SOLUTIONS
FOR YOUR KITCHEN

GROHE WATER SYSTEMS

Boiling hot or filtered, chilled and sparkling, our water systems deliver ready-to-use water from the convenience of your kitchen faucet.

GROHE INNOVATIONS

Intuitive technologies and functional enhancements – as well as outstanding design, we also attach great importance to the intrinsic merits of our products and are continuously working to enhance their level of innovation.

GROHE SOLUTIONS FOR YOUR KITCHEN

The new kitchen range has been developed from the consumer’s point of view, with a focus on practicality and problem solving. The numerous functions offered by our fittings are the clearest proof of this. With simple and individual solutions that fit perfectly in even the most difficult installations – for greater comfort and flexibility, each and every day.

GROHE BLUE®

NO NEED TO CARRY HEAVY WATER BOTTLES

Chilled and filtered drinking water directly from your kitchen fitting.

Water preferences can be as individual as taste in design. With the GROHE Blue®, we can cater to your exact tastes. Do you like your water still, lightly sparkling or sparkling? Filtered directly from the fitting in your own kitchen? Your wish is our command. GROHE Blue® combines outstanding design and innovative technology. A high-performance filter, cooler and carbonator deliver a pure taste experience – just as easily as using a standard kitchen fitting. The temperature and intensity of the water flow are regulated as usual using the fitting’s operating lever. The left rotary knob with integrated LED display regulates the carbonic acid content of the filtered and chilled water.

Our range of designs is as diverse as our customers

Do you also want your kitchen faucet to express your taste in design? GROHE Blue® technology comes in four outstanding fitting designs. Choose between the GROHE Blue®, the GROHE Blue® Minta, the GROHE Blue® K7 or the GROHE Blue® Mono.

If you do not want to give up your tried-and-tested kitchen fitting but still want to enjoy the benefits of the GROHE Blue®, we have another solution for you: the ‘Mono’ version of GROHE Blue®.

The Mono pillar tap can be simply installed on your worktop in harmony with your existing kitchen fitting. The best thing about this tap? It is designed to make filling containers like the GROHE Blue® carafe child’s play – for a refreshing, individual taste experience.

Blue: Still water

Turquoise: Lightly sparkling water

Green: Sparkling water

GROHE RED® – DUO & MONO

KETTLE HOT WATER IN AN INSTANT.

The water’s kettle hot!

Take a moment to count up just how many times you need kettle hot water in the kitchen. When you’re looking forward to a nice cup of tea, when you want pasta in tomato sauce this instant, when the baby’s crying with hunger but the bottle is not sterilised yet. This list goes on...

Make room for the important things in your kitchen.

Kettle hot water. In the past you would have needed a pot or kettle, now it comes directly from the faucet. The innovative GROHE Red® boiler system keeps four to eight litres of boiling water (depending on the boiler version) ready for immediate use at all times.

GROHE K7

DESIGN – FUNCTIONALITY – COMFORT

With the GROHE K7, we are redefining the focal point of your kitchen.
In the kitchen, a lot depends on skill and timing. Professional chefs know this better than anyone. That is why the K7 has also been developed in professional kitchens with input from professionals and geared to the needs of home chefs.

Design and functionality in perfect harmony
With the minimalist design idiom of the GROHE K7, designer Paul Flowers has accentuated the aesthetics of high-end, purist kitchens and combined perfect beauty with perfect function. The GROHE K7 is so functional that you can devote your full attention to what you are doing. The professional spray can be pulled out, turned and swivelled 360° and operated with one hand. Furthermore, you can switch back and forth between the spray and mousseur without having to turn off the water. Voilà.

GROHE EASYTOUCH

Innovative, easy-to-use and immensely practical, the advantages of GROHE’s Touch faucets are obvious. Inside GROHE’s elegant design is the latest technology to keep your kitchen clean all day long. Touch anywhere on the spout once with your wrist or forearm and cool water springs from the faucet. Touch again and it stops. No hand prints or greasy marks on the lever. No problem.

