GROHE
WAVES

LIMITED LIFETIME WARRANTY

RESIDENTIAL PRODUCTS:

GROHE provides the following warranties on its products to the original purchaser installed in a residential application. This warranty is effective for all faucets sold after January 1, 1996.

MECHANICAL WARRANTY:

A Limited Lifetime Warranty is provided on all mechanical parts to be free from manufacturing defects in materials and workmanship under normal use for as long as the original purchaser owns their home.

ELECTRONIC FAUCETS, VALVES AND CONTROLS WARRANTY:

GROHE warrants that its electronic faucets, valves and controls to be free from manufacturing defects in material and workmanship under normal use for five (5) years from the date of purchase or for the original consumer owner.

FINISH WARRANTY:

A Limited Lifetime Warranty is provided on all GROHE product finishes to the original purchaser against manufacturing defects in materials and workmanship.

COMMERCIAL PRODUCTS:

GROHE warrants its products installed in a commercial application* to be free from manufacturing defects in materials and workmanship under normal commercial use for a period of five (5) years from the date of purchase by or for the original consumer owner. Commercial application is defined as installations in apartments and other rental units, non-residential facilities, hotels, commercial businesses and/or other public accommodations.

Replaced products or parts are warranted only for the period remaining under the initial warranty at the time of replacement. For Commercial warranties – standard batteries, Aquatunes, F-Digital, Grohe Blue® and Touch are not included in the warranty.

*GROHE warrants all wall carrier products installed in a commercial application to be free from manufacturing defects for a period of ten (10) years from the date of acquisition by original owner.

OUTSIDE USE:

Please note that our products are stringently tested against common use situations, however they are not tested in an outside environment in which products may be exposed to salt, temperature changes, harsh conditions or other weather-related elements that may affect finishes. It is critical to protect products from frost by removing during the winter months. Products used outside will be protected by one-year warranty only.

At the company's discretion, GROHE will repair or replace any part or finish that proves to be defective in material and/or workmanship under normal installation, use and service. Please note: warranties do not cover normal "wear and tear." For more information or to enter your claim, visit our website: <http://www.grohe.com/us/5685/services-for-you/warranties/>

Please allow 7 to 14 business days for warranty processing.

EXCLUSIONS AND LIMITATIONS:

This warranty is extended to the original consumer owner, but does not cover installation, labor charges or other incidental or consequential costs and shall not apply to any products or parts of products which have been:

- A) Repaired by unqualified persons or not using original GROHE spare parts or altered in any manner unless previously authorized in writing by GROHE; or
- B) Damaged as a result of misuse, negligence, accident or faulty installation or maintenance; or
- C) Installed or used in a manner contrary to GROHE's printed instructions; or
- D) Damaged by the effects of dirt, limescale or aggressive cleaners. This is the exclusive warranty by GROHE, which does not make any other warranty of any kind, including the implied warranty of merchantability. This warranty excludes all filter, cooler & heater parts and accessories; outdoor, marine applications, industrial, commercial, and business usage whose purchasers are extended a one (1) year limited warranty from the date of purchase, with all other terms of this warranty.

Proof of purchase (copy of your original receipt, purchase order or invoice), the date the product was purchased and the installation date will be required.

THIS WARRANTY IS LIMITED SOLELY TO THE ABOVE AND THIS WARRANTY AND ANY WARRANTIES IMPLIED BY STATE LAW WILL APPLY ONLY FOR THE APPLICABLE WARRANTY PERIOD SPECIFIED HEREIN. ALSO, GROHE WILL NOT BE LIABLE FOR ANY LOSS, DAMAGE, EXPENSE OR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND, WHETHER BASED ON WARRANTY, CONTRACT OR NEGLIGENCE AND ARISING IN CONNECTION WITH THE SALE, USE OR REPAIR OF THE PRODUCT. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF CONSEQUENTIAL DAMAGE OR LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. UNLESS OTHERWISE CONTRARY TO STATE LAW GOVERNING THE PURCHASE, GROHE'S LIABILITY WILL NOT EXCEED THE CONTRACT PRICE FOR THE PRODUCT CLAIMED TO BE DEFECTIVE OR UNSUITABLE.

U.S. SAFE DRINKING WATER

GROHE America, Inc. assures all of our customers that we test each and every one of our products to ensure they meet the safety standards accorded to by law. GROHE America, Inc. has always abided by all U.S. Safe Drinking Water and NSF 61 regulations concerning all potable water material and toxins in food and drinking water and continue to meet the new regulations outlined in the RLDWA and the NSF 61.

