GROHE PLUS –  
**ACCURACY THAT GOES  
BEYOND DESIGN**

The crisp lines of GROHE Plus make it an ideal fit with sharp, square ceramics, creating a consistent look throughout the bathroom

GROHE Plus features elegantly curved details for a softening effect perfectly suited to complementing round basins and adding a tactile note to a design concept

## SQUARE OR ROUND? A MATCH FOR BOTH

### **VERSATILE, SEAMLESS DESIGN**

The strength of an arc conceals its versatility – and so it is with GROHE Plus. Its distinctive, dynamic design draws on two classic shapes – the square and the circle. Thanks to its use of two surfaces – a circle bisected by a flat face – it works perfectly with both round and square bathroom fittings. Whether your bathroom sensibility is smoothly circular or crisp-edged and cubic, GROHE Plus faucet will sit perfectly with GROHE ceramics, showers and accessories, making the design process seamless.

## DESIGN HARMONY EFFORTLESSLY ACHIEVED

### A PERFECT FIT OF MATERIALS

The GROHE Plus faucet with LED temperature display has a bi-color finish, combining chrome with chic, MoonWhite acrylic glass. This modern material makes the Plus faucet a perfect fit with both GROHE SmartControl and Rainshower SmartActive shower in MoonWhite, making it even easier to create a sleek, seamless concept across the whole bathroom.

## DESIGN OPTIONS FOR EVERY CONCEPT
