
GROHE SPA®

MASTERS OF TECHNOLOGY

AQUAZONES BY GROHE SPA®

For the first time GROHE introduces the concept of Aquazones as part of the GROHE SPA® portfolio. Aquazones follow the concept of the thousand year old Japanese bathing culture, in which each step of the bathing experience has its dedicated zone. These perfectly designed zones take on different roles and allow the consumer to fully indulge in each ritual, while already looking forward to the next one. Now GROHE offers new technologies in each of the five zones, allowing consumers to enjoy their personal spa time even more.

REJUVENATION ZONE – The most important zone is the shower area. The GROHE AquaSymphony is part of our tailor-made shower portfolio and we combined our largest ever ceiling shower with a curtain of water, a pool of therapeutic light effects, crowned with a multitude of massage, jet and rain sprays as well as two large waterfalls. Choose and listen to your favourite songs using the GROHE SPA® App and F-digital Deluxe via the wireless Bluetooth connection. All this turns your showering experience into an impressive symphony.

PREPARATION ZONE – The basin area is central to your daily cleansing routine and as such should be designed to perfection. The GROHE Grandera Collection builds a fascinating bridge between nostalgia and modernity. Now this collection is also available in our shimmering finish called Warm Sunset.

RELAXATION ZONE – Give yourself room to breathe, lie back and drift away – cocooned by warm water. GROHE's sister company JAXSON gives you timeless Japanese harmony in a luxurious design, which is derived from the distinctive Japanese bathing ritual engaging both body and soul.

RECREATION ZONE – The space for quiet reflection. The space where a bathroom becomes a spa bathroom. Hydrating your body before and after a spa treatment is an essential part of every spa tradition. GROHE Blue® delivers sparkling, chilled and filtered water in your Recreation Zone.

CONTEMPLATION ZONE – Experience comfort and hygiene in this dedicated zone. GROHE Sensia® is the new generation of shower toilets. Settings for water temperature, jet strength and cleansing mode can be saved as your personal profile.

This brochure is about inspiration and about bringing the concept of Aquazones to you. We hope you'll be inspired by the designs and planning advice so that you too can create a blissful home spa in which to escape and indulge in "Pure Freude an Wasser".

Enjoy Aquazones by GROHE SPA®.

Michael Rauterkus

MASTERS OF TECHNOLOGY

GROHE's people have been regarded by their peers in the industry as Masters of Technology, because of their innovations, outstanding design and awardwinning fittings.

By a combination of their advanced craftsmanship and their cutting-edge approach to effective teamwork and processes, our Masters of Technology take the lead in developing, designing and manufacturing our outstanding product range, all the while testing and fine-tuning each piece to ensure continued customer satisfaction.

The result: Timeless design. And quality that lasts a life-time. Again and again GROHE products surprise users with unique features that provide 'Pure Freude an Wasser'. When you use a GROHE product you can feel the difference. Time after time.

KAROLINE SCHÖNBRUNN

Master of Technology, uses the GROHE SPA® app to test the many functions of the F-digital Deluxe shower that allows the user to create a tailored spa experience.

REJUVENATION ZONE

Welcome to the Rejuvenation Zone.

Powerful and refreshing in the morning, soothing and relaxing in the evening, a multi-faceted shower zone will transform and uplift your day. Generous in size and features, a luxurious shower adapts to individual needs as they evolve over the course of a day. One or two head showers, a hand shower, a bank of body showers - the only limit to showering pleasure is the imagination.

Experience the sensation as the millions of nerve endings beneath your skin respond to the tantalizing caress of water.

Stimulating. Invigorating. Restorative. Having a shower should be a holistic treat for you and the Rejuvenation Zone aims to provide personalised Aquatherapy experience to you.

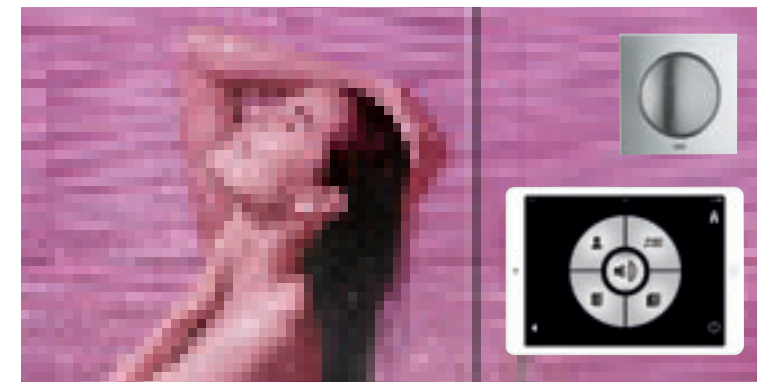

GROHE SPA®

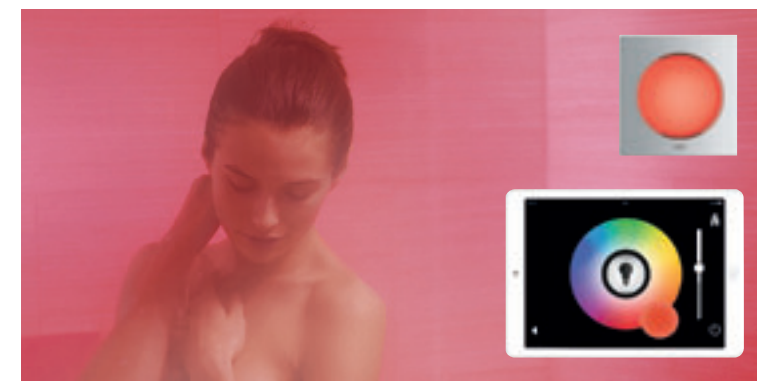

GROHE F-DIGITAL DELUXE

Powerful and refreshing in the morning, soothing and relaxing in the evening, a multi-faceted shower zone will transform and uplift your day. Generous in size and features, the luxurious shower zone evolves to meet your changing needs and moods, every day. One or two head showers, a hand shower, a bank of body showers - the only limit to showering pleasure is the imagination.