TERMS AND CONDITIONS OF SALE

PRICES:

Prices and terms are subject to change without notice.

FREIGHT:

Shipper reserves the right to ship merchandise by the method of our choosing. Shipments are FOB Roselle, IL. Freight pre-paid. No freight allowances on air, surface express, or parcel post shipments.

DELIVERIES:

GROHE is not responsible for delays in deliveries due to circumstances beyond its control such as fires, strikes, transportation delays, materials shortages, accidents or other contingencies of similar nature.

RETURNS:

Product may not be returned for credit or replacement without prior inspection and written authorization from GROHE. There will be a charge of 20% to cover handling and restocking for all authorized returns. A 30% charge will be assessed against any unauthorized returns, if accepted. Only merchandise currently appearing in GROHE's price list, which is in resellable condition, will be considered by GROHE for return or replacement.

For all returns/credits, please contact: us-returns@grohe.com

DEFECTIVE RETURNS GUIDELINES:

- All returns must be processed by the point of purchase location.
- Original Return Good Authorization form must be returned with defective product.
- Products returned with missing parts will not be accepted.
- Defective product claims will be paid by credit memo to the point of purchase location only. Debits will not be allowed.
- Parts are not eligible to be returned for credit.
- A copy of the homeowner's receipt must be included for any product being sent back for inspection.
- Normal wear and tear is not considered defective and will not be eligible for return.
- All product will be fully inspected. If the problem is not deemed a manufacturing defect, credit will be denied and the product will be returned to sender.

See Defective Return Authorization form for more details.

LABOR:

No labor charges of any kind will be allowed. Refer to GROHE's limited warranty.

CLAIMS:

All claims must be made within 10 days after receipt of goods.

DAMAGE OR LOSS:

Delivery to the carrier constitutes delivery to the customer.

Any claim for loss or damage in transit should be made promptly by the customer to the carrier. Our responsibility ceases when the goods are delivered in good condition to the carrier.

PRODUCT CHANGES:

We reserve the right to discontinue, alter, modify, or redesign products without liability for the obsolescence of customers' inventories.

GENERAL:

The possession of this price list by anyone will not be accepted by this Corporation (GROHE) as an obligation or offer to sell any goods listed herein. All prices herein quoted supersede all prior price lists and bulletins. Existing Trade Terms continue in effect.

No order, contract or agreement, will become an obligation of the Corporation until accepted, in writing, by the Home Office.

These Terms and Conditions shall be deemed to be a part of all such acceptances by the Corporation and shall supersede any conflicting provisions of customer's purchase order.

MOMENTS OF TRUTH AND FEATURES

Seven decades of research and development has resulted in a range of products that are renowned worldwide for their technical excellence and longevity. Throughout this price list you'll find references to our water technologies, all of them developed to make your experience with GROHE different, special and better.

GROHE SilkMove®

Smoothest handling for effortless precision and ultimate comfort for a lifetime.

GROHE StarLight®

Made to last surfaces ranging from precious matte to shiny like a diamond.

GROHE CoolTouch®

No scalding on hot surfaces thanks to 100% GROHE CoolTouch®.

GROHE TurboStat®

Always the right temperature, for the utmost convenience and safety.

GROHE EcoJoy™

Save precious resources and enjoy 100% water comfort.

GROHE DreamSpray®

Innovative quality showers for luxurious revitalization and wellbeing.

GROHE Digital®

Intuitive digital technology at your fingertips.

GROHE Whisper®

Innovative water technology delivering whisper-quiet acoustics.

GROHE FeatherControl

The joy of effortless fingertip control and long lasting silky smooth operation.

GROHE QuickFix®
Faster, easier and hassle-free,
GROHE QuickFix® cuts installation
time by up to 40%.

SpeedClean®
Remove limescale with
a single wipe.

Foot Control
Just touch the bottom side of the
cabinet with a gentle tap of your
foot to turn the faucet ON and OFF.

Touch
Just touch the faucet spout with
your wrist, elbow or fingertip to
turn the faucet ON & OFF.

SmartControl
Choose your preferred water
outlet and adjust the water flow
as desired.

XL EasyReach Tray
Easy cleaning & maintenance with
removable shampoo and soap tray.

ABOUT GROHE

OUR BRAND

With 5,800 employees and a presence in more than 130 countries, GROHE is the world's leading provider of premium faucet and shower products, offering "Pure Freude an Wasser" ("Pure Joy of Water") to discerning customers across the globe.

WHY GROHE?

