# INTELLIGENT CARE

REDEFINING A NEW LEVEL OF HYGIENE  
**GROHE SENSIA ARENA**

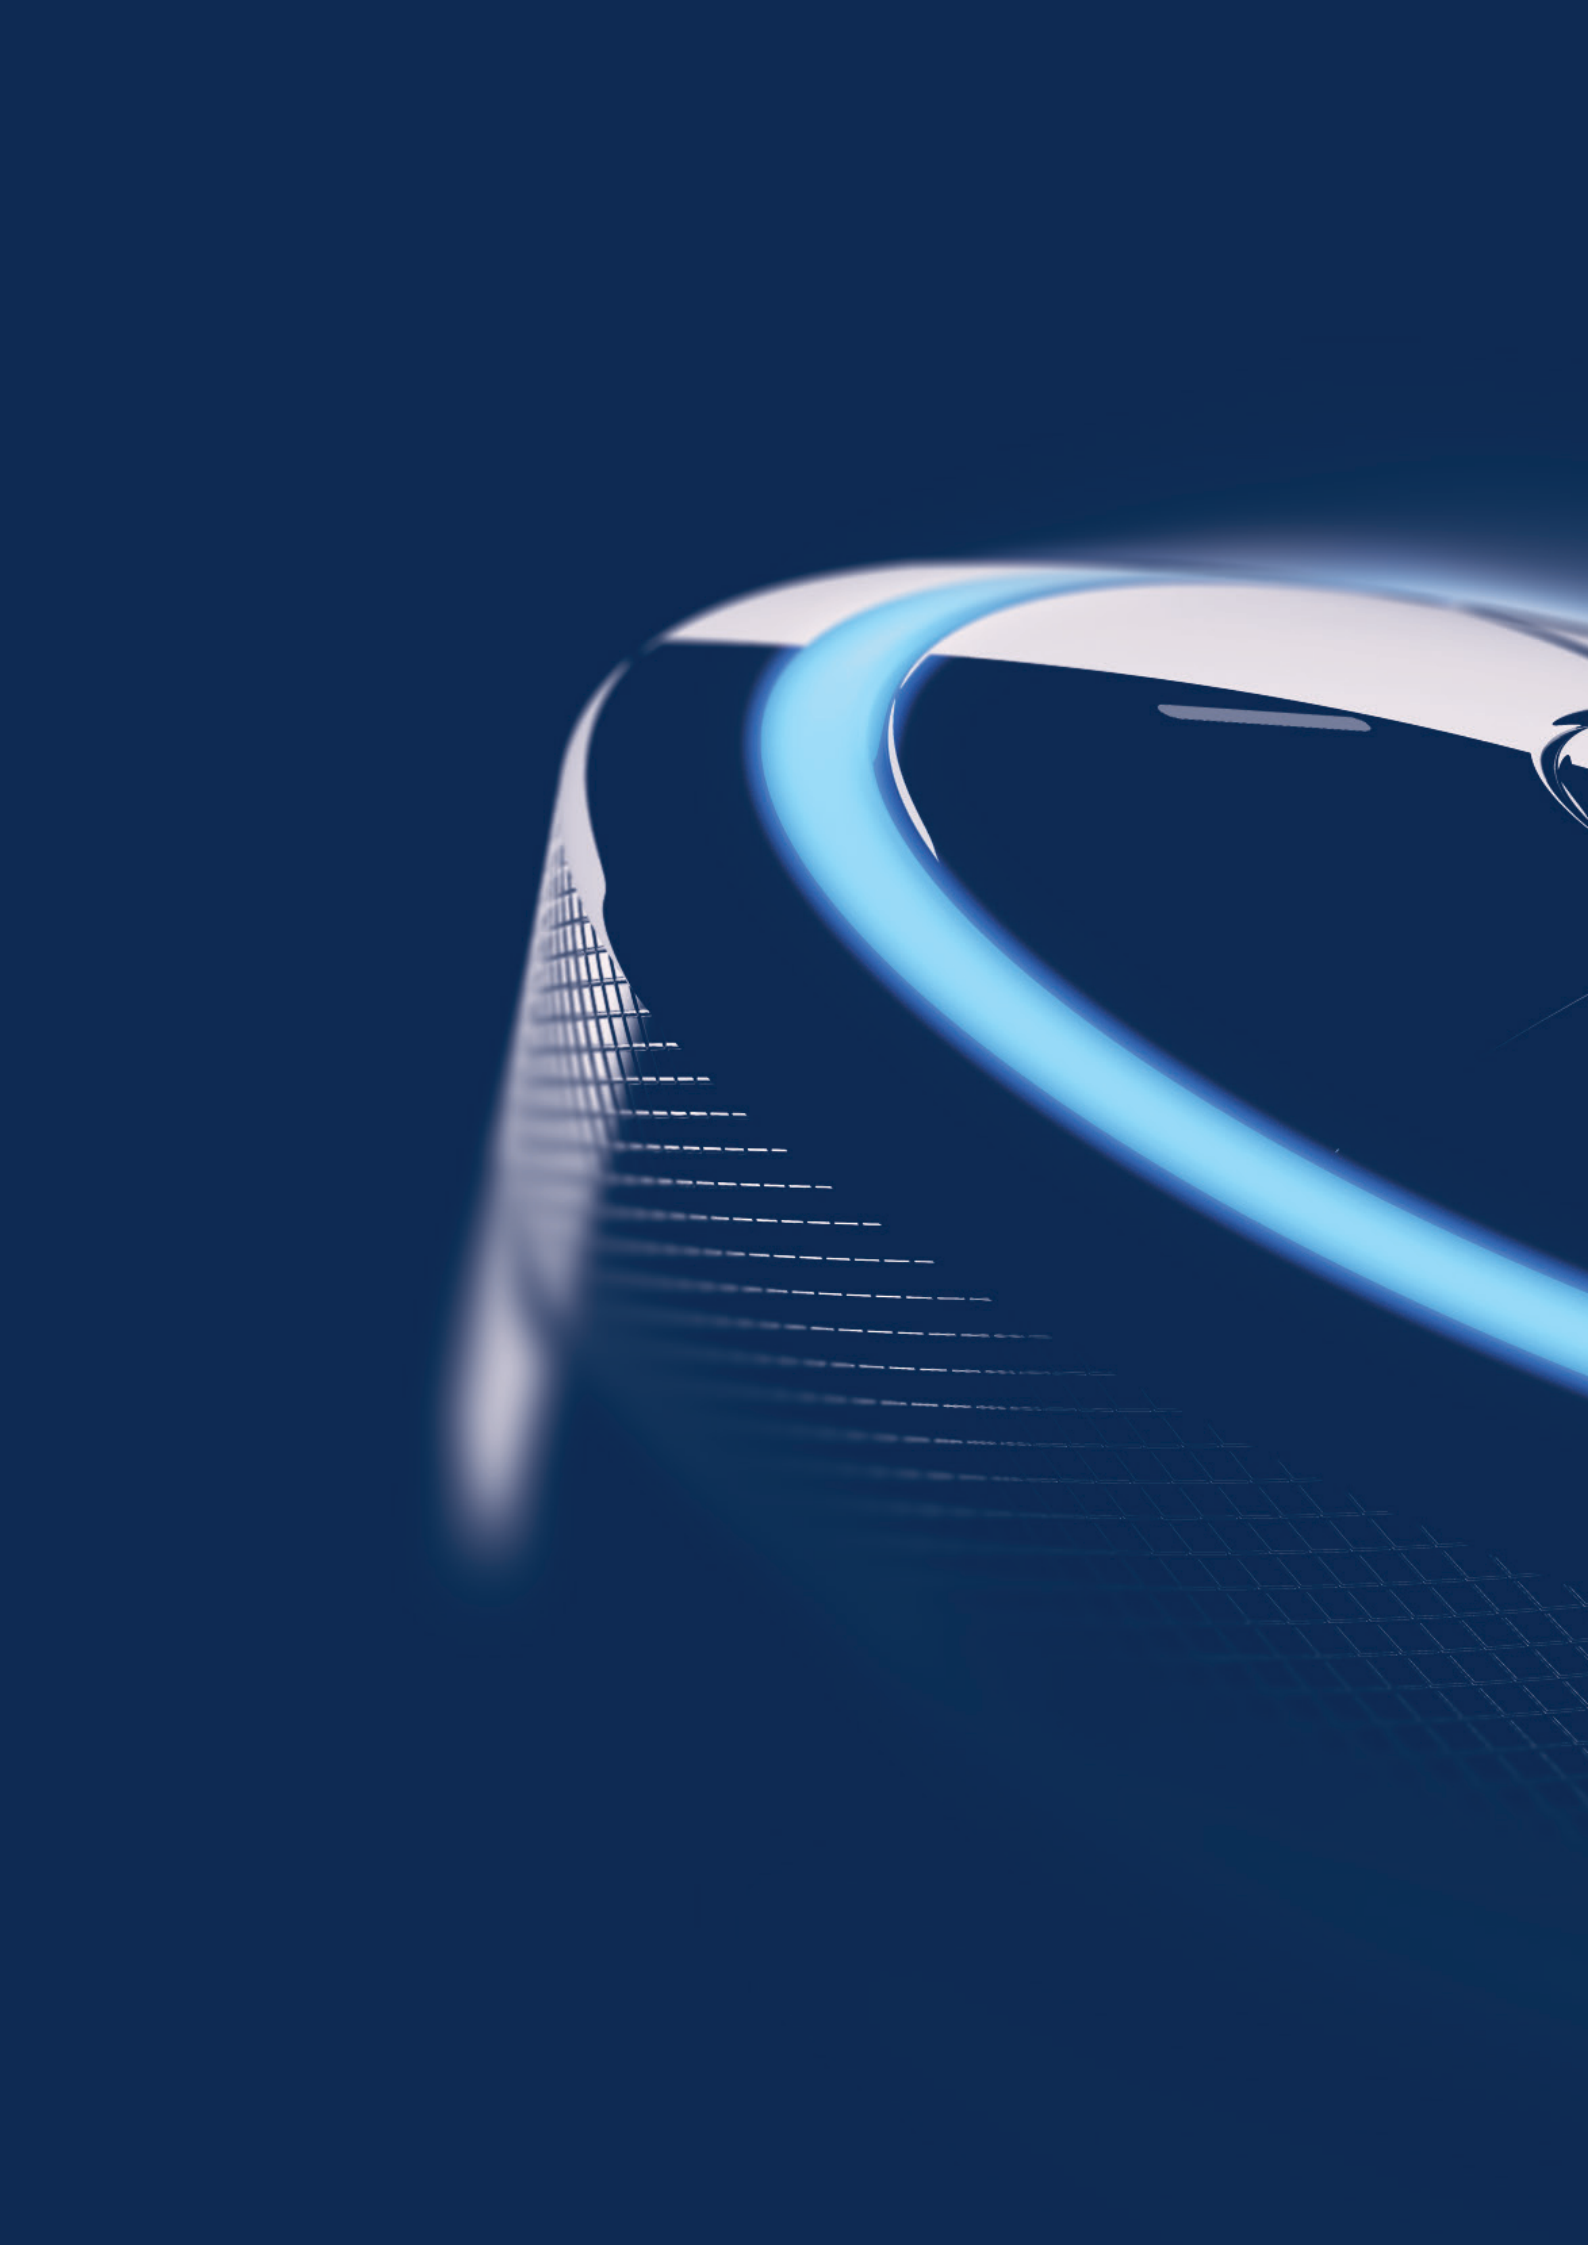

# THE NEW STANDARD FOR PERSONAL HYGIENE

The world is evolving continuously. Some cars drive with zero emissions, others can drive themselves thanks to scientific breakthroughs. Smartphones and apps become more and more integral to our daily routine, using smart technology to monitor our physical wellbeing. GROHE wants to take the next step in sanitary care, by enhancing your daily routine with Intelligent Care. A new and revolutionary product category that respects our evolved sense of body and self. The technology and design of the Sensia Arena takes care of some of your most private moments, inviting you into a new dimension of wellbeing and cleanliness.

WHEN **GERMAN**  
DESIGN...

A close-up, artistic photograph of a Grohe faucet handle. The handle is made of a highly reflective, polished metal, likely chrome, which creates sharp highlights and deep shadows. The word "GROHE" is engraved in a bold, sans-serif font, with three wavy lines underneath it. The background is a soft, out-of-focus blue, suggesting a bathroom setting. The lighting is dramatic, emphasizing the metallic texture and the sleek design of the fixture.

# ...AND **GERMAN** ENGINEERING...

GROHE's people have been regarded by their peers in the industry because of their innovations, outstanding design and award-winning fittings.

