# AQUAZONES **BY GROHE SPA®**

For the first time GROHE introduces the concept of Aquazones as part of the GROHE SPA® portfolio. Aquazones follow the concept of the thousand year old Japanese bathing culture, in which each step of the bathing experience has its dedicated zone. These perfectly designed zones take on different roles and allow the consumer to fully endulge in each ritual, while already looking forward to the next one. Now GROHE offers new technologies in each of the five zones, allowing consumers to enjoy their personal spa time even more.

**REJUVENATION ZONE** – The most important zone is the shower area. The GROHE AquaSymphony is part of our tailor-made shower portfolio and we combined our largest ever ceiling shower with a curtain of water, a pool of therapeutic light effects, crowned with a multitude of massage, jet and rain sprays as well as two large waterfalls. Choose and listen to your favourite songs using the GROHE SPA® App and F-digital Deluxe via the wireless Bluetooth connection. All this turns your showering experience into an impressive symphony.

**PREPARATION ZONE** – The basin area is central to your daily cleansing routine and as such should be designed to perfection. The GROHE Grandera® Collection builds a fascinating bridge between nostalgia and modernity. Now this collection is also available in our shimmering finish called Warm Sunset.

**RELAXATION ZONE** – Give yourself room to breathe, lie back and drift away – cocooned by warm water. GROHE bathtubs give you timeless harmony in a luxurious design, which is derived from the bathing ritual engaging both body and soul. With a selection of square and round shapes, these bathtubs will add value to the bathroom's interior design.

**RECREATION ZONE** – The space for quiet reflection. The space where a bathroom becomes a spa bathroom. Hydrating your body before and after a spa treatment is an essential part of every spa tradition. GROHE Blue® delivers sparkling, chilled and filtered water in your Recreation Zone.

**CONTEMPLATION ZONE** – Experience comfort and hygiene in this dedicated zone. GROHE Sensia® is the new generation of shower toilets. Settings for water temperature, jet strength and cleansing mode can be saved as your personal profile.

This brochure is about inspiration and about bringing the concept of Aquazones to you. We hope you'll be inspired by the designs and planning advice so that you too can create a blissful home spa in which to escape and indulge in "Pure Freude an Wasser".

Enjoy Aquazones by GROHE SPA®.

### **MASTERS OF TECHNOLOGY**

GROHE's people have been regarded by their peers in the industry as Masters of Technology, because of their innovations, outstanding design and award-winning fittings.

By a combination of their advanced craftsmanship and their cutting-edge approach to effective teamwork and processes, our Masters of Technology take the lead in developing, designing and manufacturing our outstanding product range, all the while testing and fine-tuning each piece to ensure continued customer satisfaction.

The result: Timeless design. And quality that lasts a lifetime. Again and again GROHE products surprise users with unique features that provide 'Pure Freude an Wasser'. When you use a GROHE product you can feel the difference. Time after time.

Take for example the GROHE SPA® collections. These beautifully designed pieces welcome you into an oasis of rejuvenation and harmony arranged in five "Aquazones": Preparation, Rejuvenation, Relaxation, Recreation and Contemplation. It's a contemporary space that speaks the language of individual style and where every design element invites interaction.

GROHE SPA® features exciting functions that respond to your everyday needs, such as GROHE F-digital Deluxe, whose Bluetooth-controlled lights and sound give you the freedom to create your own bespoke spa experience.

Modern shower toilets, a GROHE Blue® water system and the collection's inherent beauty will transform your bathroom into an indulgent space for physical, emotional and spiritual wellbeing.

### GROHE Colours - Creating memorable moments in your personal Home SPA

Products of the GROHE Colours range have an architectural element, as they add value to the bathoom's interior design even when the products are not in use. And when they are in use, GROHE showers and faucets perform to perfection in terms of comfort and reliability. GROHE Colours are the contribution to transform the time spent in a bathroom into memorable moments spent in your personal Home SPA.

### Warm Sunset

Warming, organic and adding that essential touch of contemporary luxury, GROHE embraces the trend for copper and rose gold finishes in the bathroom. The unique Warm Sunset colour is perfect for adding a soft, feminine touch to today's fashion-forward bathrooms.

