp

TURN UP THE VOLUME – OR DOWN IF YOU PREFER

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow.

GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button starts or stops the desired shower. And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

ALL PUSH VALVES WITH VOLUME CONTROL

JUST ONE ROUGH-IN AND ONE TRIM NEEDED

SHOWER PLEASURE TO THE POWER OF THREE

POWERFUL

Put power at your fingertips. Starting with a vigorous spray to rinse away shampoo. Increase the volume for a concentrated jet spray to massage away the stress of the day.

RELAXING

All the control you need for ultimate relaxation – choose a soft and refreshing rain shower or turn the volume all the way up for a summer downpour.

FLEXIBLE

Simply turn up the water flow to get just the right amount. From delicate spray to refreshing shower – for seamless flexibility.

METAL PLATE, ERGONOMIC GRIP

In keeping with its sleek design, the GROHE SmartControl Concealed uses premium materials. Its ergonomic buttons have a knurled grip for ease of use.

SLIM IS THE NEW BEAUTIFUL

43 MM TOTAL OUTREACH

No matter what the installation depth of the rough-in is, the total height of the trim never exceeds 43 mm. The GROHE SmartControl Concealed combines space-saving convenience in the shower and slim good looks.

THINNER WALL PLATES

With a height of only 10 mm, its super slim design makes the GROHE SmartControl Concealed wall plate both elegant and space saving.

HIDDEN SEALING SYSTEM

The GROHE SmartControl Concealed has an integrated sealing system, completely eliminating water behind the wall.

SYMBOLS CAN BE CHANGED

The control knobs come with a range of different symbols, representing the different shower options. These symbols are clear and recognisable and their functionality distinct. They can be individually configured and also easily exchanged if required.

**43 MM
SLIM
DESIGN**

GROHE SMARTCONTROL FEATURES AT A GLANCE

**OUR TWO-HANDLE
THERMOSTATS:** YOU'LL WARM
TO THEM IMMEDIATELY

new

SWITCHING SPRAYS? YOU CAN DO IT WITH YOUR EYES SHUT

Our new thermostats with conventional operation are anything but conventional themselves. We designed them to be as user-friendly and intuitive as possible. Turn on the hand shower by rotating the upper control button slightly to the left. To increase the water flow and obtain a more powerful spray, simply keep turning the

button further to the left. And to switch over to the head shower head, turn the control button towards the right. Continue turning to the right to turn up the volume. Also available as 1-function model to operate a single shower or 2-function model for shower and bath fill operation.

FLEXIBLE

Turn to the left
to turn up the volume
for the hand shower

RELAXING

Turn to the right
to turn up the volume
for the head shower

METAL PLATE, ERGONOMIC GRIP

The surface of the buttons is silky smooth to the touch. To ensure that soapy hands can still get a good grip, there is a hidden hollow at the base of each button. Beautiful to look at, easy to operate.

SLEEK SPACE-SAVER

Designed and engineered for more comfort, convenience and space, our new two-handle thermostats look deceptively simple. The exceedingly narrow plates, with a width of just 10 mm, and the slim design of the controls ensure that the overall outreach is a mere 43 mm. All our two-handle thermostats offer this combination of good looks and extra space.

**43 MM

SMOOTH OPERATOR:
OUR SINGLE-LEVER MIXERS

new

OUR MIXER WITH **3-WAY DIVERTER** – JUST HAVE IT YOUR WAY

Beautiful and streamlined design provides the setting for our single hand mixers. But the three-way diverter stands out for sheer elegance of function. The top handle has three positions. Rotating it allows you to choose, for example, between a powerful jet spray, a relaxing rain

shower and a hand shower. Or between a head shower, a hand shower and a bath filler. The bottom handle offers comfortable temperature control – turn to the left for warm, to the right for cold – whilst raising the handle controls the volume of water.

OUTSTANDING WITHOUT STANDING OUT

Our single-lever mixers perform outstandingly, offering comfortable and intuitive control. GROHE single lever mixers are designed for functionality and for stylish streamlined looks: the plates themselves are a mere 10 mm thin. And the automatic two-way diverter has an outreach of only 43 mm, independent of rough-in installation depth.