By a combination of their advanced craftsmanship and their cutting-edge approach to effective teamwork and processes, our experts take the lead in developing, designing and manufacturing our outstanding product range, all the while testing and fine-tuning each piece to ensure continued customer satisfaction.

# ...MEETS **JAPANESE** SPA CULTURE

Would you eat raw fish without knowing something of the culture and tradition of sushi? We have learned so many things from Japan's culture: bathing rituals, eating rituals, manufacturing processes. We studied their advanced sanitary customs and technological know-how and now introduce a new and revolutionary sanitary concept based on breakthrough technology. A technology that cares intelligently and that will change your life – at least, an essential and most private part of it.

# REDEFINING A NEW LEVEL OF HYGIENE

Fully packed with leading-edge hygiene features, let the new GROHE Sensia Arena broaden your horizons about what hygiene really means, while also providing you with the ultimate in feel-good personal cleansing.

# GROHE PRESENTS SENSIA ARENA THE CLEANEST EVER

Enjoy the feeling of lightness and wellbeing that a personalised cleaning routine can bring you. Sensia Arena impresses with innovative functions, such as GROHE SkinClean and GROHE HygieneClean. Discover the difference it can make to your day.

# DESIGN THAT CARES

Good design should be instinctive to use, with form and function marrying perfectly to create objects that make you feel instantly at home. Our design for the new GROHE Sensia Arena is pure and fuss-free. We've designed it with clean lines that leave dirt nowhere to hide, its smooth shape a model of discreet elegance. It includes details that will give you a subtle sense of comfort, from the nightlight that guides you through the bathroom after dark to the automatic open and close feature of the lid, each one carefully thought out to make you feel looked after and secure. For its sleek silhouette to its technologically advanced finish we believe that with the GROHE Sensia Arena we've set the benchmark for the future of personalized, clean comfort.

## YOUR SHOWER TOILET – YOUR CHOICES

At GROHE we know very well that no two people are the same. You expect your bathroom shower to be adjustable to exactly the way you like it, and the GROHE shower toilets are just the same. The Sensia Arena offers you the luxury of total control over your cleansing. Simply select your preferred settings either on the side panel of the seat or with the convenient remote control. You can even programme your preferences to your individual profile in the smartphone app, meaning your Sensia Arena recalls exactly the sort of care you prefer, every time.

## YOUR SENSIA ARENA LETS YOU CONTROL:

your desired water temperature. Fresh and cool or warming comfort, the temperature of the cleaning spray is up to you.

unlimited warm water. Thanks to the shower toilet's instant heating system you can enjoy constant, unlimited warm water for your complete comfort.

your preferred spray pressure. From soft and soothing to a forceful spray, pick the power setting that suits you.

your ideal spray position. Adapt the exact spray arm position for great performance every time.

## TWIN SHOWER

With one spray arm for the rear spray and a separate spray arm for the Lady Shower, you can be certain that both are perfectly hygienic and positioned perfectly to suit your needs.

## OSCILLATING SPRAY

The spray head moves in a gentle forward and backward motion for an extended cleaning area and extra freshness.

## MASSAGE SPRAY

The massage spray allows you to alternate between soft and strong spray strength – for a soothing pulsating massage effect.

# 02 MAYBE THE **CLEANEST PLACE** ON EARTH

Put your trust in ultimate hygiene – the GROHE Sensia Arena incorporates different innovative technologies that all work together to give you a 100% hygienic toilet. From the design of the bowl to advanced coatings that offer triple protection from dirt, bacteria and limescale, you can be sure that your toilet is always sparkling clean and with minimum effort.

# INNOVATIVE DEVELOPMENTS FOR ULTIMATE TOILET HYGIENE

## GROHE HYGIENECLEAN

Outstanding hygiene features provide ultimate cleanliness. Combining our leading-edge anti-stick coating AquaCeramic and the HyperClean glaze that prevents the growth of 99.9% of germs you can be confident that your ceramic will stay clean for 100 years.

## PLASMACLUSTER

Positive and negative ions are released inside the toilet bowl, oxidising and eliminating bacteria for a germ-free environment.

## AQUACERAMIC

Creates a smooth hydrophilic layer on the ceramic surface that dirt and limescale can't stick to. Makes your toilet 100 years clean!

## HYPERCLEAN

This exceptionally smooth and hardwearing glaze uses silver ions to prevent 99.9% of bacteria growth, keeping your ceramic sparkling clean and germ-free.