### **Cool Sunrise**

For customers who want to make a sophisticated style statement in their bathroom, Cool Sunrise is GROHE's new finish that captures the shimmering light of yellow gold. An opulent, reflective finish that marries classic luxury with modern lustre.

### **Hard Graphite**

Masculine, slick and atmospheric, the Hard Graphite finish uses polished black chrome to add an urban edge to bathroom fittings. A perfect fit for industrial-inspired schemes as well as complementing the high-end vintage look, this finish is dramatic and dynamic.

### **Soft Graphite**

Bring warmth to today's hugely popular grey palette with the special texture of Soft Graphite. The surface of the brushed black chrome will bring depth and an understated feel of quality, perfect for schemes where hi-tech meets organic elements.

## **RELAXATION** ZONE

RECREATION

Give yourself room to breathe, lie back and drift away - cocooned by warm water, comforting and restorative. Choose a deep, freestanding bathtub paired with an elegant bath spout. Or float in a sunken bath with beautiful integrated fittings. At the end of the day, it's hard to beat a lingering soak in the bathtub.

### JAXSON **BATH TUBS**

JAXSON gives you timeless Japanese harmony in luxurious designs for the bathing experience of a lifetime. For thousands of years, the Japanese have performed a distinctive bathing ritual that engages both body and soul. When enacting this ceremony, the objective is not just to cleanse the body; it is to reach a form of spiritual reconnection with the natural elements, achieving an inner balance of harmony and tranquillity.

Given the pressures of today's fast-moving world, the need for downtime has never been greater – and, at the same time, the lure ofdesign and innovative technology has never been higher.

Creator of luxury bathtubs, JAXSON has mixed the best of two worlds. Inspired by Japanese spiritualism and attention to detail, Jaxson has transformed the Asian bathing ritual into a sophisticated and immersive experience that measures up to the highest standards of beauty, performance and harmony all over the world. JAXSON and GROHE are sister companies and are part of the LIXIL Water Technology Group.

## **RECREATION**ZONE

A space for quiet reflection, to sip tea, enjoy a glass of water, read a book or just 'be' – the space where a bathroom becomes a spa bathroom, the culmination of your spa journey. Recline on a daybed or feather-filled armchair and savour the moment. Having treated your body, now take time to treat your mind – meditate or simply lose yourself in your thoughts.

# GROHE BLUE® REFRESHING REHYDRATION IN YOUR PRIVATE SPA!

Hydrating your body before and after a pleasant spa treatment is an essential part of every spa tradition around the globe. Whether you enjoy the regenerating and cleansing gentle steam from GROHE's steam modules or treat yourself to a relaxing bath in a comforting GROHE bathtub, having a glass of sparkling water before and after helps to rehydrate your body and refresh your mind. GROHE Blue® delivers all the benefits of bottled water, straight from the faucet in your Recreation Zone. GROHE Blue® provides filtered, chilled and sparkling water.

#### **CONTEMPLATION** ZONE

Experience comfort and hygiene in this dedicated zone. GROHE Sensia® is the new generation of shower toilets. Settings for water temperature, jet strength and cleansing mode can be saved as your personal profile. Relax, take your seat and begin your own programme of pampering.

### TRANSFORM YOUR MOST PRIVATE RITUAL

The world is evolving continuously. Some cars drive with zero emissions, others can drive themselves thanks to scientific breakthroughs. Smartphones and apps become more and more integeral to our daily routine, using smart technology to monitor our physical wellbeing. GROHE wants to take the next step in sanitary care, by enhancing your daily routine with Intelligent Care. A new and revolutionary product category that respects our evolved sense of body and self. The technology and design of the GROHE Spalet takes care of some of your most private moments, inviting you into a new dimension of wellbeing and cleanliness.

#### 02 MAYBE THE **CLEANEST PLACE** ON EARTH

Put your trust in ultimate hygiene – the GROHE Sensia® Arena incorporates different innovative technologies that all work together to give you a 100% hygienic toilet. From the design of the bowl to advanced coatings that offer triple protection from dirt, bacteria and limescale, you can be sure that your toilet is always sparkling clean and safe.

