

Certificate

for

As part of its commitment to environmental responsibility,
GROHE AG in the year 2021 (01.04.2021 to 31.03.2022)
offsets

40,000 tonnes of CO₂e emissions

resulting from its business activities.

This certificate confirms that these emissions were offset by emission reductions
through the climate protection projects

**Providing safe water, Malawi
Hydropower project, India**

First Climate has permanently retired the corresponding emission reduction
certificates irrevocably from the market.

Bad Vilbel, April 2021

Dr. Jochen Gassner, CEO