SOUND MODULE

Do you desire a relaxing or reviving sound therapy? Using the wireless Bluetooth connection, you can select the playlist or album that you wish to listen to in your GROHE SPA® shower. The App enables you to adjust the volume of the water-proof GROHE shower speakers.

LIGHT MODULE

Use coloured light to change the ambiance of your GROHE SPA® shower. Use the intuitive GROHE SPA® App* to turn the LED light modules in the shower on and off and change the colour and intensity of the light to suit your mood. Create your personal chromotherapy and save your preferred settings for your next visit!

STEAM MODULE

Experience regeneration in its purest form with GROHE's steam modules. Gentle steam not only enhances your sense of emotional well-being, but also has a positive effect on the entire body.

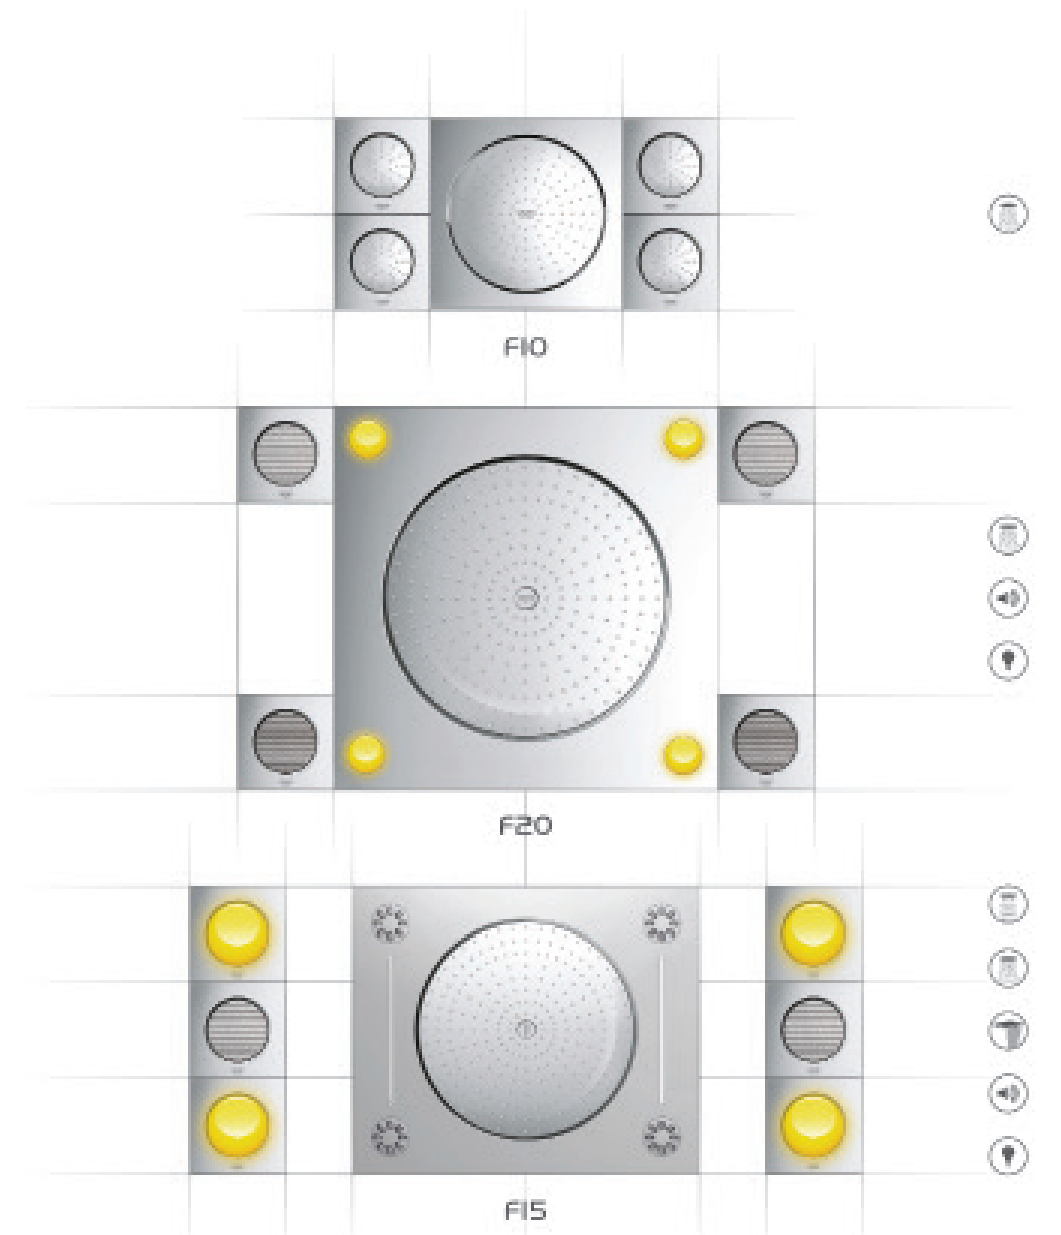

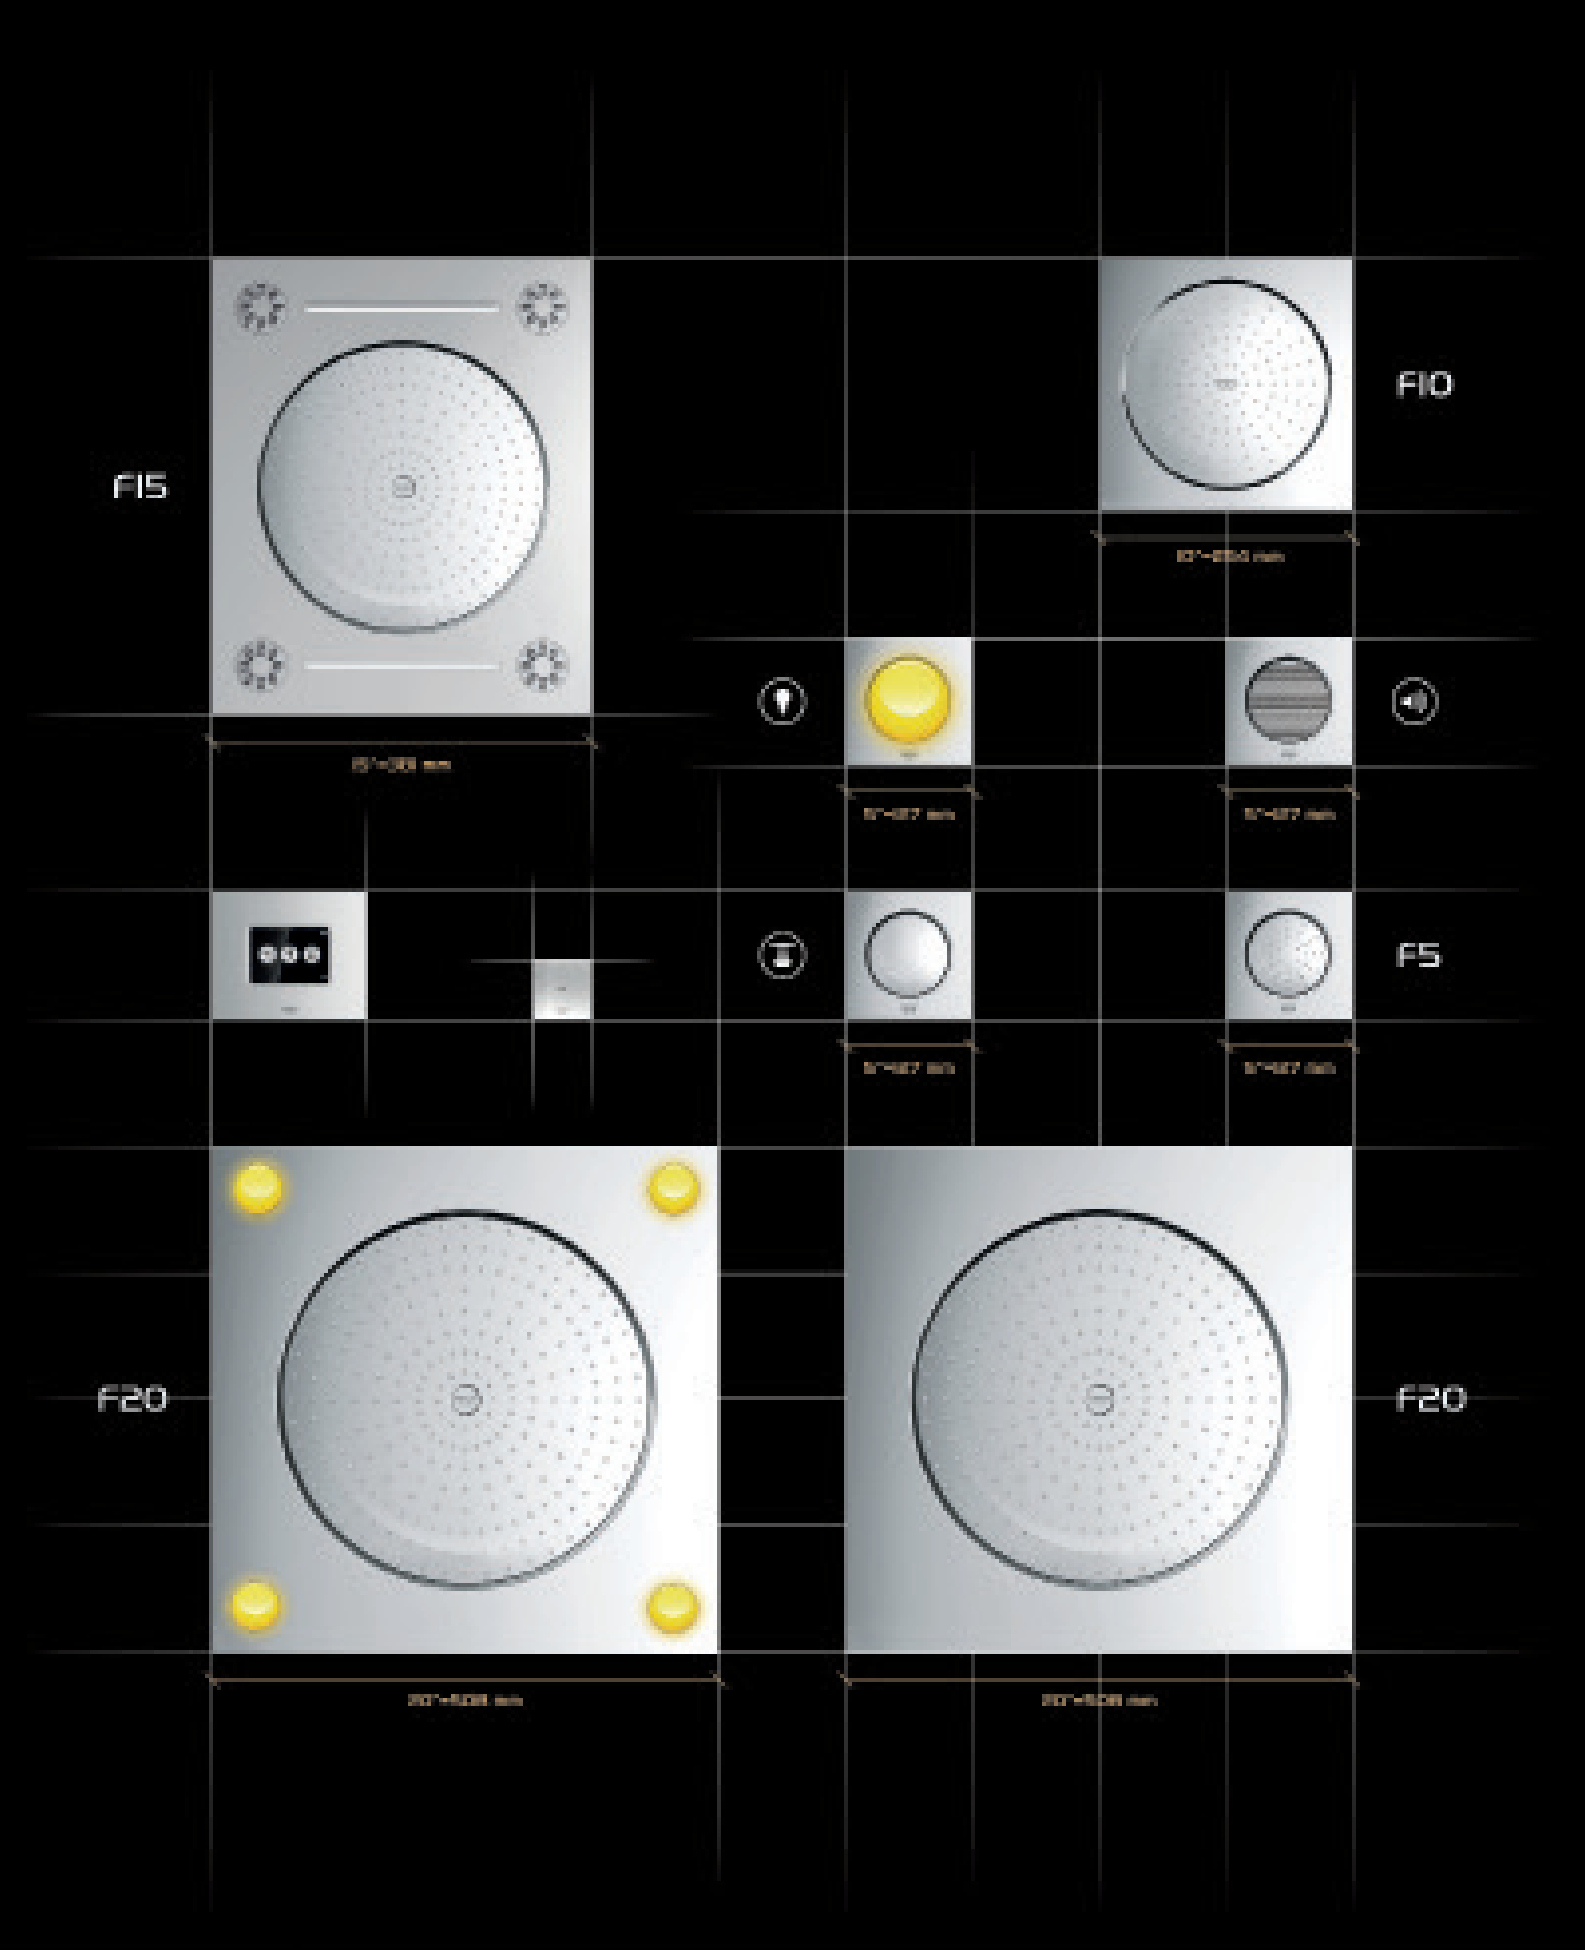

* Available for free via iTunes app or Google Play store.

GROHE

RAINSHOWER® F-SERIES

Inspired by the perfection of water, we at GROHE practise an integrated, holistic design approach that combines practicality and emotion in a unique way. It results in timeless collections with a direct, open and uncomplicated design idiom. And, with few exceptions, there are almost limitless combinations. Whether GROHE Allure, GROHE Atrio, GROHE Veris or GROHE Grandera®, and whether a head shower, the thermostat or the steam module, enjoy the freedom to build your own ultimate shower from the full breadth of the GROHE SPA® range with Tailor-Made Showering.

PREPARATION ZONE

Tasks that you once performed on autopilot take on a new meaning as you start to appreciate your surroundings more. From washing your face and brushing your teeth to applying make-up or shaving, the basin area is central to your daily cleansing routine. Twin basins side-by-side, an extra-wide shallow model accompanied by a pair of faucets. In a spa bathroom, there's always room for two.