#### 01 GROHE AQUACERAMIC AVOIDANCE OF IMPURITIES

surface without AQUACERAMIC

surface with AQUACERAMIC

# O2 GROHE HYPERCLEAN PREVENTION OF BACTERIA GROWTH

surface without HYPERCLEAN

surface with HYPERCLEAN

#### ULTIMATE HYGIENE FOR 100 YEARS WITH AQUACERAMIC AND HYPERCLEAN

It creates a smooth surface that impurities can't stick to, meaning impurities or residues cannot attach to the bowl and the powerful triple vortex flush easily cleans with one flush. This innovative surface treatment works in two ways – it uses a hydrophilic layer to prevent residues sticking to the bowl, and it uses nano-technology to prevent limescale latching onto the surface and attracting dirt and grime. The AquaCeramic surface is coated before firing and lasts more than 100 years! Even scrubbing won't wear it off. Alongside GROHE's HyperClean finish it locks out impurities and bacteria for good, making cleaning effortless and maintaining the sparkling, fresh-from-the-box finish.

# 100 YEARS OF CLEAN AQUA

Take confidence that your bathroom is hygienic and clean with GROHE HyperClean, which uses naturally anti-bacterial silver ions to inhibit germs and prevent stains and odour. During the glazing process this exceptionally smooth and hardwearing finish is added which prevents 99.9% of bacteria growth, meaning your ceramics stay sparklingly clean and germ-free with the minimum of effort. Take peace of mind from this feature, certified by the Society of Industrial Technology for Antimicrobial Articles, guaranteed to make your bathroom a safer, cleaner and germ free place for you and your family.

Ceramic materials proudly feature the SIAA (Society of Industrial Technology for Antimicrobial Articles) brand mark based on ISO for KOHKIN – stringent criteria for the anti-bacterial effect and the safety of the agent.

#### EASILY CLEAN – WITH ONE FLUSH

**WITH**AQUACERAMIC

WITHOUT AQUACERAMIC

Unlike other toilets, GROHE's innovative triple vortex flush system creates a powerful vortex of water that swirls to cover and clean the whole of the bowl. Despite its power, this effective flush has low water consumption, with a dual flush option that uses just 5I of water and only 3I for a short flush. Instead of one or two water outlets, the Triple Vortex system flushes from three outlets – one at the back, one at the side and one at the base of the bowl – creating an incredibly powerful flush that leaves nothing behind.

#### GROHE RIMLESS LEAVES BACTERIA NOWHERE TO HIDE

Corners and crevices are playgrounds for bacteria, especially under the rim of the toilet bowl. That's why we've created the "rimless" bowl where every surface is easy to reach and effortless to keep clean, even in the parts you can't see. In tandem with the triple vortex flush it makes this the cleanest toilet ever.

## **INNOVATIVE DEVELOPMENTS**FOR ULTIMATE TOILET HYGIENE

#### **HYGIENECLEAN**

Outstanding hygiene features provide ultimate cleanliness. Combining our leading-edge antistick coating AquaCeramic and the HyperClean glaze that prevents the growth of 99.9% of germs you can be confident that your ceramic will stay clean for 100 years.

#### **AQUACERAMIC**

Creates a smooth hydrophilic layer on the ceramic surface that dirt and limescale can't stick to, meaning there are no residues after flushing. Makes your toilet 100 years clean!

#### **HYPERCLEAN**

This exceptionally smooth and hardwearing glaze uses silver ions to prevent 99.9% of bacteria growth, keeping your ceramic sparkling clean and germ-free.

#### **GROHE POWER FLUSH**

Strong vortex action creates a high-suction force for an extra-powerful flush, thoroughly cleaning all corners of the toilet bowl.

#### TRIPLE VORTEX FLUSH

Three water outlets create a powerful vortex effect with each flush, covering and cleaning every corner of the bowl for ultimate hygiene.

#### RIMLESS TOILET BOWL

The rimless toilet bowl allows easier cleaning. No dirt collects on the rim, and the interior of the bowl is clean and bright – without splashing.