SLIM
DESIGN

NEW SINGLE-LEVER MIXERS FEATURES AT A GLANCE

new

Slim design, **all plates 10 mm high***

YOUR UNIVERSAL ROUGH-IN
FOR MORE FREEDOM AND FLEXIBILITY
GROHE RAPIDO SMARTBOX

ONE CAN DO THE JOB OF TWO

ROUGH-IN WITH THREE OUTLETS

With three outlets for a wider range of shower options, the GROHE Rapido SmartBox can take on the job where two rough-ins are normally needed. Which is a huge savings in work and effort.

ALL PORTS WITH 1/2 INCH STANDARD

The GROHE Rapido SmartBox makes adapters practically redundant. It has 1/2" connections, made to fit all standard pipes. Where other rough-ins with 3/4" outlets are made to fit the exception not the rule, the GROHE Rapido SmartBox is designed to fit 90% of all pipes. Smart, isn't it?

EFFICIENCY FROM THE BOTTOM UP

BOTTOM INLETS FOR EFFICIENT PIPING

Efficient piping leads to efficient installation. The GROHE Rapido SmartBox comes with bottom inlets, enabling a direct connection to the hot and cold water supply. That makes 90° fittings a thing of the past. Why take a detour when you can take the direct route?

NO 90°
FITTINGS
NEEDED

BOTTOM
INLETS

SWEATING THE SMALL STUFF MADE EASY

SUBSEQUENTLY ADJUSTABLE UP TO SIX DEGREES

Doing a perfect job comes down to getting even the smallest detail perfect. And once a job is finished, it's usually hard to adjust mistakes. Not with the GROHE wall plates. They can be subsequently adjusted by up to six degrees – thanks to slotted holes in the function unit – to allow for perfect alignment with tiles and tile joints. No drilling, no risk of damage. Just a job well done.

Whether you are installing GROHE SmartControl, GROHE single lever mixers or GROHE two-handle thermostats, they all offer this small, but all-important advantage.

**SUBSEQUENTLY
ADJUSTABLE**

**COMES WITH
ALL TRIM TYPES**

A NEAT SOLUTION: BACKFLOW PROTECTION FOR RETROFIT

In Europe, every combination with an integrated bath-fill and an overflow unit must conform to the EN 1717 standard, to protect drinking water from contamination. With a simple but clever backflow protection device, the GROHE Rapido SmartBox can be retrofitted to conform to the EU standard. This feature is available together with 2-function trims for retrofit (mixer and thermostat)

INTEGRATED
BATH-FILL AND
OVERFLOW UNIT

ALL YOU NEED FOR RETROFITTING

SERVICE STOPS FOR RETROFITTING

With its optional service stops for retrofit, the GROHE Rapido SmartBox gives you full control over the water supply in just a few steps. In case of maintenance work, each outlet in the building can be closed directly and separately – a clear advantage especially in hotels and apartment buildings. Service stops are available as a retrofit option for the basic rough-in and are easily exchangeable.

BACKFLOW
PROTECTION
DEVICE

SERVICE
STOPS FOR
RETROFIT

SIMPLER INSTALLATION: AN IN-DEPTH LOOK

FITS IN EVERY WALL – EVEN THIN ONES

With an installation depth of only 75 mm, the GROHE Rapido SmartBox fits into every kind of wall, even particularly narrow ones. And it can be installed faster and more easily into brick walls.

THE ROUGH-IN THAT'S ALWAYS ON THE JOB

EASY JOB-SIDE MOUNTING – LEAVE THE BENCH VICE AT HOME

GROHE Rapido SmartBox is the smart innovation that enables fast and easy installation of rough-ins. Thanks to brass outlets, which are readily accessible, the rough-in can be mounted using an adjustable spanner or pipe wrench, allowing for efficient, on-site installation.

**ONLY 75 MM
INSTALLATION
DEPTH**

**ONLY PIPE
WRENCH
NEEDED**

MORE FEATURES AT A GLANCE GROHE RAPIDO SMARTBOX

THE MORE YOU KNOW, THE MORE YOU'LL LOVE IT.

The GROHE Rapido SmartBox has a multitude of well thought through features. If you take a little time to become acquainted with them, you'll quickly realise how the GROHE Rapido SmartBox will enable you to work more efficiently and effectively.

We gave the GROHE Rapido SmartBox its name for a reason: it is full of clever innovations and able to adapt to every one of your projects. Combine it with any GROHE trim set for a doubly smart solution. Find out more about the many clever details of this rough-in and how to combine it with the range of add-ons.

