# HANDS ON **FEATURES**

Accommodating your every wish and desire, GROHE water systems and kitchen faucets include user-centric features and ingenious details that make all the difference. More choice, more comfort and more flexibility; which is why our products are such a pleasure to use.

Dear customers,

The kitchen is the heart of the home. It's where the family gathers, friends connect and experiences are shared. At GROHE we use our unique craftsmanship to create smart technology to effortlessly deliver water to your kitchen to cook, clean, drink and enjoy. We are dedicated to creating elegant and intelligent products that combine design, quality, technology and sustainability. With our most complete kitchen portfolio ever, we are driven by our goal to be at the heart of your home.

A perfect example of our ethos is our GROHE water systems. Our award-winning design reflects our heritage as skilled and innovative craftsmen. At the slightest touch of a button or gentle twist of the tap, GROHE Red and Blue systems provide you with the purest filtered water, either hot or cold. Delivering fresh water into your glass or cup eliminates the need for bottled water or kettles, creating a more sustainable way to enjoy water in your life.

We know that creating fantastic food requires technology which is reliable and functional: technology with unique features and intelligent design reflecting your personal taste. This understanding has allowed us to develop GROHE's market-leading Premium Lifestyle Collections,

with clever and beautiful features like our GROHE EasyTouch or GROHE FootControl products, helping to liberate your hands in the kitchen. Or our distinctive Essence Professional Colour designs, all created to encourage your culinary creativity, another addition to our comprehensive kitchen portfolio.

A passion for taste is central to what you create in the kitchen, at GROHE we aim to complement this with our passion for delivering the very best craftsmanship and engineering expertise in every one of our products. We credit this approach for the success of our Performance Lines, which deliver multiple design combinations, versatile height and installation options to allow you to create kitchens that are safer, easier and more enjoyable to use.

This unique combination of expert craftsmanship and forward-thinking innovation means we can deliver the products you need to build kitchens that are practical, reliable and beautiful: the hallmark of GROHE.

Yours, Michael Rauterkus  
Chief Executive Officer  
Grohe AG

# PURE FREUDE AN WASSER.

Life-giving, universal, joyful – water itself is the source of inspiration for the whole of our distinctive product portfolio.

Each of these products is always based on our four core values: Quality, Technology, Design and Sustainability. Balancing these in everything we do, allows us to deliver unrivalled water enjoyment to our customers.

## QUALITY

### GERMAN PERFECTIONISM INSPIRES ULTIMATE CUSTOMER CONFIDENCE.

We strive for an excellence that goes way beyond the surface of our products. In fact, from design to production and customer service we aim for nothing less than perfection at every stage. Our history of great German engineering, rigorous internal tests and numerous external certification processes are what gives our customers complete confidence in a name they can trust.

NO. 1 MOST TRUSTED BRAND BY CONSUMERS

with pull-out dual spray

**FOOTCONTROL**

Just touch the bottom side of the cabinet with a gentle tap of your foot to turn the faucet ON and OFF.

# GROHE FOOTCONTROL

For kitchens where time is of the essence and convenience is a must, why not go hands-free? GROHE's new FootControl faucets can be turned On and Off with a gentle tap of your foot on the base unit, leaving your hands free and your faucet spotless at all times. Three of our most popular faucets come with this innovative FootControl technology, or you can retro-fit the feature to any GROHE pull-out kitchen faucet. To say goodbye to germs, mess and hassle, simply tap your feet!

# GROHE **EASYTOUCH**

Kitchens are hands-on places, where multi-tasking is a must. Why not make life easier for yourself with a GROHE touch-activated faucet? We've developed a choice of two innovative solutions that let you control the flow of water without using your hands, making your kitchen more hygienic, convenient and instinctive to use. GROHE faucets can be activated with a simple touch of the wrist or elbow. Leave your hands free and keep your faucet sparkling clean. Change the way you control your kitchen with just a single touch.

The kitchen is the heart of your life at home – and let's face it, sometimes life gets messy. With GROHE's innovative EasyTouch faucets sticky fingers won't slow you down and cross-contamination is a thing of the past. Hidden GROHE technology lets you start and stop the flow of water with a single tap of your arm, wrist or the back of your hand, anywhere on the spout. No more greasy fingerprints or struggling to turn a lever with your elbow.

### EASYTOUCH

Just touch the faucet at any point with your wrist, elbow or just your fingertip to turn the faucet ON and OFF.