# 03 WE'VE TAKEN CARE OF YOUR PERSONAL COMFORT

Take total control of your cleansing routine in three different ways. You can use the smartphone app, which lets you programme your own user profile effortlessly, reach for the intuitive remote, or use the simple control panel at the side of the seat. What could be more simple?

#### AIR DRYER

Enjoy the ultimate warming comfort of an air dryer function, leaving you completely clean and dry.

#### **ODOUR ABSORPTION**

Never worry about bathroom odours! Two vents keep any smells at bay – an airshield around the bowl surface seals the air inside the toilet, keeping odours in the bowl, while the other draws odours away completely through an active carbon filter.

#### SEAT LID OPEN AND CLOSE

The toilet's sensor detects your presence, automatically opening the lid as you approach. You can preset automatic open and close, seat lid only or both seat lid and seat.

#### **NIGHTLIGHT**

The GROHE Sensia® Arena is there to look after your every need from start to finish. That's why we've included a soft nightlight to guide your way at night that comes on when the lid opens automatically. You can also activate a permanent LED light if you prefer to have a gentle light signal to guide your way at all times.

# **SMART PROFILING**FOR BEST PERSONAL COMFORT

#### SMART PHONE APP ANDROID/IOS

Control your shower toilet and save your personal settings to your user profile for extra convenience via the Spalet app. Available for IOS or Android smartphone systems.

#### USER PROFILE MEMORY

You can save different user settings and recall them every time when you use the toilet.

#### REMOTE CONTROL

Access all functions by remote control, comfortably and intuitively.

#### SIDE CONTROL PANEL

Basic functions can also be controlled directly on the seat at your convenience.

#### AIR DRYER

After a warm-water shower, the warm-air dryer provides fast and gentle drying.

#### **ODOUR ABSORPTION**

As soon as you sit down on the seat, odour extraction is activated automatically.

#### AUTOMATIC SEAT OPEN & CLOSE

When approaching the toilet, a sensor recognises your presence and the lid and seat open and close automatically.

#### **NIGHTLIGHT**

The shower toilet is lit by a soft light in the dark to help you find your way.

#### SOFT CLOSE SEAT

Both seat and lid have a gentle and quiet soft-closing mechanism.

#### AUTOMATIC FLUSH<sup>2</sup>

The moment you move away from the toilet, a sensor-controlled flush is actuated.

# GROHE SENSIA® IGS

Ultimate freshness - completely intuitive. GROHE Sensia® IGS makes a trip to the toilet a pleasant experience. This shower toilet will routinely impress with its elegant design and many high-tech details every day. These include an innovative controller that works by rotation and pressure, as well as the intuitive remote control with touchscreen. Define your individual feelgood programme – say, water temperature and type of spray – and save it. You can reset the functions to suit you at any time. GROHE Sensia® IGS also means a shiny clean toilet, thanks to its numerous innovative hygiene functions. For example, the spray arm head is automatically cleaned before and after each use. The spray arm and the warm-air dryer are perfectly positioned for the user, being integrated directly into the ceramic. For total peace of mind, the complete shower system carries out thermal cleansing at regular intervals using water at a temperature of 70°C. An automatic descaling programme is also available. You can't get more thorough than that. Let GROHE Sensia® IGS give you a complete feeling of perfect hygiene.

### GROHE SENSIA® CBS

Leading technology for highest standards. Trendsetting Technology Stylishly Presented. Those who take pleasure in ground-breaking innovations will be absolutely thrilled with GROHE Sensia® CBS. This highly innovative shower toilet has been equipped with the latest Japanese technology, making personal hygiene a sensual experience. Settings for spray type, spray strength, and spray temperature can be varied individually and intuitively. Push only a few buttons to get your very own pampering programme.

You will also get top-class hygiene thanks to the powerful flush. For that, GROHE Sensia® CBS relies on the revolutionary GROHE PowerFlush technology. This employs a water-swirling action for a thorough cleansing in a matter of seconds. GROHE Sensia® CBS is a floor-standing toilet with integrated flushing technology and automatic flush. The automated lid and heated seat add a touch of luxury. GROHE Sensia® CBS not only sets new technological standards, it has an aesthetically pleasing slimline design.