Quality, design, sustainability and technology: GROHE's four brand values that illustrate our commitment to creating exceptional experiences. Our award-winning designs and unparalleled quality ensure that every time you turn on a GROHE faucet or step into a GROHE shower, you can feel the difference.

AWARD-WINNING DESIGN

Industry-leading design is fundamental to the GROHE brand. This, together with our consumer-centric approach and unwavering commitment to quality, ensures our products function as beautifully as they look. GROHE offers premium products in traditional, transitional and modern design styles to accommodate varying tastes and budgets.

The GROHE Design Team, located in Dusseldorf, Germany and led by SVP Paul Flowers, was honored with the highest accolade in the field of product design—the reddot Design Team of the Year. GROHE is the only company in the sanitary industry to receive this award, and the only company in the industry to have an in-house dedicated design team. Past winners have included Apple, Bose, BMW, Sony and Porsche—we're in good company! GROHE now has an impressive 27 reddot awards, including five coveted "Best of the Best" awards for product design. The team's design expertise continues to garner recognition and honors around the world.

SUSTAINABILITY

GROHE translates active eco-mindedness into comfort and convenience your conscience can live with. Economical water usage and resource-sustaining production are prevalent in each stage of our development and design process. In GROHE factories, up to 99% of waste material is recycled, energy consumption is minimized and excess heat is reused. We use brass from our own foundry, allowing us to use recycled material internally.

Our packaging also reflects our ecological approach, making design adjustments to minimize packaging materials to significantly reduce carbon emissions.

GROHE encourages sustainable living through innovation. GROHE Blue® Chilled & Sparkling provides filtered, chilled, and sparkling water directly from your tap, eliminating the need for plastic bottles. This water offers users the opportunity to reduce greenhouse gas emissions by at least 25 to 50 percent over bottled mineral water and conventional water dispensers.

reddot design award
design team of the year 2011

PERFECTLY ENGINEERED

Life testing is at the core of GROHE's commitment to quality. For instance, test criteria for the GROHE SilkMove® faucet cartridge includes actuation force, lever play, precision and water tightness with robots turning a faucet on and off 210,000 times and from hot to cold 140,000 times. All this to ensure that the "life" and high performance of a GROHE product is exceptionally long.

In a challenging mechanical endurance test for single lever faucets, GROHE went up against nine products of other renowned international manufacturers. The result – GROHE was the clear test winner*. This success can be attributed to the unique GROHE SilkMove® Technology. Benchmark standards that continue to define quality for the rest of the industry.

GERMAN QUALITY AND PRECISION ENGINEERING

GROHE'S products come with a seal of exceptional quality. All products, components and finishes undergo vigorous testing that simulates the effects of 20 years' daily use with hard water—the toughest testing procedures in the industry. That we outperform our own as well as international quality standards ensures GROHE's products last well beyond those of our competitors.

GROHE TECHNOLOGY

Ongoing investment in research and development allows us to turn world-leading technologies for bathrooms and kitchens into reality. Our products have been created to last a lifetime, to be both easy and intuitive to operate and to make the use of water a pleasure.

* Tests conducted by TÜV SÜD Product Service GmbH, Germany, a globally acknowledged certifier and major international service group with decades of testing and certification.

GROHE ICONS

ADA/Handicap Symbol

All products displaying this symbol comply with the applicable ADA requirements as stated in the American with Disabilities Act of 2010.

California Energy Commission

The California Energy Commission or CEC enacted California Title 20 Water Efficiency Standards in 2015 to address severely depleted water supplies throughout the state. The CEC's water efficiency standards are comparable or lower than the CALGreen code and WaterSense program standard.

MAP Symbol

All products displaying this symbol are protected by GROHE's UNILATERAL SUGGESTED MINIMUM ADVERTISED PRICE PROGRAM (USMAPP).

SR Symbol

All products displaying this symbol are eligible to earn points in Enjoy Rewards, GROHE's showroom sales based rewards program.

WaterSense

All products displaying this symbol are recognized by the Environmental Protection Agency's partnership program, WaterSense and offer significant water savings while meeting strict performance standards including CALGreen building code standards.

GROHE BLUE®

GROHE WATER SYSTEMS

Filtered and fresh, cool, still, or sparkling water. It's your choice with GROHE Blue® Water Systems. Instant access to great-tasting water from the convenience of your kitchen faucet whenever you want it – 24 hours a day, 7 days a week.

MORE TASTE

GROHE Blue® water systems feature a revolutionary high-performance filter that removes the impurities that affect the taste and odor of ordinary tap water.