## TYPES OF SPOUTS

Our range of spout options let you combine comfort and convenience with great design flexibility. Our spouts come in a variety of heights, from a compact low spout for small spaces to a high spout perfect for filling pots, as well as in a choice of U, C or L-shape to perfectly suit your style. Need even more flexibility? Our spouts that swivel or feature pull-down spray heads offer extra reach, power and performance for busy kitchens.

# POWERFUL SPRAY FUNCTIONS

Get some power behind your daily tasks with GROHE's range of professional and pull-out sprays. Enjoy an increased operating radius for maximum convenience, and on many models you can also switch between two spray functions for even greater flexibility. The GROHE EasyDock function with glideflex hose ensures the spray docks smoothly back into position, and on some professional spray models GROHE EasyDock M uses a magnet to guide the spray head back into place effortlessly, every time. When your work is done enjoy the easy-clean advantage of GROHE's SpeedClean feature – available on all pull-out sprays with two spray functions – that lets you clean limescale from the head with a simple sweep of your finger.

## PROFESSIONAL SPRAY

Features a 360° spring arm and easy switching between the spray and mousseur.

## GROHE STAINLESS STEEL

On every sink model GROHE uses stainless steel graded above the industry average. One can choose from standard AISI 304 stainless steel or even sink models with AISI 316 steel which is known as the "marine steel". GROHE's innovative brushing technique ensures a sparkling and ultra smooth surface. As a result users will enjoy a sturdier sink that is much easier to clean and less vulnerable to rust and corrosion.

# GROHE **SUPERSTEEL**

## **SUPER LOOKS – SUPER RESISTANCE**

To fulfil its purpose, a kitchen fitting needs to be resistant. GROHE's SuperSteel surface more than fits this bill. In fact, the innovative PVD coating is ten times more scratch-resistant than chromium. The silk-matt stainless steel surface not only looks unbelievably good, but also demonstrates its resistance in daily use. Fingerprints on the surface? Not here. And nowhere on the surface for microbes and bacteria to lurk either, which greatly reduces the microbial count. So the surface of the fitting stays hygienically clean, day after day.

# GROHE PVD

## UNRIVALED HARD AND SCRATCH RESISTANT.

### MADE-TO-LAST SURFACES RANGING FROM PRECIOUS MATT TO SHINY LIKE A DIAMOND.

GROHE faucets are made to look as beautiful decades on as they did the day you first fell in love with them. The special recipe to success lies in our long-lasting surface quality. GROHE uses state-of-the-art technology to deliver exceptional quality finishes. The physical vapour deposition (PVD) process ensures that the surface composition is three-times harder, delivering glistening gold or sophisticated stainless-steel finishes. As well as being harder, the surface is also ten times more scratch resistant, so it can be cherished for a lifetime.

# WATER SYSTEMS

Water is the source of life, fresh, free-flowing and essential. Our range of water systems offers a tailored drinking experience of purity and convenience that will turn water into a source of health and enjoyment in your home.

# GROHE **BLUE**

Enjoy the benefits of fresh filtered water wherever you are. In the comprehensive GROHE Blue range you'll find models designed for every situation – get filtered, still or sparkling water on tap in your own kitchen. Just need filtered water in your kitchen? Then our entry-level tap is the perfect choice. All versions of GROHE Blue come with the same sleek modern design values, intuitive operation and convenience built in.

## GROHE BLUE **PURE**

The perfect choice for the entry level.  
Just perfectly filtered water.

## **FIND OUT THE WAYS IN WHICH GROHE BLUE BRINGS BENEFITS TO YOUR HOME:**

Imagine drinking water fresh from a mountain spring – life-affirming, thirst-quenching, and absolutely pure. Now imagine the same health-giving, untainted water flowing directly from your own kitchen faucet. The GROHE Blue water system makes this a reality in your own home. It transforms ordinary tap water and filters it, leaving a taste as fresh and pure as nature intended.

Whatever your idea of perfect water refreshment – filtered, chilled, sparkling or all three – GROHE Blue brings it to you straight from the faucet.

## TASTE

GROHE's filters remove impurities to give water a pure, fresh taste that even beats bottled water

## HEALTH & WELLNESS

removing even small particles but leaving behind precious minerals, GROHE Blue makes it easy to embrace the health-giving properties of water

## CONVENIENCE

no more carrying heavy bottled water home

## SUSTAINABILITY

kinder to the environment, with less waste on packaging and processing compared to bottled water

## **HEALTHIER LIVING FROM THE SOURCE**

Water is the most precious and fascinating element on earth, the source of life itself, with proven benefits for our health, wellbeing and even appearance. The "Deutsche Gesellschaft für Ernährung" (German Nutrition Society) recommends that we drink at least two litres of water each day.