GROHE GRANDERA

Purist, simple and yet extravagant. Clean, square and yet round. Timeless, classic and yet modern. The GROHE Grandera collection reconciles traditional opposites in one harmonious design. The result is an exceptionally diverse collection of extremely durable fittings, thermostats, showers, accessories and fine ceramics.

RELAXATION ZONE

Give yourself room to breathe, lie back and drift away - cocooned by warm water, comforting and restorative. Choose a deep, freestanding bathtub paired with an elegant bath spout. Or float in a sunken bath with beautiful integrated fittings. At the end of the day, it's hard to beat a lingering soak in the bathtub.

CONTEMPLATION

JAXSON BATH TUBS

JAXSON gives you timeless Japanese harmony in luxurious designs for the bathing experience of a lifetime. For thousands of years, the Japanese have performed a distinctive bathing ritual that engages both body and soul. When enacting this ceremony, the objective is not just to cleanse the body; it is to reach a form of spiritual reconnection with the natural elements, achieving an inner balance of harmony and tranquillity.

Given the pressures of today's fast-moving world, the need for downtime has never been greater – and, at the same time, the lure of design and innovative technology has never been higher.

Creator of luxury bathtubs, JAXSON has mixed the best of two worlds. Inspired by Japanese spiritualism and attention to detail, Jaxson has transformed the Asian bathing ritual into a sophisticated and immersive experience that measures up to the highest standards of beauty, performance and harmony all over the world. JAXSON and GROHE are sister companies and are part of the LIXIL Water Technology Group.

RECREATION ZONE

A space for quiet reflection, to sip tea, enjoy a glass of water, read a book or just 'be' – the space where a bathroom becomes a spa bathroom, the culmination of your spa journey. Recline on a daybed or feather-filled armchair and savour the moment. Having treated your body, now take time to treat your mind – meditate or simply lose yourself in your thoughts.

GROHE BLUE® REFRESHING REHYDRATION IN YOUR PRIVATE SPA!

Hydrating your body before and after a pleasant spa treatment is an essential part of every spa tradition around the globe. Whether you enjoy the regenerating and cleansing gentle steam from GROHE's steam modules or treat yourself to a relaxing bath in a comforting JAXSON bathtub, having a glass of sparkling water before and after helps to rehydrate your body and refresh your mind. GROHE Blue® delivers all the benefits of bottled water, straight from the faucet in your Recreation Zone. GROHE Blue® provides filtered, chilled and sparkling water.

CONTEMPLATION ZONE

Experience comfort and hygiene in this dedicated zone. GROHE Sensia® is the new generation of shower toilets. Settings for water temperature, jet strength and cleansing mode can be saved as your personal profile. Relax, take your seat and begin your own programme of pampering.

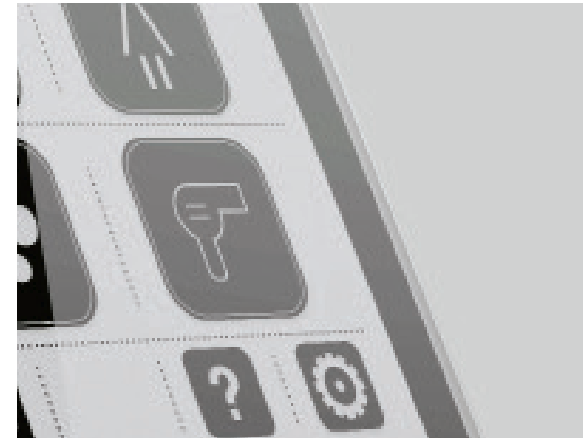

GROHE SENSIA®

LOOK FORWARD TO EASE OF USE.

The power is in your hands. Using the remote control, you can access all functions and adjust them to your needs. And to make it especially easy for you, we've developed our cleverly structured remote control around clear symbols to be intuitive and straight forward.

ENJOY CLEANSING COMFORT.

What type of shower spray would you prefer? Gentle, pulsating, warming, powerful, oscillating or O₂-enriched? Relaxing or invigorating? GROHE Sensia® shower toilets are sensitive to your moods with their variety of spray patterns. Everyone has different needs of a perfect personal hygiene which even might change depending on the daytime and situation, and GROHE Sensia® adapts to meet them all.

RELY ON THE HIGHEST STANDARDS OF HYGIENE.

A toilet must be clean. End of story! Our shower toilets have numerous practical hygienic functions for your convenience. They clean themselves automatically as if by magic. Spray arms are rinsed with water before and after each use, and the GROHE Sensia® IGS thermally cleans its whole shower system regularly with water heated to 70°C. Get to know our four advanced and elegant GROHE Sensia® shower toilets – they're the new generation in high-end personal hygiene.

GROHE ALLURE BRILLIANT

Crisp planes, intriguing angles and cut-out details, Allure Brilliant illustrates the absolute precision that can only be achieved through years of experience and an unfaltering passion for innovation. Complex without being complicated, the cut-away detail of these faucets add a new dimension to bathroom design, and a new dimension to water.

GROHE ALLURE BRILLIANT

The pinnacle of ultimate bathroom luxury and sophistication. Faceted surfaces perfectly cut like a diamond excite you every time you step in your bathroom.

Water performs for you with the Aquawindow.

