GROHE | MASTERS OF TECHNOLOGY

GROHE

THEOCHARIS LIOLIS

Master of Technology, produces unbeatable hardwearing faucet surfaces with GROHE StarLight®.

MASTERS OF TECHNOLOGY

GROHE's people have been regarded by their peers in the industry as Masters of Technology, because of their innovations, outstanding design and award-winning fittings.

By a combination of their advanced craftsmanship and their cutting-edge approach to effective teamwork and processes, our Masters of Technology take the lead in developing, designing and manufacturing our outstanding product range, all the while testing and fine-tuning each piece to ensure continued customer satisfaction.

The result: Timeless design. And quality that lasts a lifetime. Again and again GROHE products surprise users with unique features that provide 'Pure Freude an Wasser'. When you use a GROHE product you can feel the difference. Time after time.

Take, for example, the new GROHE Eurostyle faucet range. The sensually soft shapes of the fittings radiate a natural beauty. By combining organic shapes with GROHE's 7 degree design DNA Eurostyle is designed to offer superior user comfort. The new 35 mm GROHE SilkMove® cartridge offers high performance, silky smooth operation and precise control of water flow and temperature. A variant with innovative GROHE Zero technology prevents adding any lead into the drinking water because of the advanced inner-waterguides.

A special highlight is the softly curved lever, sculptured like a piece of art. Thanks to the GROHE StarLight® coating the faucet is incredibly scratch-resistant, meaning the dazzling surface won't mark or tarnish. Eurostyle is available in Chrome and Moon White finish.

EUROSTYLE BATHROOM THE ART OF INTUITION

Pure emotion. Emotions – not just reason and analysis – guide actions. Allow yourself to drift, but maintain control. Organic shapes that beautifully caress the senses will help you reach this goal. The Eurostyle line was developed for intuitive, environmentally conscious people.

GROHE EUROSTYLE BEAUTY AND COMFORT

Bring ergonomic comfort and a little touch of luxury to your bathroom, whatever your style. With its slim, sensual lines and a range of spout heights, Eurostyle is intuitive to operate and beautiful to look at. With an accessible price that doesn't mean a compromise on performance, Eurostyle is the ideal way to combine effortless practicality with easy elegance in your bathroom.

GROHE EUROSTYLE FROM S TO XL

Three generations of affordable luxury. In 1999 the first generation of GROHE Eurostyle caused a stir when it was launched into the market. It has been so popular that it now enters its third generation which shines with a new sensual, intuitive and organic design. The dynamic curves and the various height options - ranging from S to XL offer increased comfort.

The sensual and softly curved lever of the new Eurostyle faucet is sculptured like a piece of art and radiates natural beauty. By combining organic shapes with GROHE's 7 degree design DNA it is designed to offer greater user comfort. The new, slimmer 35 mm GROHE SilkMove® cartridge is fitted with the GROHE EcoJoy as standard and delivers 5.7 litres for reduced water consumption but offers maximum performance. The basin mixer comes in a range of options including a lead and nickel free variant and the choice of chrome or a beautifully pure Moon White finish.

GROHE EUROSTYLE NEW FEATURES

The new Eurostyle range has been improved both inside and out, from its organic modern design to its state-of-the-art internal technology. The new 35 mm GROHE SilkMove® cartridge with integrated temperature limiter is now used for washbasin, bath and shower mixers. Eurostyle remains the best choice for intuitive, environmentally conscious people.

The Eurostyle range represent a cornucopia of design- and colour- diversity, providing two different lever designs in chrome and beautiful pure Moon White finish.

GROHE QuickFix®
installation

Clean drinking water is essential to your health. When choosing taps and mixers with GROHE Zero technology, you choose a faucet with a body with maximum health benefits. The body does itself not add any lead into the drinking water because of the advanced inner-waterguides.

GROHE Eurostyle S-Size is available as GROHE Zero variant with solid or loop lever.