ROUGH-IN SHIPMENT

Build-in box for fixing, sealing and noise isolation

MORE BENEFITS FOR YOU WITH THE GROHE RAPIDO SMARTBOX SYSTEM

MORE BENEFITS FOR INSTALLERS

Greater choice and flexibility

- Range of functions:
 - SmartControl
 - Single-lever mixers
 - Two-handle thermostats
- Fits over 170 different GROHE plates
- Range of design options

Makes planning easier

- Universal solutions with just one rough-in
- Install now, choose mixer and design later

Satisfies every customer requirement

- Controls up to nine different shower functions

Fast and efficient installation

- Install just one rough-in and one trim to run up to three functions

- Bottom inlets – no need for 90° fittings
- Job-side mounting, no bench vice needed
- ½" connections, made to fit all standard pipes
- Fits even in thin walls, 75 mm minimum installation depth
- Service stops and backflow protection combination for easy retrofitting
- Subsequently adjustable by six degrees for perfect alignment

The answer for every project

- Universal solutions, suitable for residential, hotel and public projects

Quality you can trust

- Conforms to all major international standards
- Proven GROHE concealed technology and design

MORE BENEFITS FOR ARCHITECTS AND PLANNERS

More space to design

- All trims with super slim profile
- Wall plates only 10 mm thick
- Small plates – all trims only 158 mm square or in diameter

More freedom and flexibility to plan

- Install now, choose mixer and design later
- Wide range of design options that match all bathrooms

Satisfies every customer requirement

- Covers up to nine different shower functions

Quality you can trust

- Conforms to all major international standards
- Proven GROHE concealed technology and design

Universal application

- Suitable for all projects: residential, hotel and public

MORE BENEFITS FOR RETAILERS

More efficiency for the business

- One rough-in delivers 25 installation options
- One single GROHE Rapido SmartBox fits over 170 GROHE trim sets

Reduce storage

- Stock just one rough-in to maximise shelf space

MORE BENEFITS FOR YOUR CUSTOMERS

Perfect look and design

- Concealed technology for a streamlined, modern bathroom
- Small, minimalistic plates – all trims only 158 mm square or in diameter

Wide choice

- Extensive range of different designs, shapes and colours
 - SmartControl available in round and square and in a choice of finishes
 - Single-lever mixers that match all GROHE faucet lines
 - Two-handle thermostats, available in round, square and cube

More freedom under the shower

- Super slim plates – just 10 mm thick – for more space
- Just one rough-in and one trim set needed to run three shower functions – for a unique shower experience

Perfect control

- Intuitive control of shower functions
- Precise control of temperature and water flow

Upgrades made easy

- Simple replacement of a one hand mixer with a SmartControl trim when renovating

Comfort and convenience

- Concealed technology and minimalistic trims make cleaning easier and faster

Trusted quality

- Made in Germany
- All plates metal

A PANORAMA VIEW
OF **OUR RANGE**

GROHE SMARTCONTROL ROUND OR SQUARE?

GROHE SmartControl Concealed comes in two different forms – round and square. It is also available in a wide range of beautiful colours and stylish finishes. For example, classic chrome and, for a subtly elegant design statement, moon white acrylic glass. Each variant fits perfectly to its matching GROHE design line.

See next page for further colour options.

GROHE SMARTCONTROL OVERVIEW

To order the coloured versions, replace the second and third last digits with the colour codes listed below (with the exception of MoonWhite, LS0, which begins with a different SKU).

Colour options:

- 00 | StarLight Chrome
- LS | MoonWhite
- DC | SuperSteel
- AL | Brushed Hard Graphite

Colour options available from 05/19:

- GL | Cool Sunrise
- GN | Brushed Cool Sunrise
- DA | Warm Sunset
- DL | Brushed Warm Sunset
- AO | Hard Graphite
- BE | Polished Nickel
- EN | Brushed Nickel

GROHE SINGLE-LEVER MIXERS: THREE STAGES OF CONTROL

new

Our single-lever mixers offer three different options for shower enjoyment: one shower function, two functions and our brand-new development, with three functions.

The simplest, with one function, operates a single shower. The two-function mixer, with super slim automatic diverter, offers two different options. The first allows you to control a shower head and a hand shower. With the second you can operate a hand shower and bath filler.