The benefits in a busy kitchen are both practical and visual. Leaving the faucet’s sparkling surface free of marks, this light-touch control prevents cross-contamination in your kitchen caused by germs and bacteria on the lever. It also reduces the burden of cleaning. You can cook up a storm and start and stop the flow of water as often as you like without leaving a trace on your faucet.

Safety is paramount, especially if you have little ones in the kitchen. That’s why the EasyTouch function is available with cold water, so there is no risk of scalding. Prefer warm water too? Simply upgrade with our Grohtherm Micro, a small thermostat fitted under the sink that delivers the perfect temperature every time, with no danger of scalding.

Simple activation/deactivation of the waterflow by touch.

Manually control

GROHE ZEDRA TOUCH

CLEAN – HYGIENIC – SAFE

NEW

Zedra Touch
online

Elegant, functional and ergonomic, Zedra is the natural choice for today’s hard-working kitchen. And now it is available with even more ingenious technology with the introduction of the Zedra Touch.

Turn the water flow on and off with just a touch to the spout with your wrist or forearm. No more mucky finger prints to clean and no fear of cross contamination. The sleek design with a wide swivel spout remains unchanged, but the immaculate finish will stay cleaner, for longer. Choose your Touch function in a cold water-version or upgrade with an under-sink Grohtherm Micro thermostat for perfectly controlled warm water and no danger of scalding.

GROHE MINTA TOUCH

CLEAN – HYGIENIC – SAFE

Minta Touch
online

Never before has technology been so touchable
It’s easy to fall in love with the GROHE Minta Touch. It’s sensitive. With its innovative EasyTouch technology, it instinctively reacts to the slightest touch. It’s clean-living - just because your hands are dirty, doesn’t mean your fittings should be, too. And it’s beautiful, with shining chrome that stays that way, thanks to GROHE StarLight® technology. One tap of the Minta Touch with the back of your hand, wrist or forearm is all it takes to turn it on or off, thus keeping the faucet clean and hygienic at all times.

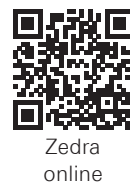

Easy to use
If your hands are clean, simply use the manual lever to adjust flow and temperature. GROHE Minta Touch is simple, sensual, moving – a hybrid faucet that intelligently unites two operating functions.

GROHE ZEDRA

ERGONOMIC – COMFORTABLE – ELEGANT

NEW

Elegance and harmony combined

Zedra combines contemporary design and maximum functionality with proven reliability for rigorous everyday use. The body flows elegantly into the wide swivel spout – a classic example of the GROHE design aesthetic – and now comes with an improved mechanism for retracting the pull-down spray.

The Zedra mixer with pull-down spray has been completely redesigned with a cleaner spray design and a new dual control button with locking feature, making switching between spray modes effortless. Zedra comes in two high-quality finishes: our high-gloss GROHE StarLight® chrome or the durable GROHE RealSteel with anti-bacterial properties. Whichever you choose, GROHE SilkMove® will ensure long-lasting smooth movement. GROHE SpeedClean lets you remove limescale from the nozzle with a single wipe.

GROHE MINTA

CLASSIC – MODERN – VERSATILE

One line for every design requirement

It's not just any kitchen – it's your kitchen, your interpretation of modern interior architecture. It's a place where well-thought-out details, form and function come together to create something very special. And it's the perfect setting for Minta.

The timeless classic: modern, attractive and versatile

Available with a choice of three striking spout versions that blend harmoniously into the modern kitchen aesthetic. Reminiscent of the graphic forms of the letters C, U and L, they feature a tubular swivel spout and pull-out mousseur or pull-out spray, while the comfortable height of the spout makes it easier to fill tall pots.