GROHE Sensia® CBS is currently available only in Asia.

### GROHE **ALLURE BRILLIANT**

Crisp planes, intriguing angles and cut-out details, Allure Brilliant illustrates the absolute precision that can only be achieved through years of experience and an unfaltering passion for innovation. Complex without being complicated, the cut-away detail of these faucets add a new dimension to bathroom design, and a new dimension to water.

Warm Sunset (DA0), Cool Sunrise (GL0), Hard Graphite (A00) and Soft Graphite (AL0)

### GROHE **ALLURE BRILLIANT**

The pinnacle of ultimate bathroom luxury and sophistication. Faceted surfaces perfectly cut like a diamond excite you every time you step in your bathroom.

Water performs for you with the Aquawindow.

Now available in 4 New colours: Warm Sunset (DA0), Cool Sunrise (GL0), Hard Graphite (A00) and Soft Graphite (AL0)

### GROHE **ALLURE**

Perfectly balanced proportions on the outside and technically advanced on the inside – Allure unites inherent beauty with unmatched performance. Cylindrical bodies rise from square and rectangular base plates adding to its minimalist appeal, while the collection offers a choice of two handle styles – a flat lever or a tri-spoke design – to meet your exact requirements.

### GROHE **ALLURE**

Enjoy every moment. Faucets and fittings in the GROHE SPA® collection illustrate our commitment to unrivalled quality in the bathroom. Here, each element of the Allure three-hole bath combination – the spout, the hand shower and the lever handle – illustrates three world-class GROHE technologies.

### GROHE **ALLURE F-DIGITAL**

Convenient and discreet, effortless and intuitive to use. Allure F-digital\* takes the faucet design in a new direction. A square base plate gives rise to the circular control – mirroring the same design details that give Allure faucets their modern appeal. Simply turn the product on, twist the outer ring to increase water flow and press the plus or minus to increase or decrease the temperature. To further enhance usability, an LED ring gives visual feedback on the water temperature. And for the bath and shower, the digital diverter lets you switch between water outlets with a single touch.

# GROHE **VERIS**

Rooted in the philosophy of Sensual Minimalism, GROHE Veris blends sobriety with emotion. Sinuous curves meet soft edges to create a timeless and striking form. Resonating the same DNA as our award-winning GROHE Ondus® collections, GROHE Veris extends this unique aesthetic philosophy to a wider audience.

# GROHE **VERIS**

The GROHE design DNA brings harmony to GROHE SPA® collections and GROHE Veris is a shining example. Lozenge-shaped handles bring a soft architectural appeal to the fittings, rings around the bases of spouts and handles highlight an area of purpose, while faucet spouts are pitched at a comfortable angle of 7°.

### GROHE **VERIS F-DIGITAL**

Wireless technology. Push-button operation. Experience the convenience of digital technology with GROHE Veris F-digital\*.

Buttons on the digital controller let you start or stop the water and adjust the temperature, while a dial around the outside is used to control the water pressure. Enhanced by an illuminated ring, the design gives you instant visual feedback of the water temperature. And for the bath and shower, the digital diverter lets you switch between water outlets with a single touch.

### GROHE **VERIS F-DIGITAL**

From a single freestanding bath spout to integrated solutions featuring a hand shower, bath spout and filler, the Digital Controller\* and Digital Diverter introduce a new level of luxury to the bathroom and enhance your bathing enjoyment.

#### GROHE **GRANDERA**®

Now available in 4 New colours:

Warm Sunset (DA0), Cool Sunrise (GL0), Hard Graphite (A00) and Soft Graphite (AL0)

## GROHE GRANDERA®

The GROHE Grandera® collection stands for perfection, right down to the smallest detail. And that is why the entire range, from the head shower to the thermostat and from the washbasin fitting to the ceramics, is perfectly coordinated.

High-quality workmanship and exceptional craftsmanship, reflected also in the many decorative elements, create clean and precise shapes. And thanks to GROHE StarLight® technology, not only will the fittings retain their shine in the long term but they are also extremely resistant to dirt and scratches.

