

# Green Electricity Certificate

This document certifies that

GROHE Portugal – Componentes Sanitários. Lda.  
Zona Industrial de Areeiros – Apt. 167  
3850-200 Albergaria-a-Velha  
Portugal

is using 100% climate neutral produced renewable electricity according to the  
quality criteria of First Climate Markets AG

to cover the equivalent electricity consumption for the period of 01.09.2019 – 31.03.2020 of  
**15.000 MWh**

The use of this amount of renewable energy results in emission reductions of  
**7.050 t CO<sub>2</sub>**

and is based on Guarantees of Origin from the production of electricity from  
selected Spanish renewable energy plants.

Upstream emissions are being redeemed when becoming climate neutral.

Bad Vilbel, September 2019