The elegant operating lever ensures easy and precise operation thanks to GROHE SilkMove® technology. GROHE StarLight® technology guarantees a long-lasting shine to the chromium finish. Fans of the professional kitchen look will particularly enjoy the versions with stainless steel look and the ease with which water savings can be made using the patented GROHE EcoJoy®.

GROHE EUROCUBE

SQUARE – STRAIGHT LINES – MINIMALIST

Eurocube
online

Clear design idiom for the minimalist kitchen

In today's Cosmopolitan kitchens the freshest designs and the freshest ingredients go hand in hand. Featuring a crisp, linear silhouette, Eurocube introduces true square design to the kitchen, while an eye-catching cut-out detail on the faucet lever enhances its architectural appeal.

Naturally, Eurocube also benefits from two of our leading technologies: GROHE SilkMove®, for comfortable and precise control of the water flow and GROHE StarLight®, for an intense chrome shine, which resists dirt and tarnishing and highlights its minimalist form.

GROHE EURODISC C

VERSATILE & INDIVIDUAL

Eurodisc C
online

Leaves no wish unfulfilled

In developing Eurodisc Cosmopolitan, we thought about people who are not so easily satisfied. These discerning individuals will recognise the attention to detail and nuances. The high-gloss chrome finish elegantly emphasises the tapered edges. You can expect the same perfection in the functionality of the faucet as in the form.

You can choose between three different spout heights, different versions and countless installation options. Whatever choice you make, you are guaranteed an attractive appearance and easy operation over the lifetime of the faucet, thanks to GROHE SilkMove® cartridges and GROHE StarLight® chrome finish.

GROHE CONCETTO

YOUNG – DYNAMIC – SOPHISTICATED

Concetto
online

Consistently cylindrical

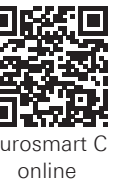

Concetto combines stylish minimalist design with superior ergonomics to reflect the core values of the Cosmopolitan design. Consisting of a series of cylinders, an arched or medium height spout rises elegantly from the sink. Its purist beauty is highlighted by the high-gloss GROHE StarLight® chrome finish which repels dirt and prevents tarnishing. GROHE SilkMove® technology enables fingertip control of water flow and temperature. And all with an unbeatable price performance ratio.

The tried-and-tested fittings with a flat and high spout are combined with medium-height variants to ensure the right kitchen fitting in the distinctive Concetto design for every sink and requirement – optionally in a stainless steel look.

The Concetto range also offers variants for functional kitchens for installation in front of a window, with dishwasher shut-off valve or for low-pressure applications.

GROHE EUROSMART C

MODERN LOOK – PROVEN QUALITY

Eurosmart C
online

The perfect entry-level fitting from GROHE

The new Eurosmart Cosmopolitan collection of kitchen faucets combines the clean, geometric lines of modern architecture with durable technology. They offer an impressive balance of modern aesthetics and excellent ergonomics. The swivel spout is convenient and easy to use – the ideal complement to any sink.

Proven technologies such as GROHE SilkMove® for precise and smooth control and the high-gloss GROHE StarLight® chrome finish ensure the functionality and a flawless appearance, even after many years of use. The GROHE EcoJoy® version of the Eurosmart Cosmopolitan kitchen faucet effortlessly saves water and energy. GROHE EcoJoy® reduces the maximum flow rate to 5.7 litres per minute – although it will feel like much more. And all with an unbeatable price/performance ratio.

GROHE SUPERSTEEL

SUPER LOOKS – SUPER RESISTANCE

To fulfil its purpose, a kitchen fitting needs to be resistant. GROHE’s SuperSteel surface more than fits this bill. In fact, the innovative PVD coating is ten times more scratch-resistant than chromium. The silk-matt stainless steel surface not only looks unbelievably good, but also demonstrates its resistance in daily use. Fingerprints on the surface? Not here. And nowhere on the surface for microbes and bacteria to lurk either, which greatly reduces the microbial count. So the surface of the fitting stays hygienically clean, day after day.