## GROHE **ATRIO 7°**

Dynamic, youthful and vibrant, Atrio One collections bring an air of modernity to the bathroom. Pure cylinders are extruded in various depths and diameters to create two collections – Atrio C spout and Atrio 7°. Both ranges utilise slender lever handles and reduced proportions to convey a modern aesthetic that ensures coordination with a variety of interior styles.

## GROHE **ATRIO 7°**

Seven degrees: the comfort angle. Our products are designed to be enticing, intuitive and easy to use, that's why several of our faucets, including Atrio 7°, feature spouts or handles pitched at an inviting angle of seven degrees.

A head shower, hand shower and four body sprays – welcome to three-dimensional showering from a single thermostatic shower system.

## GROHE ATRIO CLASSIC

With a distinct nod towards the Bauhaus dictum: form follows function, Atrio Classic is a harmonious blend of cylindrical forms and the finest GROHE technologies. Look further and you'll see the collection offers a choice of two handle styles – Ypsilon tri-spoke handles or elegant Jota lever handles, further enhancing its universal appeal. Atrio Classic, for today and for tomorrow – because classics are designed to last.

# GROHE ATRIO CLASSIC

Classic design and timeless spa materials – the perfect marriage of beauty and comfort. And just like Atrio Classic, our Rainshower® head shower makes itself at home in a wide range of different environments.

Each person is unique. GROHE Tailor-Made Showering celebrates this uniqueness and variety by letting you design your shower according to your own vision of rest, relaxation, regeneration, personal care, design and comfort. For a daily spa experience as individual as you are.

Using a wireless Bluetooth connection, the GROHE SPA® App\* and GROHE F-digital Deluxe modules you can stimulate all of your senses with just a single movement of the hand – available for Apple and Android mobile devices.

#### **TOUCH**

With just one touch you can transform your shower into your own personal spa. Soft lighting, relaxing steam and your favourite music. You can stimulate all of your senses with just a single movement of the hand.

#### SOUND

There's nothing on this earth that moves us more than music. The perfect song or sound can fill us with joy, make us feel relaxed, recharge our batteries or help us forget our troubles. With the GROHE sound modules, you can now enjoy your favourite music while showering.

#### LIGHT

Colour has a positive effect on our sense of well-being. But we all perceive colours differently. With the GROHE light modules\*\*, you can change the colours to suit your mood and enjoy a personalised chromotherapy experience while showering.

#### **STEAM**

Experience regeneration in its purest form with the GROHE steam modules. Gentle steam not only enhances our sense of emotional well-being, but also has a positive effect on the entire body. It opens the pores, detoxifies the body, hydrates the skin and helps the muscles to relax.

- \* Available for free via iTunes app or Google Play store.
- \* This luminare contains built-in LED lamps, which cannot be changed: Energy efficiency class LED: A A++

Every colour has a different wavelength and therefore its own energy, which has a varying effect on the mind and body. Red represents vitality and activity, while blue is considered to be a calming colour. One of our primary objectives when developing GROHE F-digital Deluxe was to give you the opportunity to change the lighting to suit your mood, and allow you to enjoy your own personal chromotherapy experience while in the shower.

Using the GROHE SPA® app, you simply select the colour that you wish to have during your shower from a specially designed colour wheel. For example, you might wish to start your day with stimulating yellow, enjoy soft purple after a steam bath or get an exciting evening off to a great start with optimistic orange. With GROHE F-digital Deluxe you can integrate up to four high-quality LED light modules\* into your shower, all of which are dimmable. You can therefore choose a light intensity that reflects your mood. And, of course, you can save all of your settings so that the perfect colour for tomorrow morning's shower is just a movement of the hand away.

<sup>\*</sup> This luminare contains built-in LED lamps, which cannot be changed: Energy efficiency class LED: A - A++

With GROHE's broad range of Tailor-Made showers, you have endless possibilities to create the shower you want to own, the way it should look and the way you want to shower, whatever your mood. Based on the space you have available, GROHE created four inspirational luxury showers with Rainshower® F-Series and F-digital Deluxe. Choose between bespoke solutions for a small individual shower cabin, up to a XL wellness zone for you and your partner.

