# THE PAST 25 YEARS A HISTORY OF INNOVATION

## BUILDING FOR THE FUTURE

At GROHE, we don't believe in standing still. Over the years we have acquired skills and experience from a wide range of innovative enterprises in the pursuit for innovation. In 1994, one such enterprise was DAL, a producer of installation and flushing systems and a leader in the technology industry. By acquiring DAL, we entered the installation system business for the first time – and now, 25 years later, we're proud to look back and see what we've achieved.

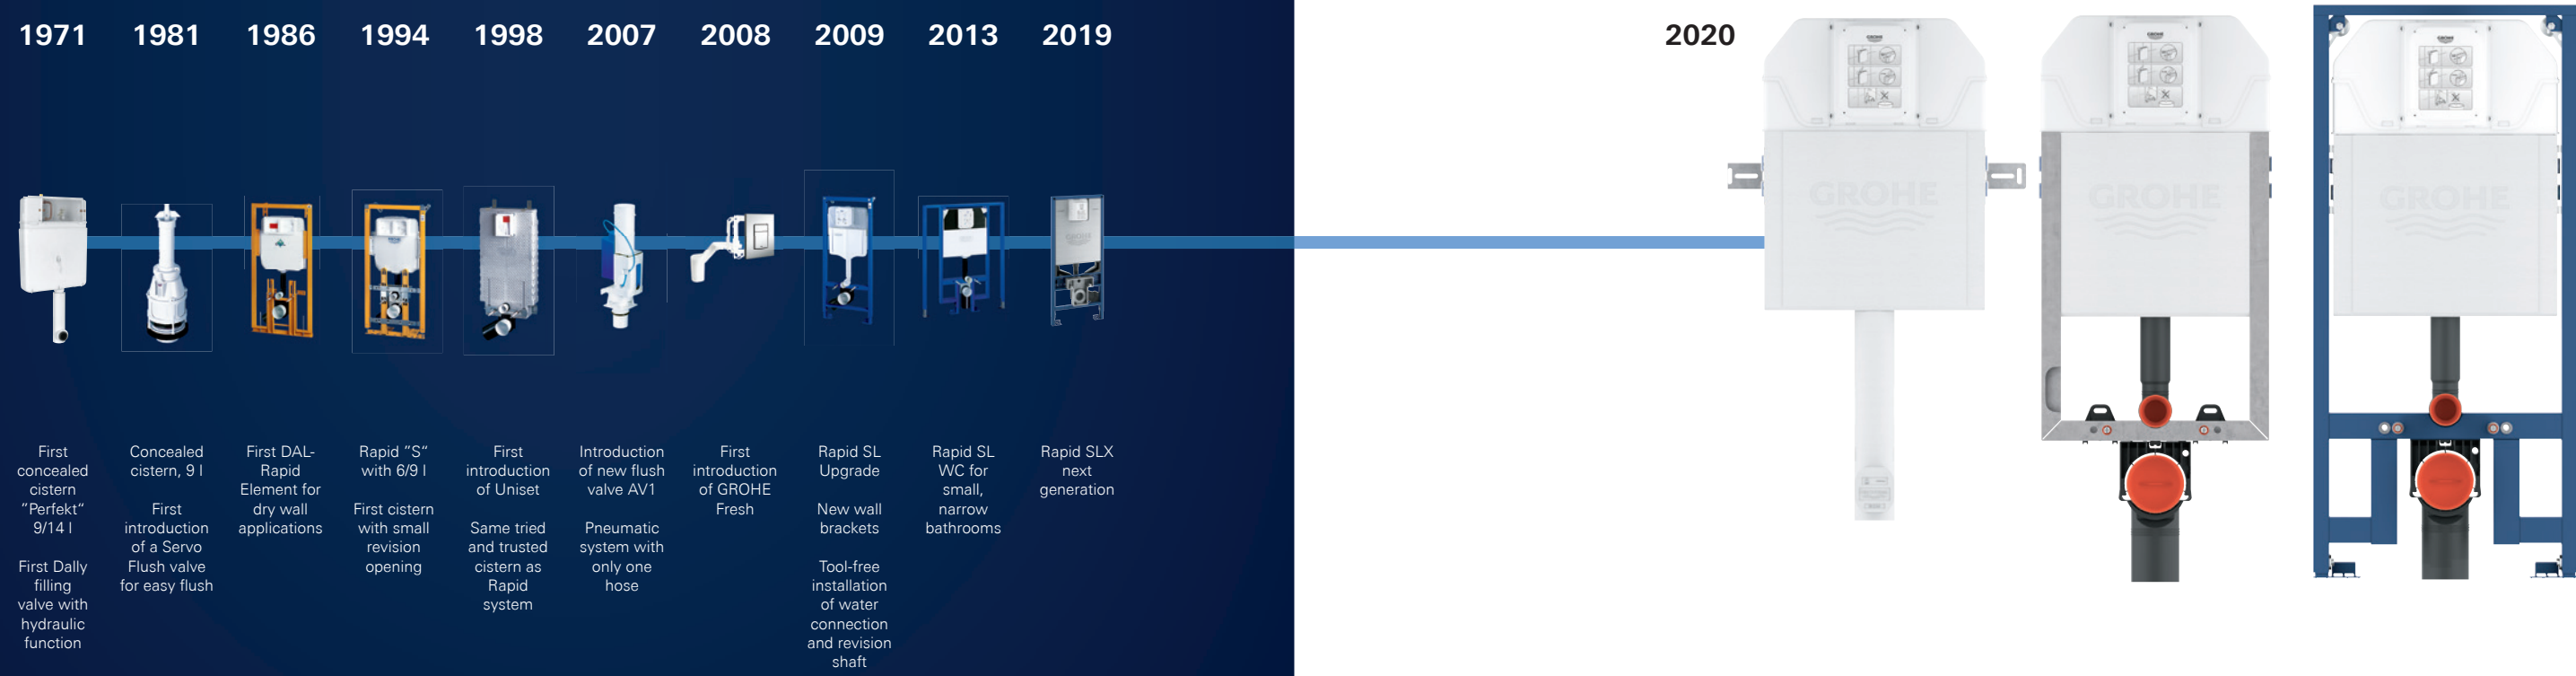

Yet as much as we love celebrating this 25<sup>th</sup> year anniversary, we would actually prefer to look forward. Innovation is at the heart of what we do and our rich tradition of creating market-leading products will only continue by keeping our fingers on the pulse and one foot in the future. The world of bathrooms is an ever-changing landscape, but rest assured: GROHE will make sure you're not left behind.

# GROHE SLIM CISTERN BEHIND THE WALL, AHEAD OF ITS TIME

## BUILT AROUND THE FUTURE

Combine the newest technology and great design is in our GROHE DNA and this is what you can experience in all our products. With the new generation of slim cistern GROHE launch a complete new range of installation elements – Solo, Uniset and Rapid SL! If you need to save space in your bathroom the slim cistern comes in! Whatever you need and future installation require the

slim cistern is ready! It's ready to offer you access to everything that's available today and in addition offers you the FREEDOM of CHOICE with all our flush plates! German engineering and design makes life easier and smarter! Our goal is to ensure your vision isn't held back by technology or any other restriction!

# DESIGNED AND ENGINEERED IN GERMANY

**GERMAN PERFECTIONISM INSPIRES ULTIMATE CUSTOMER CONFIDENCE**  
We strive for an excellence that goes way beyond the surface of our products. In fact, from design to production and customer service we aim for nothing less than perfection at every stage. Our history of great German engineering, rigorous internal tests and numerous external certification processes are what gives our customers complete confidence in a name they can trust.