Many of us opt to buy bottled water, either because it tastes better than tap or because we believe it is healthier than tap water. However scientific analysis has proved that, due to strict regulations and controls on our drinking water supplies, tap water is at least as good as bottled.

## **CONVENIENCE ON TAP**

Think for a moment about the energy and hassle it takes to keep a supply of bottled water on hand at home. You have to buy it from the supermarket, then lug it from the car to your house. Once there you have to find space to store it out of sight. And when you've finished it you have to return or recycle the plastic bottles, before starting the whole process again.

By installing a GROHE Blue system in your kitchen you can say goodbye to the hassle and inconvenience of bottled water with no compromises on taste or health. Just turn the tap and enjoy an unrivalled refreshment experience. What could be easier than that?

## **WATER NEEDN'T COST THE EARTH**

It takes an astonishing 7 litres of water to produce a single litre of bottled mineral water. Not to mention the energy used, CO2 emissions created and the 1.5 million tons of plastic packaging used by the industry each year.

At GROHE we are always working to secure the future of water, our most precious natural resource. This is the driving force behind the development of such products as GROHE Blue, which help people manage their water and energy consumption with ease.

# GROHE BLUE

## BWT FILTER TECHNOLOGY

### The most precious resource in the safest hands.

Tap water is now transformed into safe, pure refreshment, using the innovative GROHE Blue Ultra-Safe product range. GROHE Blue Ultra-Safe filters the water with technology supplied by BWT and then cools it down to the ideal temperature for you to enjoy. The GROHE Blue Ultra-Safe filter removes bacteria and purifies the water by taking out chlorine and other unwanted substances to ensure the safest and freshest drinking experience.

# GROHE BAU

Water is used for cooking the world over. We need running water in the kitchen up to 90 times each day. We take it so much for granted that we often don't think of water when we hear the word 'kitchen'. We think of well-filled refrigerators, aromas wafting from the oven and of tables laid ready for dinner. But we forget what works hardest in the kitchen: the kitchen faucet. Something that is used this frequently must be durable – and since kitchens are increasingly becoming living spaces, it also has to look good. That's why ergonomics, functionality, aesthetics and durable finishes are so important in GROHE kitchen faucets.

# A GLOBALLY CONNECTED COMPANY

## **GROHE IS PART OF LIXIL – A GLOBAL LEADER IN THE HOUSING AND BUILDING INDUSTRY.**

Beginning back in early 20th century Japan, LIXIL is today the most comprehensive company in our industry, with a unique portfolio spanning everything from technologies that revolutionize how we interact with water, to a full lineup of interior and exterior materials and products for houses and major architectural projects. Operating in 150 countries, LIXIL companies design and manufacture products that are used by more than a billion people around the world every day.

**The world is changing rapidly, and LIXIL companies are helping to shape it.** Across our brands and technologies, we design and manufacture tomorrow's living solutions, today. From developing smart innovations in people's homes and offices, to redefining the world's most famous city skylines, LIXIL products are transforming the spaces in which we all work, learn, travel, relax, and live.

**Alongside GROHE in LIXIL's family of world-class brands are American Standard, INAX, DXV by American Standard and Permasteelisa.** Combined, our brands make us number one in faucets and plumbing-related products worldwide and Japan's premier provider of housing products. We're leading the way in many other areas around the world, thanks to our shared focus on creating innovations that genuinely improve people's lives.

**Together we're stronger.** Combining our GROHE expertise as a world leader in sanitary fittings with the unique technology and insights from LIXIL's other Water Technology brands, GROHE now offers complete bathroom solutions, featuring innovative products like shower toilets and SmartControl showers, alongside revolutionary technologies such as AquaCeramic sanitaryware that stays clean for 100 years. Beautiful, functional and reliable, LIXIL's products and solutions are changing the way people live, all over the world.

**Together, we share a powerful vision of a better tomorrow, for our customers and for the world.** As a truly global manufacturing company, we know that we have an important part to play in securing the future of our planet. We're leading the way in areas such as energy efficiency and water saving technology and aim to achieve a net zero environmental footprint by 2030. We believe everyone should have access to clean and safe sanitation, and are committed to using our expertise to help make this possible.

**Together we're creating the future of good living for everyone, everywhere.**