#### THE CONFIGURATION - MADE EASY

To make planning your GROHE SPA® Small, Medium, Large or XL shower easier, you'll find extended product lists, including all products that are fitted behind the wall, in the dedicated F-digital Deluxe Planning & Installation Guide.

## GROHE SMARTCONTROL

Rainshower® SmartControl – Choose the spray, control the volume, save the settings. All with one control. Showering has just become an even more fluid experience. GROHE's unique SmartControl push-and-turn button technology takes the idea of comfortable showering to a new level and requires very little effort. The spray jet type can be directly selected by pressing the push button, meaning adjusting the jet disc is no longer necessary. In addition, personalised jet strength settings can be selected and saved for the desired spray jet type just by turning the button. Everything in one button = An innovative all-in-one solution.

What is more, GROHE SmartControl allows you to combine the different spray jet types in just a few steps. Try GROHE PureRain + Trio Massage, for example. Prefer to switch to handshower? Not a problem! All it takes to activate it is pressing the push button. In short, just three buttons are enough to offer you a vast array of showering options. The new user-friendliness of GROHE SmartControl makes using water even more efficient and utterly convenient.

Additional features include: GROHE TurboStat® technology, which ensures that the chosen temperature is reached and maintained within fractions of a second; the SafeStop button, which prevents the water temperature from being turned up beyond 38 degrees; GROHE CoolTouch®, which keeps the outer surface of the thermostat at a temperature that is safe to touch; the GROHE Rainshower® 360 XXL head shower; and last but not least an elegant organic design. Thanks to the the clearly labelled EasyLogic design operating the thermostat becomes child's play and the EasyReach tray, made of security glass, provides enough space for all your shower utensils.

## MADE IN GERMANY

### A PASSION FOR QUALITY. PRECISION CRAFTED TO THE HIGHEST STANDARDS.

Precision is synonymous with the GROHE brand. Our "Made in Germany" seal of exceptional quality has always characterised our work. We believe that this is in large part because our award-winning designer and development teams are all based in Germany, home to the highest quality products in the world. We are proud of upholding this German tradition and we guarantee our customers consistently superior manufacturing - down to the smallest detail. GROHE also delivers top quality product development. At our facility in Hemer, in the Sauerland region, our engineers and designers work hand in hand to refine our innovative ideas. We hold all our facilities in Germany, Portugal and Thailand to the same GROHE quality promise and high manufacturing standards. We live by our global standard of perfection.

#### SUSTAINABILITY STARTS WITH QUALITY.

If you decide on GROHE, you choose safe products which were created to be long-lasting and resource-friendly. We impose the most stringent durability tests with 15-year service life conditions. We want you to enjoy your GROHE products for many years to come. Sustainability is a pervasive and essential part of our corporate culture. You can enjoy your GROHE bathroom solutions with a clear conscience for many reasons:

#### INNOVATIVE ENERGY CONSERVATION.

We have developed countless innovative technologies which will help you to conserve energy without having to sacrifice comfort and pleasure in the bath. For example, the thermostats with GROHE TurboStat® technology reach the desired shower temperature within seconds. And fittings using GROHE SilkMove® ES combine ultimate ease of use with energy-saving innovations. This modern technology prevents the unnecessary heating of water when you use the moderate setting.

#### SMART WATER CONSERVATION.

Respectful water resource management is another topic close to our hearts. Many of our fittings and shower systems are equipped with the revolutionary GROHE EcoJoy water conservation technology, reducing water use by up to 50%.

#### SOCIAL RESPONSIBILITY.

As an international company, we are aware of our responsibilities to the environment. We maintain an open and objective dialogue with the general public. At our facilities we promote environmental awareness to improve the health and safety standards of our employees.

### SURVEILLANCE BY INDEPENDENT CERTIFICATION PARTNERS.

Each of our facilities is regularly inspected by independent, external certification authorities in health, safety and environmental protection to ensure compliance with ISO standards. We follow the International Standards ISO 14001:2009 and OHSAS: 2007.

# MOMENTS OF TRUTH

GROHE's Masters of Technology announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.