GROHE ALLURE

Perfectly balanced proportions on the outside and technically advanced on the inside – Allure unites inherent beauty with unmatched performance. Cylindrical bodies rise from square and rectangular base plates adding to its minimalist appeal, while the collection offers a choice of two handle styles – a flat lever or a tri-spoke design – to meet your exact requirements.

GROHE ALLURE

Enjoy every moment. Faucets and fittings in the GROHE SPA® collection illustrate our commitment to unrivalled quality in the bathroom. Here, each element of the Allure three-hole bath combination – the spout, the hand shower and the lever handle – illustrates three world-class GROHE technologies.

GROHE ALLURE F-DIGITAL

Convenient and discreet, effortless and intuitive to use. Allure F-digital takes the faucet design in a new direction. A square base plate gives rise to the circular control – mirroring the same design details that give Allure faucets their modern appeal. Simply turn the product on, twist the outer ring to increase water flow and press the plus or minus to increase or decrease the temperature. To further enhance usability, an LED ring gives visual feedback on the water temperature. And for the bath and shower, the digital diverter lets you switch between water outlets with a single touch.

GROHE VERIS

Rooted in the philosophy of Sensual Minimalism,
GROHE Veris blends sobriety with emotion.
Sinuous curves meet soft edges to create a
timeless and striking form. Resonating the same
DNA as our award-winning GROHE Ondus®
collections, GROHE Veris extends this unique
aesthetic philosophy to a wider audience.

GROHE VERIS

The GROHE design DNA brings harmony to GROHE SPA® collections and GROHE Veris is a shining example. Lozenge-shaped handles bring a soft architectural appeal to the fittings, rings around the bases of spouts and handles highlight an area of purpose, while faucet spouts are pitched at a comfortable angle of 7°.

GROHE VERIS F-DIGITAL

Wireless technology. Push-button operation.
Experience the convenience of digital
technology with GROHE Veris F-digital.

Buttons on the digital controller let you start or
stop the water and adjust the temperature, while
a dial around the outside is used to control the
water pressure. Enhanced by an illuminated ring,
the design gives you instant visual feedback
of the water temperature. And for the bath
and shower, the digital diverter lets you switch
between water outlets with a single touch.

GROHE VERIS F-DIGITAL

From a single freestanding bath spout to integrated solutions featuring a hand shower, bath spout and filler, the Digital Controller and Digital Diverter introduce a new level of luxury to the bathroom and enhance your bathing enjoyment.

GROHE GRANDERA

Purist, simple and yet extravagant. Clean, square and yet round. Timeless, classic and yet modern. The GROHE Grandera collection reconciles traditional opposites in one harmonious design. The result is an exceptionally diverse collection of extremely durable fittings, thermostats, showers, accessories and fine ceramics.

GRANDERA

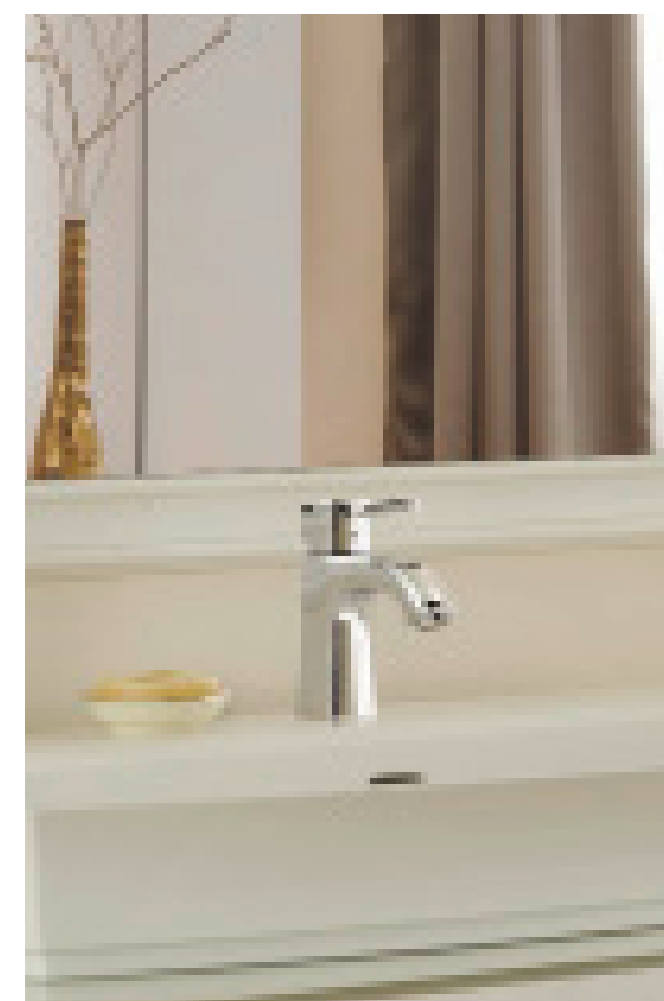

GROHE GRANDERA

High-quality workmanship and exceptional craftsmanship, reflected also in the many decorative elements, create clean and precise shapes. And thanks to GROHE StarLight® technology, not only will the fittings retain their shine in the long term but they are also extremely resistant to dirt and scratches.

The GROHE Grandera® collection stands for perfection, right down to the smallest detail. And that is why the entire range, from the head shower to the thermostat and from the washbasin fitting to the ceramics, is perfectly coordinated.

