# FIRST CLASS SEATS FOR EVERYONE

ENJOY THE SHOWER TOILET THAT CLEANS YOU WITH  
PURE, WARM WATER. **GROHE SENSIA ARENA**

## WASHING IS THE NEW WIPING.

### FORGET EVERYTHING YOU KNOW ABOUT TOILETS.

As of now, the GROHE Sensia Arena does everything better. It cleans you with warm water. It eliminates unpleasant odors. It has special hygienic coatings, and powerful flushing keeps the toilet clean. It can be controlled easily and conveniently via your smartphone or remote control. And its elegant design blends seamlessly into any bathroom. Step into the new age of toilets with the GROHE Sensia Arena – and enjoy that first-class clean feeling every day.

## A SMALL SHOWER THAT MAKES **A BIG DIFFERENCE.**

**CLEANING WITH WATER AFTER USING THE TOILET IS TRENDING ALL AROUND THE WORLD.** That should not come as a surprise because water is the most natural cleansing agent there is. It's also more pleasant, hygienic, and beneficial than anything else you know of. See for yourself and experience how everything feels vastly better thanks to a small shower arm.

**CLEANS WITH WATER.**  
DISCOVER THE PLEASURE  
OF FEELING TRULY CLEAN.

**THE GROHE SENSIA ARENA CLEANS YOU THOROUGHLY AND HYGIENICALLY.** And always just the way you like it. Water temperature, spray pressure, and shower arms – all adjustable to your personal preferences.

You can choose between rear spray,<sup>1</sup> soft spray,<sup>2</sup> oscillating spray,<sup>3</sup> relaxing massage spray,<sup>4</sup> or separate lady shower spray arm<sup>5</sup> for the female intimate area. It's up to you to discover the setting that feels just right for you. One thing's for certain: once you've found it, you'll never want to go back to wiping.

NOTHING SMELLS  
BETTER THAN NOTHING.  
THE COMFORT OF  
**ODOR ABSORPTION.**

**YOU CAN STOP WORRYING ABOUT BATHROOM SMELLS RIGHT NOW.** The GROHE Sensia Arena has automatic odor absorption. A ventilator creates a shielding layer of air to prevent odors from rising, and a second ventilator extracts them. The air is cleaned by a carbon filter before being released back into the environment.

YOUR NEW  
WELLNESS PROGRAM.

**THE BATHROOM IS A PLACE WHERE YOU WANT TO FEEL COMFORTABLE AND RELAX.** That feeling is now available at the touch of a button – every day. The GROHE Sensia Arena transforms the everyday routine of a visit to the toilet into a miniature ritual of well-being thanks to its relaxing massage spray, oscillating action, and gentle lady shower for the female intimate area.

The massage spray allows you to alternate between soft and strong spray strength – for a soothing pulsating massage effect.

With gentle forward and backward motions, the oscillating spray offers an extended cleaning area and extra freshness.

The refreshing lady shower comes from a separate spray arm and has a softer and wider spray pattern for cleaning the female intimate area.

Unlimited warm water thanks to an integrated continuous-flow water heater.

WHAT CLEANS BETTER THAN  
CHEMISTRY? **TECHNOLOGY.**

**FORGET ABOUT AGGRESSIVE CLEANERS AND UNSIGHTLY TOILET BRUSHES.** Thanks to our innovative AquaCeramic coating, rimless toilet design, powerful Triple Vortex flush, and our new PlasmaCluster, it gets hard for dirt and impurities to settle. Our HyperClean glaze reduces the buildup of bacteria by up to 99.9%, certified by the SIAA. Moreover, the shower arms with their exchangeable antibacterial spray nozzles clean themselves automatically before and after use, and they are protected behind a removable 99.9% antibacterial nozzle guard for total hygiene.

AquaCeramic creates a smooth hydrophilic layer on the ceramic surface, which ensures that nearly no dirt and limescale are left behind.

The HyperClean glaze uses silver ions to eradicate 99.9 % of germs, keeping your ceramic sparkling clean and germ-free.

The powerful Triple Vortex flush is exceptionally silent, thorough, and effective.

The spray arm heads clean themselves automatically before and after use.

# A NEW DIMENSION OF HYGIENE: **PLASMACLUSTER.**

**LET IONS CLEAN YOUR TOILET.** Our PlasmaCluster<sup>1</sup> technology removes bacteria, even those hiding in the farthest corner of the bowl or the ceramic surface. It does this through releasing positive and negative ions, which make the bacteria harmless upon contact. Turn science into comfort with this natural technology and experience a cleaner and healthier toilet.
