

Green Electricity Certificate

This document certifies that

GROHE Portugal – Componentes Sanitários. Lda.
Zona Industrial de Areeiros – Apt. 167
3850-200 Albergaria-a-Velha
Portugal

is using 100% climate neutral produced renewable electricity according to the
quality criteria of First Climate Markets AG

to cover the equivalent electricity consumption for the period of 01.04.2021 – 31.03.2022 of
20.000 MWh

The use of this amount of renewable energy results in emission reductions of
2.984 t CO₂

and is based on Guarantees of Origin from the production of electricity from
selected Spanish renewable energy plants.

Upstream emissions are being redeemed when becoming climate neutral.