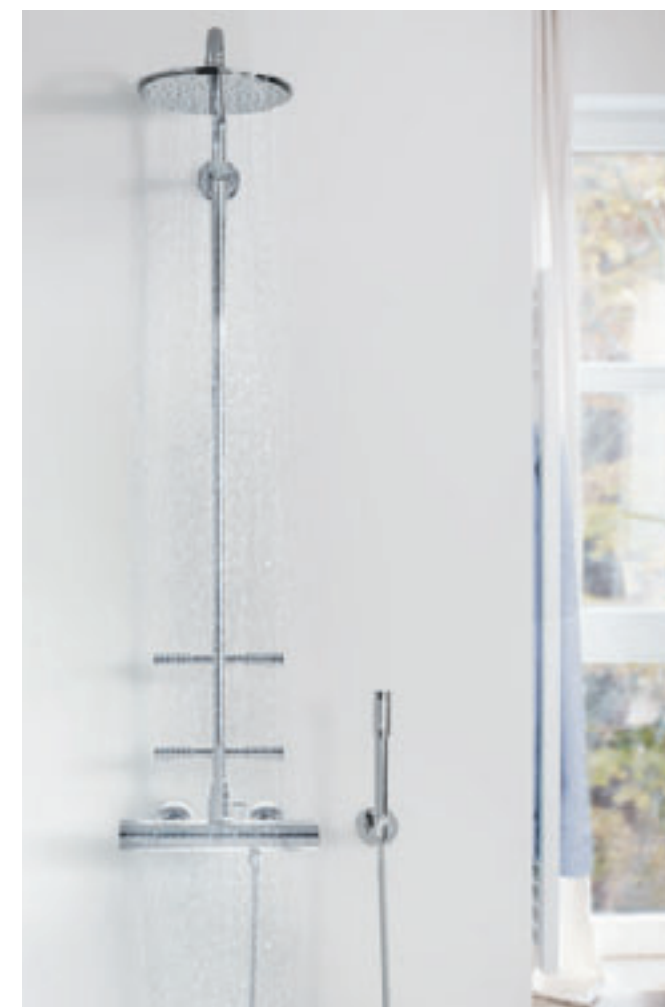

GROHE ATRIO 7°

Dynamic, youthful and vibrant, Atrio One collections bring an air of modernity to the bathroom. Pure cylinders are extruded in various depths and diameters to create two collections – Atrio C spout and Atrio 7°. Both ranges utilise slender lever handles and reduced proportions to convey a modern aesthetic that ensures coordination with a variety of interior styles.

GROHE ATRIO 7°

Seven degrees: the comfort angle. Our products are designed to be enticing, intuitive and easy to use, that's why several of our faucets, including Atrio 7°, feature spouts or handles pitched at an inviting angle of seven degrees.

A head shower, hand shower and four body sprays – welcome to three-dimensional showering from a single thermostatic shower system.

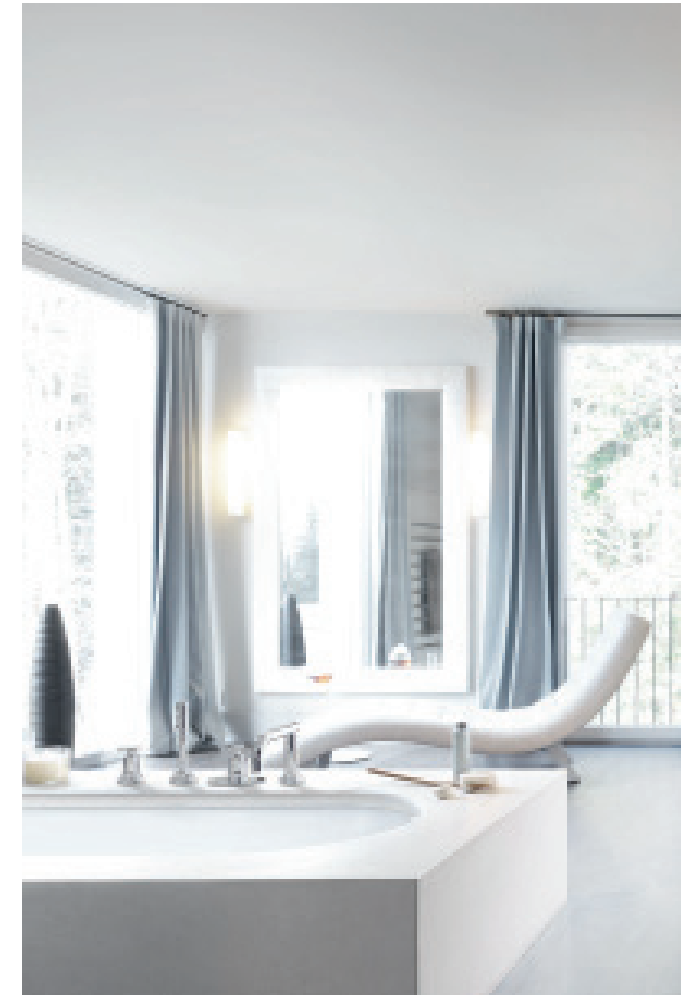

GROHE ATRIO CLASSIC

With a distinct nod towards the Bauhaus dictum: form follows function, Atrio Classic is a harmonious blend of cylindrical forms and the finest GROHE technologies. Look further and you'll see the collection offers a choice of two handle styles – Ypsilon tri-spoke handles or elegant Jota lever handles, further enhancing its universal appeal. Atrio Classic, for today and for tomorrow – because classics are designed to last.

GROHE ATRIO CLASSIC

Classic design and timeless spa materials –
the perfect marriage of beauty and comfort.
And just like Atrio Classic, our Rainshower® head
shower makes itself at home in a wide range of
different environments.