## GROHE POWERFLUSH

Strong vortex action creates a high-suction force for an extra-powerful flush, thoroughly cleaning all corners of the toilet bowl.

## TRIPLE VORTEX

Three water outlets create a powerful vortex effect with each flush, covering and cleaning every corner of the bowl for ultimate hygiene.

## RIMLESS TOILET BOWL

The rimless toilet bowl allows easier cleaning. No dirt collects on the rim, and the interior of the bowl is clean and bright.

## AUTOMATIC CLEANING

Spray arm heads are cleaned before and after each use.

## ANTI-BACTERIAL SPRAY NOZZLE

Made from 99.9% anti-bacterial material, certified by the SIAA, the spray nozzle stays germ-free at all times.

## ANTI-BACTERIAL NOZZLE GUARD

The spray arms are protected behind a removable 99.9% anti-bacterial nozzle guard for total hygiene.

## EXCHANGEABLE SPRAY HEAD

The spray arm can be easily replaced.

## QUICK – RELEASE SEAT<sup>1</sup>

A special hinge allows easy removal of the toilet seat for cleaning.

<sup>1</sup>Only seat lid can be taken out

# PLASMACLUSTER INNOVATIVE BACTERIA ELIMINATING TECHNOLOGY

GROHE  
HygieneClean

## GROHE PLASMACLUSTER ELIMINATES GERMS ON CONTACT

Our radical PlasmaCluster air disinfecting technology actively eliminates bacteria inside the bowl and on the ceramic surface. The PlasmaCluster releases positive and negative ions inside the toilet bowl. These attach themselves to bacteria, oxidising them and making them safely inactive for a germ-free environment. Airborne ions already exist in nature, making this a completely natural and proven safe feature.

# ULTIMATE HYGIENE FOR 100 YEARS WITH AQUACERAMIC AND HYPERCLEAN

GROHE  
**HygieneClean**

grohe.com

## AQUACERAMIC DOUBLE THE PROTECTION FROM IMPURITIES

It creates a smooth surface that impurities can't stick to, meaning impurities or residues cannot attach to the bowl and the powerful triple vortex flush easily cleans with one flush. This innovative surface treatment works in two ways – it uses a hydrophilic layer to prevent residues sticking to the bowl, and it uses nano-technology to prevent limescale latching onto the surface and attracting dirt and grime. The AquaCeramic surface is coated after firing and lasts more than 100 years! Even scrubbing won't wear it off. Alongside GROHE's HyperClean finish it locks out impurities and bacteria for good, making cleaning minimum of effort and maintaining the sparkling, fresh-from-the-box finish.

## HYPERCLEAN NO CHANCE FOR BACTERIA TO GROW

Take confidence that your bathroom is hygienic and clean with HyperClean, which uses naturally anti-bacterial silver ions to inhibit germs and prevent stains and odour. During the glazing process this exceptionally smooth and hardwearing finish is added which prevents 99.9% of bacteria growth, meaning your ceramics stay sparklingly clean and germ-free with the minimum of effort. Take peace of mind from this feature, certified by the Society of Industrial Technology for Antimicrobial Articles, guaranteed to make your bathroom a safer, cleaner and germ free place for you and your family.

## EASILY CLEAN – WITH ONE FLUSH

**with**

**without**

Ceramic materials proudly feature the SIAA (Society of Industrial Technology for Antimicrobial Articles) brand mark based on ISO for KOHKIN – stringent criteria for the anti-bacterial effect and the safety of the agent.

GROHE  
**PowerFlush**

grohe.com

## TRIPLE VORTEX THE POWER OF THREE

Unlike other toilets, GROHE's innovative triple vortex flush system creates a powerful vortex of water that swirls to cover and clean the whole of the bowl. Despite its power, this effective flush has low water consumption, with a dual flush option that uses just 5l of water and only 3l for a short flush. Instead of one or two water outlets, the Triple Vortex system flushes from three outlets – one at the back, one at the side and one at the base of the bowl – creating an incredibly powerful flush that leaves nothing behind.

## RIMLESS TOILET BOWL LEAVES BACTERIA NOWHERE TO HIDE

Corners and crevices are playgrounds for bacteria, especially under the rim of the toilet bowl. That's why we've created the "rimless" bowl where every surface is easy to reach and minimum of effort to keep clean, even in the parts you can't see. In tandem with the triple vortex flush it makes this the cleanest toilet ever.