But for allround shower enjoyment, our new three-way diverter is the perfect solution, providing control over a total of three different functions. Here again there are two different options to choose from: enjoy the pleasure of switching between the two sprays of a head shower and a hand shower. Alternatively, you can opt for head shower, hand shower and bath filler. The choice is all yours.

WELCOME TO GROHE SMART DISCOVER A WORLD OF EXCITING BENEFITS

BE SMART AND BECOME A PARTNER OF THE LARGEST LOYALTY PROGRAMME FOR INSTALLERS!

Every day you have a choice of which products to use for your projects. By sourcing GROHE, you not only get the best money can buy. You also get the chance to convert the money you spend into:

Rewards

- Over 2,500 attractive products
- Includes professional power tools, a range of multimedia devices, items for home and garden, and much more

Services

- Benefits, rewards and information specially tailored to you and your requirements
- Helpful and inspiring videos about the latest products, design trends and installation guides

All you have to do: join GROHE SMART, our loyalty programme exclusively for installers, and start collecting points, called SMARTS.

Why collect SMARTS? So you can enjoy more – from top rewards to valuable services for installers. The enhanced GROHE SMART Reader app makes collecting SMARTS easier than ever.

PURE FREUDE AN WASSER

Life-giving, universal, joyful – water is the source of inspiration for the whole of our distinctive product portfolio.

Every one of these products is always on our four core values: Quality, Technology, Design and Sustainability. Balancing these in everything we do allows us to deliver an unrivalled enjoyment of water to our customers.

QUALITY

From the first design sketch to the final product to after-sales services: Our customers can rely on our Made in Germany sense of perfectionism.

"No.1 most trusted brand in the sanitary industry" – Wirtschaftswoche, 2017

TECHNOLOGY

We constantly drive innovation to enrich your everyday water experience, delivering smart solutions on the path of the digitization of water.

"Top 50 companies to change the world" – Fortune Magazine, 2017

DESIGN

Our highly awarded design DNA's recipe for success is simple: Merging the contemporary and the timeless into products that feel like they were designed just for you.

Over 350 design awards won since 2003

SUSTAINABILITY

Water is our passion. We care about every drop and our CSR commitment goes even beyond one element alone: We strive to protect all of our planet's resources for future generations.

CSR Award winner of the German Government, 2017

A GLOBALLY CONNECTED COMPANY

GROHE IS PART OF LIXIL – A GLOBAL LEADER IN THE HOUSING AND BUILDING INDUSTRY.

Beginning back in early 20th century Japan, LIXIL is today the most comprehensive company in our industry, with a unique portfolio spanning everything from technologies that revolutionize how we interact with water, to a full lineup of interior and exterior materials and products for houses and major architectural projects. Operating in 150 countries, LIXIL companies design and manufacture products that are used by more than a billion people around the world every day.

The world is changing rapidly, and LIXIL companies are helping to shape it. Across our brands and technologies, we design and manufacture tomorrow's living solutions, today. From developing smart innovations in people's homes and offices, to redefining the world's most famous city skylines, LIXIL products are transforming the spaces in which we all work, learn, travel, relax, and live.

Alongside GROHE in LIXIL's family of world-class brands are American Standard, INAX, DXV by American Standard and Permasteelisa. Combined, our brands make us number one in faucets and plumbing-related products worldwide and Japan's premier provider of housing products. We're leading the way in many other areas around the world, thanks to our shared focus on creating innovations that genuinely improve people's lives.

Together we're stronger. Combining our GROHE expertise as a world leader in sanitary fittings with the unique technology and insights from LIXIL's other Water Technology brands, GROHE now offers complete bathroom solutions, featuring innovative products like shower toilets and SmartControl showers, alongside revolutionary technologies such as AquaCeramic sanitaryware that stays clean for 100 years. Beautiful, functional and reliable, LIXIL's products and solutions are changing the way people live, all over the world.

Together, we share a powerful vision of a better tomorrow, for our customers and for the world. As a truly global manufacturing company, we know that we have an important part to play in securing the future of our planet. We're leading the way in areas such as energy efficiency and water saving technology and aim to achieve a net zero environmental footprint by 2030. We believe everyone should have access to clean and safe sanitation, and are committed to using our expertise to help make this possible.

Together we're creating the future of good living for everyone, everywhere.