COOL TECHNOLOGY

Turning ordinary tap water into pure refreshment is made possible by GROHE's advanced technology and innovation. GROHE Blue® Pure and GROHE Blue® Chilled & Sparkling filters water and cools it to the perfect drinking temperature directly from the faucet. GROHE Blue® Chilled & Sparkling serves you still, lightly sparkling or full sparkling water.

LESS ENVIRONMENTAL IMPACT

GROHE Blue® Pure and GROHE Blue® Chilled & Sparkling combine convenience and a healthy lifestyle in an environmentally-conscious package. Compared to the pollution and energy consumption caused by filling and transporting bottled mineral water, filtering tap water has a negligible environmental impact. GROHE Blue® products save resources and money, since seven liters of water are needed to put just one liter of bottled water on a supermarket shelf.

GROHE BLUE® ACCESSORIES

GROHE BLUE®

		Product #	Handle #	Color/Description	Price
	GROHE Blue® filter Carbon filter for regular water hardness	40 404 001  		Size S: 158.5 gallons (600 liters)	\$86
	<ul style="list-style-type: none"> • Improves water taste & reduces water hardness • Filters chlorine, organic compounds such as trace substances of pesticides and reduces heavy metals like lead, copper, iron or zinc • Filtration technology: activated carbon + ion exchanger resin 	40 430 001  		Size M: 396.25 gallons (1500 liters)	112

GROHE ESSENCE NEW

reddot design award
winner 2015

Dual Spray with Toggle Function

Easily switches between regular water flow and high-performance spray without turning off the water

Comfort Height

Height of the spout allows easy filling of large pots.

EasyDock

Guaranteed easy retraction and smooth docking for your pull-out spray head, every time.

Integrated Temperature Limiter

Can be individually set to the desired maximum water temperature to prevent scalding

Delicate Design

Elegant design due to small body diameter and new slim 28mm cartridge

Forward Rotating Lever

Prevents backsplash interference

GROHE SilkMove®

Smoothest handling for effortless precision and ultimate comfort for a lifetime

GROHE F-DIGITAL

GROHE
SPA

GROHE F-DIGITAL

EASY TO USE & INTUITIVE

Digital Shower Diverter
Pushing a button is all it takes to switch between the water outlets.

Select between water outlets - one at a time, one after the other or all simultaneously.

How Does It Work?
Radio signals from the digital controller send temperature and water volume changes to the thermostatic valve in the wall

GROHE EcoJoy™
Allows pausing the water flow. If pressed again within 30 seconds water flow restarts with the same flow rate and temperature.

Useful when shampooing - saving water and energy.

Warm-Up Mode
Pushing the Power/Pause Button for 2-4 seconds starts your shower in the Warm-Up Mode. Blue flashing lights indicate Warm-Up Active. When pre-set temperature is reached water supply stops automatically and the ring flashes blue again - now it is time to enter the shower area.

Activating the Warm-Up Mode on the remote controller placed outside of the shower make cold showers a thing of the past.

Memory Function
Pushing the Power/Pause Button for 2-4 seconds during the water supply, actual settings (temperature, flow rate, outlet) will be saved and recalled every time the faucet or shower is switched on again.

GROHE
GROHFLEX®

ONE ROUGH-IN DOES IT ALL

**Easy to install, easy to upgrade and easy to maintain.
A better universal valve system.**

Multiple functions/multiple trims – all designed to fit in one universal rough-in box. GrohFlex® provides the groundwork for any shower or tub/shower installation, making complex planning, ordering and installation easy and efficient. It simplifies rough-in construction – allowing work to proceed even without final function or trim selection. Plus, integrated service stops and an enhanced flushing system make for fast and easy installation/maintenance.

GROHE **RETRO-FIT™ SHOWER SYSTEM**

GROHE RETRO-FIT™ SHOWER SYSTEM

Transform a standard shower into a multifunctional, luxury shower

The Retro-Fit™ shower system is quick to install. There is no need to replace tiles or plumbing work behind the wall. The Retro-Fit™ system can be integrated into any style of bathroom and the base model allows you to pick the style of hand shower and shower head that suits your needs and bathroom decor.

GROHE POPULAR COMBINATIONS

Complete your shower system with these popular showerhead and hand shower options.

GROHE RAINSHOWER™ SMARTCONTROL

XXL pleasure with 100% control.

You can enjoy your shower with intuitive flow control - revitalizing or relaxing, stimulating or soothing. With the exact desired temperature at all times.