## BECAUSE CLEAN IS IN THE DETAIL

Every aspect of the GROHE Sensia Arena design has been carefully considered to make sure it's always hygienic and easy to clean. That means even the little details have been taken care of so you don't have to worry. The self-cleaning spray arms and nozzle guard are both made of anti-bacterial material, which is 99.9% bacteria-resistant and certified by the SIAA. Both have been designed to be easy to remove and replace for extra occasional cleaning.

### AUTOMATIC CLEANING OF SPRAY ARM

Before and after each use of the shower toilet, the automatic cleaning programme will run so you can have complete confidence that the spray arms and nozzles are clean and safe.

### ANTI-BACTERIAL SPRAY ARM

The spray arm is made from 99.9% anti-bacterial material, certified by the strict standards of the SIAA. So the spray head and arm remain germ-free at all times.

### EXCHANGEABLE SPRAY HEAD

Keep that safe feeling for years with the option to replace the spray head completely if needed.

### NOZZLE GUARD

The two spray arms are both protected inside the toilet with a 99.9% anti-bacterial nozzle cover, certified by the SIAA.

## WE'VE TAKEN CARE OF **YOUR PERSONAL COMFORT**

Take total control of your cleansing routine in three different ways. You can use the smartphone app, which lets you programme your own user profile effortlessly, reach for the intuitive remote, or use the simple control panel at the side of the seat. What could be more simple?

# SMART PROFILING FOR BEST PERSONAL COMFORT

## SMARTPHONE APP

Control your shower toilet and save your personal settings to your user profile for extra convenience via the GROHE Sensia Arena App.

## USER PROFILE MEMORY<sup>1</sup>

You can save different user settings and recall them every time when you use the toilet.

## REMOTE CONTROL

Access all functions by remote control, comfortably and intuitively.

## AIR DRYER

After a warm-water shower, the warm-air dryer provides fast and gentle drying.

## ODOUR ABSORPTION

As soon as you sit down on the seat, odour extraction is activated automatically.

## AUTOMATIC SEAT OPEN & CLOSE

When approaching the toilet, a sensor recognises your presence and the lid and seat open and close automatically.

## HEATED SEAT

The heated seat can be set to your desired temperature. It offers low power consumption and the highest safety standards.

## NIGHTLIGHT

The shower toilet is lit by a soft light in the dark to help you find your way.

## SOFT CLOSE SEAT

Both seat and lid have a gentle and quiet soft-closing mechanism.

## AUTOMATIC FLUSH

The moment you move away from the toilet, a sensor-controlled flush is actuated.

Download the **GROHE SENSIA ARENA APP**  
in the Apple App Store or in the Google Play Store.

# HOW INTELLIGENCE MAKES YOU COMFORTABLE

## GROHE SENSIA ARENA APP

Select and store all your preferred settings to your smart phone with the GROHE Sensia Arena App. The app lets you create individual user profiles so your ideal spray pattern, pressure and temperature are memorised, meaning you can enjoy your perfect personalised cleansing experience effortlessly, every time. Works with IOS and android.

## REMOTE CONTROL

Control every function of the GROHE Sensia Arena with the intuitive remote control, which can be wall-mounted within arm's reach. It makes controlling the GROHE Sensia Arena simple – just select your preferred spray, pressure and water temperature from the easy-to-follow menu.

## PERSONAL COMFORT

### AIR DRYER

Enjoy the ultimate warming comfort of an air dryer function, leaving you completely clean and dry.

### ODOUR ABSORPTION

Never worry about bathroom odours! Two vents keep any smells at bay – an airshield around the bowl surface seals the air inside the toilet, keeping odours in the bowl, while the other draws odours away completely through an active carbon filter.

### SEAT LID OPEN AND CLOSE

The toilet's sensor detects your presence, automatically opening the lid as you approach. You can preset automatic open and close, seat lid only or both seat lid and seat.

### HEATED SEAT

Everything about the GROHE Sensia Arena has been designed with your comfort in mind, right down to the seat. Our heated seat with temperature control has been designed to use low-wattage and is built to the strictest safety standards, to effortlessly enhance your Shower Toilet experience.

### NIGHTLIGHT

The GROHE Sensia Arena is there to look after your every need from start to finish. That's why we've included a soft nightlight to guide your way at night that comes on when the lid opens automatically.
