## Chic Studio S Bathroom Faucet Collection Blends Urban-Inspired Design and Unique Functionality

*New American Standard Bath and Shower Suite Showcases Metropolitan Style; Offers Superb, Water-Efficient Performance and Simplified Installation*

LOS ANGELES, DWELL ON DESIGN (April 5, 2018) — An alluring combination of contemporary geometric lines and subtle design details, the new [Studio S collection of bath and shower faucets](#) from American Standard highlights thought-provoking styling and unmatched performance.

Showcasing a fashion-forward geometric silhouette juxtaposed with minimalistic surface details, the Studio S bathroom sink faucets include monoblock, widespread and vessel faucet configurations. Showering options include both Pressure Balance and Thermostatic valve options, diverter trims, and a drenching, generously sized 8-inch rain showerhead. Rounding out the collection are [smartly styled accessories](#) comprised of towel bars, a towel ring, robe hook and pivoting toilet paper holder.

Highlighting a unique, integrated handle, the American Standard Studio S monoblock faucet offers sleek design lines, plus water-saving performance.

The Studio S [single-lever](#) and [vessel](#) faucets feature a unique, nested handle design that eliminates the traditional gap when in the open position, showcasing clean lines and smooth operation. Designed to make a statement in any bathroom, the sleek, high-arc Studio S widespread faucet is offered in two handle options — [refined lever handles](#) or a [modern knob design](#).

The Studio S bath faucets incorporate pressure-compensating aerators to deliver a strong water flow while using a water-conserving 1.2 gallons per minute (gpm). These WaterSense-certified bathroom sink faucets provide 45 percent more water savings over standard 2.2 gpm models.

Designed for simplified installation, all Studio S bathroom sink faucets incorporate the exclusive Speed Connect Drain, an innovative pre-assembled system that never needs adjusting. Additionally, the smartly styled two-handle bath faucets save time and labor costs with the unique Speed Connect widespread installation system that can be dropped in from the top for easy hose connections. The sleek Studio S shower faucets feature brand-exclusive TRIMendous universal valve technology, a patented internal design that makes it straightforward to upgrade any existing American Standard bath/shower in-wall valve without having to rip out tile.

All pieces are available in a choice of three attractive, long-lasting finishes: polished chrome, brushed nickel and matte black (available July 2018).

The Studio S faucet collection is available at kitchen and bath showrooms nationwide. List prices range from \$278 - \$560.