GROHE CoolTouch®

No scalding on hot surfaces thanks to 100% GROHE CoolTouch®

XL EasyReach tray to store shampoo & soap

Easy cleaning & maintenance with removable tray

GROHE SafeStop®

Set for 38° C/100° F

GROHE TurboStat®

GROHE TurboStat® ensures the water is always at the desired temperature

GROHE SmartControl

Push the button to start the shower

Push the button to start the shower.

Turn to adjust the water volume gradually from Eco to Full Flow.

Push again to stop or pause the shower. The volume is now preset when you restart.

Start/Stop & Volume

The innovative GROHE SmartControl technology lets you choose your preferred water outlet and adjust the water flow as desired. Operation is simple and easy for all the family – including children. That's Smart.

Temperature

GROHE TurboStat® technology lies at the heart of this shower system. The thermo-element's unrivalled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower.

Adjustable angle

GROHE PRESSURE BALANCE VALVE

Features And Benefits

The new GROHE Pressure Balance Valve combines shower safety performance with a plumbers choice of easy installation and great user experience thanks to the 265° comfort range. The GROHE Blue Core cartridge is proof of the German design and engineering.

Metal Support Brackets

Allowing quick and easy installation in particular when using pex piping

Integral Service Stops

Ensure easy service at the valve
(Available on 35 015 001, 35 064 001, 35 065 001)

Cartridge Fastening Nut

Quickly remove within seconds for access to the cartridge ideally for initial installation (sweating) and back to back installation when cartridge needs to be reversed

Solid Brass Inlet Connections (PEX, Sweat, NPT)

Fast and easy installation without adapters for most common piping connection reducing leak points

265° Comfort Range

Allows user to fine tune the perfect shower temperature

Blue Core Cartridge

The Blue Core Cartridge is proof of GROHE Quality and allows plumbers to easily identify the cartridge

Product Description:

Universal Pressure Balance Rough-In Valve

Standard Specification:

- Solid brass body
- One-piece cartridge design
- Reversible cartridge (back to back installation)
- 265° Temperature comfort range
- ASSE 1016 Compliant
- Support bracket
- Service stops (replaceable)
- Multiple built-in connections
 - $\frac{1}{2}''$ Sweat/NPT
 - PEX Expansion (1960)
 - PEX Crimp (1807)
- Separate valve direct sweat only
- Flow rate 4.0gpm @ 60 psi
- All exiting GROHE trims are compatible (Except the Arden® trim; new SKUs available) SKU# (19 311 xx1 / 19 312 xx1)
- Extension kit available (deep wall installation) SKU# 47 996 000

GROHE

F-DIGITAL DELUXE

The Configuration – Made Easy

To make planning your GROHE SPA® shower easier, you'll find on page 269 the extended product list, including all products that are fitted behind the wall.

Picture shows configuration with ceiling shower F-Series 15" Multispray (27 939 001)

A Unique Experience For All The Senses

Using a wireless Bluetooth connection, the GROHE SPA® app* and GROHE F-Digital Deluxe modules you can stimulate all of your senses with just a single touch of the hand – available for Apple and Android mobile devices.

* Available for free via iTunes app or Google Play store

TOUCH

With just one touch you can transform your shower into your own personal spa. Soft lighting, relaxing steam and your favorite music. You can stimulate all of your senses with just a single touch of the hand.

LIGHT

Color has a positive effect on our sense of well-being; but we all perceive colors differently. With the GROHE light modules, you can change the colors to suit your mood and enjoy a personalized chromotherapy experience while showering.

SOUND

There's nothing on this earth that moves us more than music. The perfect song or sound can fill us with joy, make us feel relaxed, recharge our batteries or help us forget our troubles. With the GROHE sound modules, you can now enjoy your favorite music while showering.

STEAM

Experience regeneration in its purest form with the GROHE steam modules. Gentle steam not only enhances our sense of emotional well-being, but also has a positive effect on the entire body. It opens the pores, detoxifies the body, hydrates the skin, and helps the muscles to relax.

NEW: Pure essential oils may be added to the steam outlet to enrich the mist providing an all embracing aroma and a truly relaxing experience.

GROHE

F-DIGITAL DELUXE

F-Digital Deluxe Large

If you have a larger space, why not build a larger shower? Use the extra space to install a full-width bench and then incorporate: the water, light, sound and steam for the complete F-Digital Deluxe experience. Experience true 3D showering with the Rainshower™ F-Series 20" ceiling shower lights, sound modules, and three side showers. Use the Grohtherm® F thermostatic panel to control the different sprays as well as the Sena hand shower.

43.5 psi (3 bar) minimum pressure
needed on hot and cold water