# GROHE +40 YEARS OF EXPERIENCE

**MASTERING WATER THROUGH TECHNOLOGY**  
In our relentless search for technological innovation we work to integrate the latest digital advances, creating smart solutions that enhance our customers’ enjoyment of water. Our in-house experts harness the power of water to enhance the experience of our customers every day – the moment of truth, for our products and brand.

# GROHE WHISPER WITH PNEUMATIC VALVES

**KEEP YOUR BATHROOM SILENT**  
All our plates work with GROHE PNEUMATIC SYSTEM! With that technology you can keep your bathroom quite and you have direct access for maintenance! For peace, comfort and design freedom, our concealed cisterns feature GROHE Whisper® technology.

# 10 YEARS GURANTEE AND 30 YEARS SPARE PART AVAILABILITY

**TRUST IN GROHE**  
This consistent focus on quality, durability and sustainability enables us to guarantee the functionality and safety of our products in the long term. We know from experience that many of our products have been in use for decades. The main reason for this is the high technical standard of the products, which ensures low maintenance operation as well as exceptional continued use, suitability and durability.

# FLUSH PLATE FLEXIBILITY

**NO LIMITS TO VISION**  
FREEDOM OF CHOICE supports GROHE’s new range of slim flush plates. This means GROHE’s complete range, including the world’s slimmest and thinnest plates, is now available to everyone. So rather than being held back by outdated technology, customers can now design the bathroom of their dreams.

# SLIM CISTERN RANGE

## COMPLETE FLEXIBILITY

### FOR ALL INSTALLATION NEEDS

Not all bathrooms are the same and a certain degree of flexibility is required when it comes to installing fixed bathroom features. Thankfully, the Slim Cistern installation system comes with a range of possibilities to ensure you

get exactly the setup you require, ultimately saving you time and money and ensuring you can deliver complete customer satisfaction from the start.