GROHE F-DIGITAL DELUXE

Each person is unique. GROHE Tailor-Made Showering celebrates this uniqueness and variety by letting you design your shower according to your own vision of rest, relaxation, regeneration, personal care, design and comfort. For a daily spa experience as individual as you are.

GROHE F-DIGITAL DELUXE

Using the wireless Bluetooth connection, the GROHE SPA® App* and the GROHE F-digital Deluxe you can stimulate all of your senses with just a single movement of the hand – now available for Apple and Android mobile devices.**

TOUCH

With just one touch you can transform your shower into your own personal spa. Soft lighting, relaxing steam and your favourite music. You can stimulate all of your senses with just a single movement of the hand.

SOUND

There's nothing on this earth that moves us more than music. The perfect song or sound can fill us with joy, make us feel relaxed, recharge our batteries or help us forget our troubles. With the GROHE sound modules, you can now enjoy your favourite music while showering.

LIGHT

Colour has a positive effect on our sense of well-being. But we all perceive colours differently. With the GROHE light modules, you can change the colours to suit your mood and enjoy a personalised chromotherapy experience while showering.

STEAM

Experience regeneration in its purest form with the GROHE steam modules. Gentle steam not only enhances our sense of emotional well-being, but also has a positive effect on the entire body. It opens the pores, detoxifies the body, hydrates the skin and helps the muscles to relax.

GROHE F-DIGITAL DELUXE

Every colour has a different wavelength and therefore its own energy, which has a varying effect on the mind and body. Red represents vitality and activity, while blue is considered to be a calming colour. One of our primary objectives when developing GROHE F-digital Deluxe was to give you the opportunity to change the lighting to suit your mood, and allow you to enjoy your own personal chromotherapy experience while in the shower.

Using the GROHE SPA® app, you simply select the colour that you wish to have during your shower from a specially designed colour wheel. For example, you might wish to start your day with stimulating yellow, enjoy soft purple after a steam bath or get an exciting evening off to a great start with optimistic orange. With GROHE F-digital Deluxe you can integrate up to four high-quality LED light modules into your shower, all of which are dimmable. You can therefore choose a light intensity that reflects your mood. And, of course, you can save all of your settings so that the perfect colour for tomorrow morning’s shower is just a movement of the hand away.

MADE IN GERMANY

A PASSION FOR QUALITY. PRECISION CRAFTED TO THE HIGHEST STANDARDS.

Precision is synonymous with the GROHE brand. Our “Made in Germany” seal of exceptional quality has always characterised our work. We believe that this is in large part because our award-winning designer and development teams are all based in Germany, home to the highest quality products in the world. We are proud of upholding this German tradition and we guarantee our customers consistently superior manufacturing – down to the smallest detail. GROHE also delivers top quality product development. At our facility in Hemer, in the Sauerland region, our engineers and designers work hand in hand to refine our innovative ideas. We hold all our facilities in Germany, Portugal and Thailand to the same GROHE quality promise and high manufacturing standards. We live by our global standard of perfection.

GEORGIOS VLACHODIMOS

Master of Technology, takes a sample of GROHE’s handmade very own brass.

SUSTAINABILITY

SUSTAINABILITY STARTS WITH QUALITY.

If you decide on GROHE, you choose safe products which were created to be long-lasting and resource-friendly. We impose the most stringent durability tests with 15-year service life conditions.

We want you to enjoy your GROHE products for many years to come. Sustainability is a pervasive and essential part of our corporate culture. You can enjoy your GROHE bathroom solutions with a clear conscience for many reasons:

INNOVATIVE ENERGY CONSERVATION.

We have developed countless innovative technologies which will help you to conserve energy without having to sacrifice comfort and pleasure in the bath. For example, the thermostats with GROHE TurboStat® technology reach the desired shower temperature within seconds. And fittings using GROHE SilkMove® ES combine ultimate ease of use with energy-saving innovations. This modern technology prevents the unnecessary heating of water when you use the moderate setting.

SMART WATER CONSERVATION.

Respectful water resource management is another topic close to our hearts. Many of our fittings and shower systems are equipped with the revolutionary GROHE EcoJoy water conservation technology, reducing water use by up to 50%.

SOCIAL RESPONSIBILITY.

As an international company, we are aware of our responsibilities to the environment. We maintain an open and objective dialogue with the general public. At our facilities we promote environmental awareness to improve the health and safety standards of our employees.

SURVEILLANCE BY INDEPENDENT CERTIFICATION PARTNERS.

Each of our facilities is regularly inspected by independent, external certification authorities in health, safety and environmental protection to ensure compliance with ISO standards. We follow the International Standards ISO 14001:2009 and OHSAS: 2007.

MOMENTS OF TRUTH

GROHE's Masters of Technology announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

GROHE SilkMove®

Smoothest handling for effortless precision and ultimate comfort for a lifetime.

GROHE StarLight®

Made-to-last surfaces ranging from precious matt to shiny like a diamond.

GROHE EcoJoy

Save precious resources and enjoy 100% water comfort.

GROHE DreamSpray®

Innovative quality showers for luxurious revitalisation and wellbeing.

GROHE CoolTouch®

No scalding on hot surfaces thanks to 100% GROHE CoolTouch®.

GROHE TurboStat®

Always the right temperature, for utmost convenience and safety.

GROHE QuickFix®

Faster, easier and hassle-free, GROHE QuickFix® cuts installation time by up to 40%.
