GROHE

FACTSHEET PLANT KLAENG

GROHE is the world's leading provider of sanitary fittings. For many decades, the global brand GROHE has relied on the brand values of quality, technology, design and sustainability to deliver "Pure joy of water".

GROHE is part of the LIXIL Group Corporation and benefits from the active knowledge transfer within the group and the opportunity to open up new product segments and develop innovations faster and more efficiently. LIXIL is the global market leader in the sanitary ware industry and residential building equipment.

GROHE PRODUCT PORTFOLIO

GLOBAL PRODUCTION NETWORK

GROHE owns a global production network that is based on German engineering as well as globally consistent high standards for the manufacturing of GROHE products. This enables GROHE to meet the most uncompromising demands in terms of finishing and functionality worldwide. Therefore, GROHE products bear the badge of quality "Made in Germany". Each plant is strictly specialised.
